RedLemon BDCHTC

RedLemon 42-inch Farmhouse Desk Hutch Instruction Manual

Model: BDCHTC-ROWAW (Antique White)

1. Introduction

Thank you for choosing the RedLemon 42-inch Farmhouse Desk Hutch. This manual provides essential information for the safe assembly, operation, and maintenance of your new hutch. Please read these instructions carefully before beginning assembly and retain them for future reference.
This hutch is designed to complement RedLemon Farmhouse executive desks or L-shaped desks, providing additional storage and display space. It features a farmhouse aesthetic with a distressed finish and sliding barn doors.

2. Safety Information

- **Weight Capacity:** Do not exceed the maximum weight capacity of 50 pounds for the hutch shelves. The minimum weight capacity is 30 pounds. Overloading can lead to structural failure and injury.
- **Stability:** Ensure the unit is properly installed and secured to the compatible desk to prevent tipping or structural failure. This hutch is designed to be placed on a desk, not as a standalone unit.
- **Assembly:** Assembly requires two people due to the weight and size of components. Follow all assembly steps precisely.
- **Children and Pets:** Keep small parts and packaging materials away from children and pets during assembly to prevent choking hazards.
- **Placement:** Place the hutch on a stable, level surface (the desk) to ensure proper balance and prevent wobbling.

3. Parts List and Included Components

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, contact RedLemon customer support immediately.
Included Components:

- RedLemon 42-inch Farmhouse Desk Hutch components
- Assembly Guide
- Screw Pack (includes spare parts)

All parts and accessories are identified with numbered stickers for easy recognition during assembly.

4. Setup and Assembly Instructions

Assembly is required for this product. It is recommended that two adults perform the assembly. An estimated assembly time is 90 minutes to 1.5 hours.

1. **Preparation:** Clear a spacious area for assembly. Lay out all components on a soft, clean surface to prevent scratches. Identify all parts using the numbered stickers and the provided assembly guide.
2. **Follow the Assembly Guide:** Refer to the detailed Installation Instructions included in your package. Each step is illustrated and clearly described.
3. **Component Connection:** Securely fasten all screws and connectors as indicated in the guide. Do not overtighten screws, as this may damage the engineered wood.
4. **Sliding Barn Door Installation:** Carefully install the sliding barn doors according to the instructions, ensuring they glide smoothly along the track.
5. **Adjustable Shelves:** Insert the shelf pins into the desired holes to position the adjustable shelves within the cabinets.
6. **Placement on Desk:** Once fully assembled, carefully lift and place the hutch onto your compatible RedLemon Farmhouse executive desk or L-shaped desk. Ensure it is centered and stable.
7. **Securing the Hutch:** Use the provided hardware to secure the hutch to the desk, if applicable, to prevent accidental tipping.

5. Operating Instructions

The RedLemon Farmhouse Desk Hutch is designed for convenient storage and display.

- **Sliding Barn Doors:** To access the storage compartments, gently slide the barn doors along their top-mounted track. The doors can be positioned to cover either the left or right sections, or centered to reveal the middle open shelves.
- **Adjustable Shelves:** The shelves within the enclosed cabinets are adjustable. To change a shelf's height, remove all items from the shelf, lift the shelf, remove the four shelf pins, reposition the pins into the desired holes, and then place the shelf back onto the pins.
- **Open Storage:** Utilize the central open compartments for frequently accessed items or decorative displays.

6. Maintenance

- **Cleaning:** To clean the hutch, wipe with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Dusting:** Regularly dust the surfaces with a soft, dry cloth to maintain its appearance.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain structural integrity.
- **Environmental Conditions:** Avoid exposing the hutch to extreme temperature changes or direct sunlight for prolonged periods, which can cause warping or fading.

7. Troubleshooting

- **Wobbling Hutch:** Ensure the hutch is placed on a level desk surface. Verify all assembly screws are tightened. If the issue persists, check the desk's stability.
- **Sliding Doors Sticking:** Check the sliding track for any obstructions or debris. Ensure the doors are properly aligned on the track. A light application of silicone spray (not oil-based) on the track may improve glide.
- **Damaged Parts:** If any part arrives damaged or becomes damaged during assembly, do not proceed with assembly. Contact RedLemon customer support for replacement parts.

8. Specifications
