11. TROUBLESHOOTING

If you encounter issues with your SWOFY M503 Pro, consider the following:

- **Device Crash/App Issues:** If an installed application causes the device to crash, delete the problematic app. If issues persist, a factory reset may be necessary (ensure to back up important files first).
- **SD Card Not Read:** Ensure the Micro SD card is correctly inserted. If the issue continues, try re-inserting or formatting the card (this will erase all data on the card).
- **Forgot Password:** If you forget your device password, the original default password is **1234**.
- **Charging Issues:** Ensure the USB Type-C cable is securely connected to both the player and a power source. Use a compatible wall charger.
- **No Sound:** Check the volume levels and ensure headphones or Bluetooth devices are properly connected and functioning.
