Seventable Twin Size Bed Frame Instruction Manual

Model: hq-chj031-03 | Brand: Seventable

1. INTRODUCTION

Thank you for choosing the Seventable Twin Size Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

- This bed frame is designed for use without a box spring. Ensure your mattress is compatible.
- Do not exceed the maximum weight capacity of 900 lbs.
- Keep all small parts and packaging materials away from children during assembly.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten fasteners as needed.
- Do not stand on the bed frame or use it as a ladder.

2. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. A detailed list of all parts, hardware, and tools required for assembly is provided in the separate instruction guide included with your product. Each part is labeled with a serial number for easy identification.

3. ASSEMBLY INSTRUCTIONS

Assembly of the Seventable Twin Size Bed Frame is designed to be straightforward. Please refer to the detailed instruction guide provided in the packaging for step-by-step visual instructions. The general assembly process involves:

1. Unpacking all components and verifying against the parts list.
2. Assembling the headboard, including the storage shelf and integrating the LED light strip and charging station components.
3. Connecting the side rails to the headboard and footboard.

4. Installing the central support beam and support legs.
5. Attaching the wooden slats. The slats feature a Velcro design for simplified installation and secure fastening.
6. Assembling and inserting the storage drawers into the designated spaces beneath the bed frame.

Assembly can typically be completed in under 90 minutes. It is recommended to have two people for certain steps to ensure ease and safety.

4. OPERATING INSTRUCTIONS

LED Lighting System

The integrated RGB LED lighting in the headboard can be controlled via a remote control or a dedicated mobile application. This allows for customization of color, brightness, and lighting modes. Timers can also be set for automatic operation.

- **Power On/Off:** Use the designated button on the remote or app.
- **Color Selection:** Choose from a wide range of colors using the color wheel or preset options.
- **Brightness Adjustment:** Increase or decrease light intensity.
- **Mode Selection:** Select various dynamic lighting effects.
- **Timer Function:** Set specific times for the lights to turn on or off.

5. MAINTENANCE

- **Cleaning:** For upholstered surfaces, use a soft, damp cloth with mild soap if necessary. Avoid harsh chemicals. For metal parts, wipe with a dry or slightly damp cloth.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability and prevent noise.
- **LED Lights:** Ensure the LED strip and wiring are not pinched or damaged.
- **Drawers:** Keep the drawer tracks and wheels free of dust and debris to ensure smooth operation.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame makes noise (creaking)	Loose fasteners; friction between slats and frame.	Ensure all bolts are tightened. The design includes a mute sponge strip; verify it is correctly positioned to reduce friction.
LED lights not working	Power connection issue; remote/app problem.	Check if the power cord is securely plugged into an outlet and the headboard. Ensure the remote control has working batteries or the mobile app is correctly paired.
Charging ports not functioning	No power to the headboard.	Verify the bed frame's power cord is connected to a live electrical outlet.
Drawers do not slide smoothly	Obstruction in the track; damaged wheels.	Check for any items blocking the drawer's path. Inspect the wheels for damage or debris and clean if necessary.

7. SPECIFICATIONS

Feature	Detail
Size	Twin
Product Dimensions (L x W x H)	80.9" x 40.55" x 44.1"
Special Features	Lighted Headboard, No Box Spring Needed, USB Port, Type-C Port, Storage Drawers
