### 3. SETUP

---

Follow these steps to set up your redbeat M2 tablet for first-time use:

- 1. Power On:** Press and hold the power button located on the side of the tablet until the redbeat logo appears.
- 2. Language Selection:** Choose your preferred language from the list.
- 3. Wi-Fi Connection:** Connect to a Wi-Fi network by selecting your network and entering the password.
- 4. Google Account:** Sign in with your Google account or create a new one. This is necessary to download apps from the Google Play Store.
- 5. Security Setup:** Set up a screen lock (PIN, pattern, or password) for device security.
- 6. Reading Mode:** Configure your preferred reading mode (chromatic or grayscale) for optimal viewing comfort.
- 7. Navigation Mode:** Select your preferred navigation method (e.g., 3-button navigation or gesture navigation).

## 10. MAINTENANCE

To ensure the longevity and optimal performance of your redbeat M2 tablet, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid harsh chemicals.
- **Software Updates:** Regularly check for and install system updates to benefit from the latest features,

security patches, and performance improvements.

- **Battery Care:** Avoid extreme temperatures. Do not let the battery completely drain frequently.
- **Storage Management:** Periodically clear unnecessary files and apps to free up storage space and maintain performance.

## 11. TROUBLESHOOTING

---

If you encounter issues with your rebeat M2 tablet, try the following solutions:

- **Device Not Responding:** Press and hold the power button for about 10-15 seconds to force a restart.
- **Wi-Fi/Bluetooth Issues:** Toggle Wi-Fi or Bluetooth off and on. Restart your router if Wi-Fi problems persist.
- **App Crashing:** Clear the app's cache and data in Settings > Apps. If the issue continues, uninstall and reinstall the app.
- **Slow Performance:** Close unused apps, clear cache, and ensure sufficient storage space. Consider a factory reset as a last resort (back up your data first).
- **Battery Draining Quickly:** Reduce screen brightness, disable unnecessary features (GPS, Bluetooth, Wi-Fi when not in use), and identify power-hungry apps in battery settings.
