3. SETUP AND ASSEMBLY

Assembly of the YITAHOME Vanity Desk is required. Please ensure all components are present before beginning. An installation manual with detailed, step-by-step instructions and accessories is included with your purchase.

3.1. Unpacking and Inspection

1. Carefully unpack all contents from the packaging.
2. Verify that all parts listed in the included installation manual are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.
3. Lay out all components on a clean, soft surface to prevent scratches during assembly.

3.2. Assembly Process

Follow the step-by-step instructions provided in the dedicated installation manual. It is recommended to have at least two

people for assembly, especially when handling larger or heavier components like the mirror and main desk frame. Pay close attention to the orientation of parts and the correct use of hardware.

4. OPERATING INSTRUCTIONS

4.1. LED Mirror Operation

The integrated LED mirror features adjustable lighting to suit your preferences.

- **Power On/Off:** Locate the touch-sensitive button on the mirror surface. Tap once to turn the light on or off.
- **Changing Lighting Colors:** With the light on, tap the touch button repeatedly to cycle through the three available color temperatures: 6000K (Cool White), 4500K (Warm White), and 3000K (Warm Yellow).
- **Adjusting Brightness:** To adjust the brightness, press and hold the touch button. The light will gradually dim or brighten. Release the button when the desired brightness level is achieved.

4.2. Smart Charging Station

The vanity desk includes a built-in power strip for convenient access to power.

- **AC Outlets:** Two 125V/12A AC outlets are available for plugging in hair dryers, curling irons, or other small appliances.
- **USB Ports:** Two 5V/2A USB ports are provided for charging smartphones, tablets, and other USB-powered devices.
- **Power Connection:** Ensure the vanity desk's main power cord (5.0 feet in length) is securely plugged into a functional wall outlet.

5. MAINTENANCE

Proper care and maintenance will help prolong the life and appearance of your vanity desk.

- **Cleaning Surfaces:** Wipe down all surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive

cleaner. Avoid harsh chemicals or abrasive materials that could damage the finish.

- **Mirror Care:** Clean the mirror surface with a glass cleaner specifically designed for mirrors. Spray the cleaner onto a soft cloth first, then wipe the mirror to avoid overspray onto other surfaces.
- **Drawer Maintenance:** Periodically check the drawer slides to ensure they are free of debris and operating smoothly. If necessary, a small amount of silicone lubricant can be applied to the slides.
- **Electrical Components:** Regularly inspect the power cord for any signs of damage (fraying, cuts). Ensure the outlets and USB ports are clean and free of obstructions. Do not attempt to repair damaged electrical components; contact qualified personnel.
- **Stability Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your vanity desk.

Problem	Possible Cause	Solution
LED Mirror not lighting up	No power connection; Faulty outlet; Touch button issue	Ensure power cord is fully plugged in. Test the wall outlet with another device. Gently clean the touch button area.
Drawers not closing smoothly or sticking	Obstruction in slides; Misalignment; Loose hardware	Check for items blocking the slides. Verify drawers are correctly installed on their tracks. Tighten any loose screws on drawer slides or drawer boxes.
Power outlets/USB ports not working	No power to the vanity; Overloaded circuit	Confirm the vanity's main power cord is plugged into a live outlet. Check your home's circuit breaker. Avoid plugging in too many high-power devices simultaneously.
Vanity feels wobbly	Loose assembly hardware; Uneven floor	Retighten all assembly screws. Ensure the vanity is placed on a level surface. Use furniture pads if necessary to stabilize.
