4.5. Saving and Recalling Presets

The radio allows you to save up to 20 favorite stations for quick access.

- **To Save a Preset:** Tune to the desired station. Press and hold the **PRESET** button. Use the navigation buttons to select a preset number (1-20). Press **SELECT** to confirm.
- **To Recall a Preset:** Short press the **PRESET** button. Use the navigation buttons to scroll through your saved presets. Press **SELECT** to listen to the selected preset.

4.6. Volume Control

- Use the **Volume Up** and **Volume Down** buttons to adjust the listening volume.

4.7. Lock Function

To prevent accidental button presses, slide the lock switch (usually located on the side of the device) to the locked position. The display may show a lock icon. Slide it back to unlock the controls.

4.8. Display Information

The digital display provides various information:

- Current station name and program information.
- Current time and date.
- Battery level indicator.
- Signal strength indicator.

5. MAINTENANCE

5.1. Cleaning

- Wipe the radio's surface with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or strong chemicals, as these may damage the finish.

5.2. Battery Care

- Recharge the battery regularly, even if the radio is not used frequently, to maintain battery health.
- Avoid exposing the radio to extreme temperatures (hot or cold), as this can affect battery performance and lifespan.
- Do not attempt to replace the internal battery yourself. Contact customer support if battery issues arise.

5.3. Storage

- When not in use for extended periods, store the radio in a cool, dry place away from direct sunlight and moisture.

6. TROUBLESHOOTING

If you encounter any issues with your LEMEGA Mini Go radio, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Radio does not power on.	Battery is depleted.	Connect the radio to a power source using the USB-C cable and allow it to charge.
No signal or poor reception.	Earphones not properly connected or extended; weak signal area.	Ensure earphones are fully plugged in and their cable is extended. Try moving to an area with better reception. Perform a full station scan.
No sound from earphones.	Volume is too low or muted; earphones not connected.	Increase the volume. Ensure earphones are securely plugged into the jack. Test with another pair of earphones if available.
Buttons are unresponsive.	Lock function is engaged.	Slide the lock switch to the unlocked position.

If the problem persists after trying these solutions, please contact LEMEGA customer support for further assistance.
