## ANWOON DTHT25MG

# ANWOON Sound Machine with Light User Manual

Model: DTHT25MG | Brand: ANWOON

## 1. INTRODUCTION AND OVERVIEW

The ANWOON Sound Machine with Light is a versatile device designed to create a calming and conducive environment for sleep, relaxation, and focus. It features a robust 3-inch speaker housed in a sleek metal shell, delivering over 50 distinct sleep sounds. The integrated smart light offers adjustable colors and breathing frequencies to enhance your experience. This manual provides detailed instructions for setup, operation, and maintenance of your sound machine.

The ANWOON Sound Machine is available in multiple colors, featuring a sleek cylindrical design with a prominent top-facing speaker and intuitive controls. The main image displays the teal unit, with smaller insets showing silver and blue variations.

## 2. PRODUCT FEATURES

- **50+ Immersive Sleep Sounds:** Includes white noise, pink noise, brown noise, and a variety of natural sounds such as thunderstorm, rain, mountain stream, jet plane interior, fan, and ocean waves.
- **Adjustable Lighting Effect:** Features 7 color options and 4 breathing light frequencies to create a warm and comfortable ambiance.
- **High-Quality Audio:** Equipped with a 3-inch high-quality speaker and an aluminum alloy casing for excellent natural sound effects and minimal machine self-noise.
- **Convenient Timer Function:** Set the device to automatically turn off after 30, 90, or 120 minutes.
- **Bluetooth Connectivity:** Allows for streaming your own music or audio from compatible devices.
- **Optional 4-in-1 System:** Compatible with separately purchased Aroma Diffuser Box, Schumann Wave Box, and Essential Oils to enhance relaxation and well-being.

### IMMERSIVE 50+ SLEEP SOUNDS RELAXING EASIER! SLEEP BETTER!

Noises: White, Pink, Brown Noises; Sleep and Relaxing musics for: Adults, Baby, Kids;  
Natural Sounds: Thunderstorm Rain, Mountain Stream, Jet Plane Interior, Fan Sound, Ocean Wave Sounds.....

This image highlights the extensive library of over 50 sleep sounds, designed to create a relaxing environment. It visually represents various natural soundscapes such as flowing water, ocean surf, rain, forest sounds, and a campfire, all emanating from the central sound machine.

# ADJUSTABLE LIGHTING EFFECT AND NIGHT LIGHT

Create a warm resting and sleeping environment for you

7 Colors, 4 Breathing light frequencies

The sound machine features an adjustable lighting effect, serving as a gentle night light to create a warm and comfortable sleeping environment. The image shows the device emitting a soft glow on a bedside table next to a sleeping child.

Upgrade

The ANWOON Sound Machine can be expanded into a 4-in-1 therapy system with additionally purchased components. These include an Aroma Diffuser BOX for humidification and fragrance, and a Schumann Wave BOX for brain relaxation, enhancing the overall user experience.

### 3. SETUP

- 1. Unboxing:** Carefully remove the sound machine and all accessories from the packaging. Ensure all components are present: the sound machine unit, power adapter, and user manual.
- 2. Power Connection:** Connect the power adapter cable to the power input port located on the bottom of the sound machine. Plug the adapter into a standard 110V electrical outlet.
- 3. Placement:** Place the sound machine on a stable, flat surface away from direct sunlight, heat sources, and moisture. Ensure adequate ventilation around the device.
- 4. Optional Add-ons:** If you have purchased optional accessories like the Aroma Diffuser Box or Schumann Wave Box, refer to their respective manuals for installation instructions. These typically integrate into the designated slot on the top of the sound machine.

# GUIDE YOUR SLEEPING ROUTINE

Easier to fall asleep and sleeping better

\* Functions turn on/off independently and settings automatically memorize.

This diagram provides a clear overview of the sound machine's intuitive control panel, which is essential for setup and operation. It labels buttons for sound selection, light adjustments, diffuser and Schumann wave controls (if attachments are present), timer settings, play mode, volume, and track navigation, making operation straightforward.

## 4. OPERATING INSTRUCTIONS

Familiarize yourself with the control panel on the top of the device for optimal use.

- **Power On/Off:** Press and hold the power button (located on the front of the unit) to turn the device on or off.
- **Sound Selection:** Use the 'Sound' button to cycle through the 50+ available sleep sounds. The device will remember your last selected sound when powered on again.
- **Volume Control:** Use the '+' and '-' buttons to adjust the sound volume. The indicator lights around the speaker will reflect the current volume level.
- **Light Control:**
  - *Turn On/Off:* Briefly press the 'Light' button.
  - *Change Color/Mode:* Press and hold the 'Light' button to cycle through the 7 colors and 4 breathing light frequencies. Release the button on your desired setting.
- **Timer Setting:** Press the 'Timer' button to set the auto-off timer to 30, 90, or 120 minutes. The corresponding indicator light will illuminate.
- **Play Modes:** Use the 'Playmod' button to select between different playback modes: Single Loop, Sequential Play, or Shuffle.
- **Bluetooth Pairing:** To connect via Bluetooth, ensure the device is powered on. Activate Bluetooth on your external device and select 'ANWOON Sound Machine' from the list of available devices.

## 5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your ANWOON Sound Machine.

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry cloth to wipe the exterior of the device. Do not use

liquid cleaners or abrasive materials.

- **Speaker Care:** Avoid pressing on the speaker mesh. Keep it free from dust and debris.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place, preferably in its original packaging.
- **Optional Diffuser/Schumann Wave Modules:** If using these accessories, follow their specific cleaning and maintenance instructions to prevent buildup or malfunction.

## 6. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Device does not power on.	Power adapter not connected or faulty outlet.	Ensure power adapter is securely plugged into the device and a working electrical outlet. Try a different outlet.
No sound or low volume.	Volume too low or sound mode off.	Increase volume using the '+' button. Ensure a sound mode is selected and not paused.
Lights not working.	Light function is off.	Press the 'Light' button to turn on the lighting.
Cannot connect via Bluetooth.	Device not in pairing mode or too far from source.	Ensure Bluetooth is enabled on the sound machine and your external device. Keep devices within range (approx. 10 meters). Restart both devices.

## 7. SPECIFICATIONS
