SUNKTA WW-BW1846J-US-SXT-2

SUNKTA Smart Watch User Manual

Model: WW-BW1846J-US-SXT-2 | Brand: SUNKTA

1. INTRODUCTION

The SUNKTA Smart Watch is a durable, military-grade fitness watch designed for various activities. It features Bluetooth call capabilities, message notifications, comprehensive health monitoring, and multiple sports modes. This manual provides essential information for setting up, operating, and maintaining your smartwatch.

Figure 1: SUNKTA Smart Watch (Black model)

2. WHAT'S IN THE BOX

Upon opening your SUNKTA Smart Watch package, you should find the following items:

- SUNKTA Smart Watch (K-52 model)
- User Manual
- Magnetic Charging Cable
- Strap Adjustment Tool
- Stainless Steel Strap (pre-installed or separate)
- Silicone Strap (alternative)
- Pins for strap attachment

3. SETUP

3.1 Initial Charging

Before first use, ensure your smartwatch is fully charged. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power source. A full charge typically takes 1-2 hours.

Figure 3: The smartwatch connected to its magnetic charging cable, displaying the charging icon.

3.2 App Download and Connection

To unlock the full features of your smartwatch, download the "FitCloudPro" app on your smartphone. It is available on both Google Play Store and Apple App Store. Alternatively, you can scan the QR code provided in the user manual.

1. Turn on your phone's Bluetooth.
2. Open the "FitCloudPro" app.
3. Navigate to the "Devices" screen.
4. Tap the "+ Bind Device" button.
5. Select "K-52" from the list to pair your watch.

Figure 4: Step-by-step guide for connecting the smartwatch to the FitCloudPro app via Bluetooth.

3.3 Strap Adjustment

The stainless steel strap can be adjusted to fit your wrist using the provided strap adjustment tool. Carefully align the tool with the pins on the strap links and turn the screw to push the pin out. Remove or add links as needed to achieve a comfortable fit.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

The smartwatch features a 1.39-inch HD full touchscreen display. You can navigate through menus and functions by

swiping and tapping. The side buttons also provide quick access to certain features.

- **Double-click the button:** Quickly enter the function page.
- **Slide down:** Enter the accessibility page (quick settings).
- **Swipe right:** See common functions.
- **Long press on watch face:** Enter UI replacement page to change watch faces.

Video 4: Demonstrates how to access and adjust unit settings within the smartwatch interface.

4.2 Bluetooth Calls and Message Notifications

The smartwatch supports Bluetooth voice calls and message notifications directly on your wrist. Ensure your watch is connected to your mobile phone via Bluetooth.

- **Answering/Dialing Calls:** Slide the watch screen to the right and click the "Call" icon. Ensure "Call audio" is turned on in the watch settings. You can dial numbers, answer, or refuse calls. Up to 10 frequently used contacts can be added.
- **Message Notifications:** Receive intelligent synchronization of cell phone messages and vibration alerts from various apps like Twitter, Facebook, Instagram, SMS, WhatsApp, Email, WeChat. Note that replying to messages is not supported.

Figure 5: Illustrates the Bluetooth call and message notification features of the smartwatch.

4.3 Custom Dial Design

Personalize your smartwatch by choosing from almost 200 UI designs available in the FitCloudPro app. You can also sync your own photos (selfies, family, pets, landscapes) to use as a personalized dial.

Weather Forecast

You can check the current weather in real time with your smartwatch for men. This helps you to organise your schedule and be prepared for unexpected events.

Passcode Lock

Equipped with the latest hardcore chip, you can use it with greater confidence. Make it your personal smartwatch by setting a passcode on your smartwatch.

Various Features

The watch also includes other useful features: weather forecast, brightness setting, torch, breath training, stopwatch, alarm, seat reminder, drink reminder, watch finder and more.

Video 5: Demonstrates how to change the watch face (UI) on the smartwatch.

4.4 Health Monitoring

The smartwatch provides comprehensive health tracking features:

- **Sleep Monitor:** Tracks awake, light, and deep sleep stages.
- **Heart Rate Tracking:** 24-hour heart rate monitoring.
- **Blood Pressure/Blood Oxygen Data:** Real-time data (note: not for medical use).
- **Pedometer:** Tracks steps.
- **Breathing Exercises:** Guided breathing for relaxation.
- **Sedentary Reminder:** Alerts you to move after periods of inactivity.
- **Drinking Water Reminder:** Helps you stay hydrated.

4.5 Sports Modes and Fitness Tracking

The smartwatch offers 21 built-in exercise modes. When connected to the app, you can customize and add over 100 sports modes to track your workouts, including walking, running, hiking, cycling, basketball, and more. It tracks distance, calories burned, and steps.

Multiple Sports Tracking

The men's smartwatch has 21 built-in sports modes, and when connected to the app, you can customise and add 100+ sports modes to your smartwatch to start your workout anywhere, anytime.

4.6 Other Features

Your SUNKTA Smart Watch includes additional useful functions:

- **Weather Forecast:** Check real-time weather.
- **AI Voice Assistant:** For hands-free control.
- **Music Player:** Control music playback on your phone.
- **Stopwatch/Timer:** For timing activities.
- **Alarm Clock:** Set reminders.
- **Calculator:** Basic calculations.
- **Passcode Lock:** Secure your smartwatch.
- **Find a Phone / Find a Watch:** Locate your devices.
- **Brightness Setting:** Adjust screen brightness (5 levels).

Figure 9: Highlights features such as weather forecast, passcode lock, and other utilities like reminders and music control.

5. MAINTENANCE

5.1 Waterproof Rating

The SUNKTA Smart Watch is 5ATM waterproof, meaning it can withstand pressures equivalent to a depth of 50 meters. This makes it suitable for swimming and showering, but it is not recommended for diving or high-pressure water activities.

Figure 10: Illustrates the 5ATM waterproof capability of the smartwatch.

5.2 General Care

- Clean the watch regularly with a soft, dry cloth.
- Avoid exposing the watch to extreme temperatures or direct sunlight for prolonged periods.
- Do not attempt to disassemble the watch, as this will void the warranty.

6. TROUBLESHOOTING

If you encounter issues with your SUNKTA Smart Watch, please refer to the following common solutions:

- **Weather forecast out of sync:** Ensure "weather push" is enabled in the "FitCloudPro" app. Go to "Me" page > "Units" to set your preferred unit (Fahrenheit/Celsius).
- **Watch not holding a charge:** Ensure the magnetic charging cable is properly connected and the power source is functional. If the issue persists, contact customer support.
- **Band broken:** If the watch band is damaged, contact customer support for replacement options.
- **Bluetooth connection issues:** Ensure Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again. Verify that "Call audio" and "Media audio" are enabled in the watch's Bluetooth settings if experiencing audio issues.
