

KEFEYA P5

KEFEYA Laptop Screen Extender Instruction Manual

Model: P5 | Brand: KEFEYA

1. INTRODUCTION

The KEFEYA P5 Laptop Screen Extender is a versatile portable monitor designed to enhance productivity and provide an immersive viewing experience. It features a 15.6-inch Full HD 1080P IPS panel, offering vibrant colors and wide viewing angles. Its detachable design and broad compatibility make it an ideal solution for various computing needs, from professional work to entertainment.

Key features include:

- 15.6" FHD 1080P IPS Panel with 300cd/ brightness, 120% sRGB, and 85% NTSC.
- Detachable design for flexible usage as an attached or standalone monitor.
- Colorful breath light for enhanced aesthetics.
- Plug & Play functionality with no driver installation required for most setups.
- Wide compatibility with Windows, Mac, Android, Switch, PS4/PS5, and various processors.

2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- 1x KEFEYA Laptop Screen Extender (P5)
- 1x USB-C to USB-C Cable
- 1x HDMI to USB-C Cable
- 1x USB-A to USB-C Cable
- 1x Portable Kickstand
- 1x User Guide

Image: All components included in the KEFEYA P5 Laptop Screen Extender package.

3. SETUP

The KEFEYA P5 is designed for easy setup. Follow these steps for initial use:

1. **Unfold the Screen Extender:** Gently unfold the screen extender from its compact form.
2. **Install the Kickstand (Optional):** If using the monitor as a standalone display, install the portable kickstand into the designated slot on the back of the monitor.
3. **Secure to Laptop:** Extend the backrest of the screen extender and secure it to your laptop's screen. Ensure your laptop's bezel size is within 16 inches for proper fit.
4. **Connect Cables:** Connect the monitor to your laptop using the appropriate cables.

Package Includes:

- 1x laptop Screen Extender
- 1x USB-C to USB-C cable
- 1x HDMI to USB-C cable
- 1x USB-A to USB-C cable
- 1x Portable Kickstand
- 1x User Guide

Image: Visual guide for unfolding, installing the kickstand, and securing the extender to a laptop.

Connection Options:

- **USB-C One Cable Connection:** If your laptop has a full-featured USB-C port (supports power, data, and display), connect the screen extender directly using the provided USB-C to USB-C cable.
- **HDMI & USB-A (Two Cable Connection):** For laptops without a full-featured USB-C port, connect the HDMI to USB-C cable for video and an additional USB-A to USB-C cable for power.

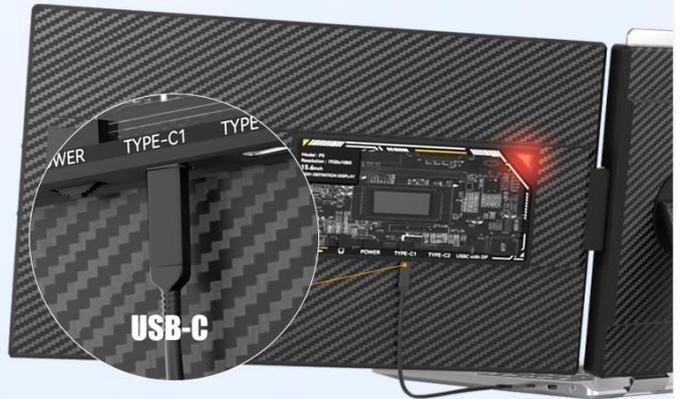

Check Your Available Ports Before Purchase

USB-C one cable Connection

Make sure the USB-C port in your laptop is full-featured (support charge & transmit data)

Connect the screen extender with the laptop's full-featured USB-C port via a single USB-C cable

HDMI & USB-A (two cable connection)

Connect the laptop with a HDMI to USB-C cable to transmit data and a extra USB-A to USB-C cable to power the screen extender.

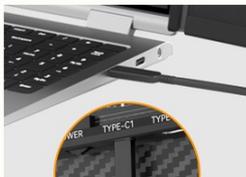

Please Note:

plug the HDMI to the USB-C with DP port of the screen extender, the HDMI cable can only work with this port!

4. OPERATING MODES

The KEFEYA P5 offers multiple display modes to suit your needs:

- **Mirror Mode:** Duplicates your laptop's display on the extender.
- **Extension Mode:** Extends your desktop across both screens, providing more workspace.
- **Landscape and Portrait Mode:** The monitor supports both horizontal and vertical orientations.

Multiple Modes for Different Scenes

Attach on the Right

Attach on the Left

5. COMPATIBILITY

The KEFEYA P5 is designed for wide compatibility with various devices and operating systems:

- **Operating Systems:** Windows, Mac OS, Android, Chrome, Linux.
- **Processors:** Intel, AMD, ARM, M1, M2, M3, M1 Pro/Max, M2 Pro/Max.
- **Devices:** Laptops (13-17.3"), Type-C phones, PS4, Xbox, Switch.

Note: Ensure your laptop's bezel size is within 16 inches for optimal fit with the extender.

Wide Compatibility

Can be stretched to a maximum
← **410mm (16inch)** →

Note:

If your laptop fits the size requirements, please measure the bezel size of the laptop to make sure it is within 16 inches

8. MAINTENANCE

To ensure the longevity and optimal performance of your KEFEYA P5 Laptop Screen Extender, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth slightly dampened with water or a screen cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Storage:** When not in use, fold the extender back into its compact form and store it in a dry, cool place, preferably in its original packaging or a protective case.
- **Handling:** Avoid applying excessive pressure to the screen or hinges. Do not drop the device.
- **Temperature:** Do not expose the device to extreme temperatures or direct sunlight for prolonged periods.

9. TROUBLESHOOTING

If you encounter any issues with your KEFEYA P5, please refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
No display/Signal	Incorrect cable connection; Insufficient power; Laptop display settings.	Ensure cables are securely connected. If using HDMI, ensure USB-A to USB-C power cable is also connected. Check laptop display settings (e.g., Project, Extend).
Flickering screen	Unstable power supply; Cable issue.	Ensure stable power. Try a different cable.
No sound	Audio settings on laptop or monitor; Cable issue.	Check audio output settings on your laptop and the monitor's menu. Ensure the headphone jack is fully inserted.
Monitor not recognized	Outdated drivers; Incompatible port.	Ensure your laptop's drivers are up to date. Verify your USB-C port is full-featured if using a single cable.

If the problem persists after trying these solutions, please contact KEFEYA customer support for further assistance.
