### Key Features:

- **One-Click TikTok Scrolling:** Effortlessly navigate TikTok content without touching your screen.
- **Remote Camera Shutter:** Capture photos and videos remotely, ideal for selfies and group shots.
- **8 Multi-Function Buttons:** Intuitive controls for various social media and media functions.
- **Broad Compatibility:** Supports iOS 15+ and Android 8+ devices with fast Bluetooth pairing.
- **All-Day Battery Life:** Built-in high-efficiency battery for extended continuous use.

## 2. SETUP AND PAIRING

### 2.1. Bluetooth Pairing

1. **Power On:** Press and hold the power button on the device for 3 seconds. The indicator light will flash, indicating it has entered pairing mode.

2. **Connect via Bluetooth:** On your phone, go to **Settings > Bluetooth** and select "S22" (or similar model name) to connect.

## 2.2. iOS Specific Settings (AssistiveTouch)

For iOS devices, it is essential to enable AssistiveTouch for full functionality of the scrolling ring. This allows the ring to simulate touch gestures on your screen.

1. Go to **Settings > Accessibility > Touch > AssistiveTouch**
2. Toggle **AssistiveTouch** to the ON position.

## 5. TROUBLESHOOTING

### 5.1. Connectivity Issues

- Ensure the device is fully charged.
- Verify Bluetooth is enabled on your smartphone and the ring is in pairing mode.
- If the device does not appear in the Bluetooth list, try restarting your phone and the ring.
- If previously paired, try unpairing and re-pairing the device.

### 5.2. iOS Functionality Problems

- Confirm that **AssistiveTouch** is enabled in your iOS settings (Settings > Accessibility > Touch > AssistiveTouch).
- Ensure your iOS version is 15.4 or higher for optimal compatibility.

### 5.3. App Compatibility

- While compatible with most e-reading apps, the device is **not compatible with Kindle devices**.

- Some applications may require specific settings or may not fully support all remote functions.
