Kuulaa B0DJVHG284

Kuulaa 2 Pack 10000 mAh 22.5W Ultra Slim Power Bank User Manual

Model: B0DJVHG284

1. INTRODUCTION

Thank you for choosing the Kuulaa 2 Pack 10000 mAh 22.5W Ultra Slim Power Bank. This portable charger is designed to provide reliable and fast charging for your mobile devices on the go. Its compact and lightweight design makes it an ideal companion for travel, business trips, or daily use.

Key features include:

- **22.5W Fast Charging:** Capable of charging compatible devices rapidly, reaching up to 60% in 30 minutes for new iPhones.
- **10000 mAh Capacity:** Sufficient power to charge most smartphones multiple times.
- **Ultra Slim Design:** At just 0.6 inches thin, it's highly portable.
- **Innovative LCD Screen:** Displays precise battery level, indicating when recharging is needed.
- **Multi-Port Design:** Features both USB-C (input/output) and USB-A (output) ports, allowing simultaneous charging of two devices.
- **Safety Certified:** Complies with EU safety tests and international air transport standards.

2. SAFETY INFORMATION

Please read all safety warnings and instructions before using this product to ensure safe and proper operation. Keep this manual for future reference.

- Do not expose the power bank to extreme temperatures (hot or cold), direct sunlight, or high humidity.
- Avoid dropping, hitting, or disassembling the device.
- Keep away from water and flammable liquids.
- Do not use if the power bank is damaged, swollen, or leaking.
- Keep out of reach of children.
- Dispose of the power bank responsibly according to local regulations.

- The power bank is certified for international air transport, making it safe for travel.

5. OPERATING INSTRUCTIONS

5.1 Charging the Power Bank

Before first use, fully charge your Kuulaa Power Bank. To recharge:

1. Connect the provided USB-C cable to the USB-C port (IN/OUT) on the power bank.
2. Plug the other end of the USB-C cable into a compatible USB wall charger (not included).
3. The LED display will show the charging progress. It is fully charged when the display reads 100%.

Fast Charging and Recharging

Figure 5.1: The power bank can be recharged efficiently using an 18W max power adapter, ensuring it's ready for use.

5.2 Charging Your Devices

The Kuulaa Power Bank can charge a wide range of devices, including smartphones, tablets, and other USB-powered gadgets.

1. Connect your device's charging cable to either the USB-C port (IN/OUT) or the USB-A port (OUT) on the power bank.

2. Connect the other end of the cable to your device.
3. The power bank will automatically begin charging your device. The LED display will show the power bank's remaining charge.
4. You can charge two devices simultaneously using both output ports.

Simultaneous Charging of 2 Devices

Figure 5.2: The power bank supports simultaneous charging of two devices, such as a smartphone and a tablet, for convenience.

6. MAINTENANCE

To ensure the longevity and optimal performance of your power bank, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the power bank. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.

- **Battery Care:** For best battery health, fully charge the power bank at least once every three months if not in regular use. Avoid completely draining the battery frequently.
- **Handling:** Handle the power bank with care. Avoid dropping it or subjecting it to strong impacts.

7. TROUBLESHOOTING

If you encounter issues with your Kuulaa Power Bank, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Power bank not charging	Charging cable is faulty or not properly connected. Wall adapter is not working or insufficient.	Try a different USB-C cable and a different wall adapter. Ensure connections are secure.
Device not charging from power bank	Power bank battery is depleted. Device cable is faulty or not properly connected. Device is incompatible.	Recharge the power bank. Try a different charging cable for your device. Ensure your device is compatible with USB charging.
Slow charging	Cable or device does not support fast charging. Multiple devices are connected.	Ensure you are using a fast-charging compatible cable and device. Disconnect one device if charging two simultaneously.
LED display not working	Power bank is completely discharged. Internal malfunction.	Attempt to charge the power bank for an extended period. If the issue persists, contact customer support.

If the problem persists after trying these solutions, please contact Kuulaa customer support for assistance.
