Dreo DR-HHM006 Black

Dreo Humidifier Instruction Manual

Model: DR-HHM006 Black

Brand: Dreo

PRODUCT OVERVIEW

The Dreo 3L Top Fill Humidifier is designed to provide optimal humidity for your home, baby's nursery, or plants. It features a convenient top-fill design, quiet operation, and smart humidity control to ensure a comfortable environment.

Image: Drezo 3L Top Fill Humidifier, showcasing its sleek design and illuminated water tank.

Key features include a 3L tank for up to 30 hours of runtime, a 360° rotating nozzle for wide coverage up to 300 sq ft, and ultra-quiet 26dB operation in Sleep Mode. It utilizes Ultrasonic Tech for a fine 5µm mist and includes an aroma pad tray for essential oils.

SETUP GUIDE

Follow these steps for the initial setup of your Drezo Humidifier:

1. **Unpack:** Carefully remove the humidifier and all accessories from the packaging.
2. **Placement:** Place the humidifier on a flat, stable surface, at least 12 inches (30 cm) away from walls or any major obstacles to ensure optimal mist dispersion.
3. **Fill Water Tank:** Detach the top cover and fill the 3L water tank with clean, purified, or distilled water. Do not exceed the MAX line.
4. **Secure Cover:** Place the top cover back onto the humidifier securely.
5. **Power On:** Plug the power cord into a suitable electrical outlet.

OPERATING INSTRUCTIONS

Your Dreo Humidifier offers various modes and settings for personalized comfort.

- **Power Button:** Press to turn the humidifier on or off. Long press for 7 seconds to restore factory settings.
- **Manual Mode Button:** Switch between Low, Medium, and High mist levels.
- **Humidity Indicator Light:** The light color indicates the current humidity level (Yellow: Low, Green: Medium, Blue: High).
- **Auto Mode:** Touch the Auto Mode button (A) to automatically adjust mist output based on the target humidity. The display will show the target humidity level, and the mist level will adjust accordingly.
- **Night Light:** The ambient light can be turned on or off as needed for a serene sleep environment.
- **Timer:** Long press the Manual Mode button for 5 seconds to enter Timer settings.

MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and optimal performance of your humidifier.

- **Daily Cleaning:** Empty the water tank and wipe down the base with a soft cloth.
- **Weekly Cleaning:** For a thorough cleaning, detach the cover and water tank. Clean all parts with a soft brush and mild detergent. Rinse thoroughly.
- **Descaling:** If you use hard water, demineralization cartridges are recommended to prevent limescale and white dust buildup. Search for "dreo demineralization cartridge" for compatible options.
- **Clean Mist Cartridge:** For healthier and more comfortable mist, consider using a clean mist cartridge. Search for "dreo clean mist cartridge".

TROUBLESHOOTING

If you encounter any issues with your Dreo Humidifier, please refer to the following common solutions:

- **No Mist:** Ensure the water tank is properly seated and filled. Check if the power cord is securely plugged in.
- **Unusual Odor:** Clean the water tank and base thoroughly. Use purified or distilled water to prevent mineral buildup.
- **Excessive Noise:** Ensure the humidifier is placed on a flat, stable surface. Check for any foreign objects in the water tank or mist outlet.
- **White Dust:** This is often caused by hard water. Use distilled or purified water, or consider a demineralization cartridge.

For further assistance, please contact Dreo customer support.
