6. CARE AND MAINTENANCE

The HAPPYGRILL picnic table set is constructed from high-quality HDPE material, known for its durability and low maintenance requirements. The material is designed to be all-weather resistant, fade-resistant, and waterproof, preventing cracking or warping.

- **Cleaning:** Simply wipe down the surfaces of the table and benches with a damp cloth. For tougher stains, a mild soap solution can be used. Avoid harsh abrasive cleaners that may damage the surface.
- **Storage:** While designed for year-round outdoor use, storing the set in a covered area during extreme weather conditions (e.g., heavy snow, prolonged freezing temperatures) can extend its lifespan.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain structural integrity.
