# SOFTSEA Full Size Upholstered Bed Frame with Rabbit Ear Headboard and LED - Instruction Manual

Model: YZJS159

INTRODUCTION

Thank you for choosing the SOFTSEA Full Size Upholstered Bed Frame. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

This bed frame features a unique rabbit ear shaped headboard with integrated LED lighting and two convenient storage stools.

IMPORTANT SAFETY INFORMATION

- **Mattress Thickness:** Ensure the mattress thickness is between 8-10 inches for safe use. Do not use this bed with a mattress thinner than 8 inches as it may pose an entrapment risk for infants and young children.
- **Assembly:** Always follow the assembly instructions carefully to prevent injury. Ensure all fasteners are securely tightened before use.
- **Weight Capacity:** This bed has a maximum weight capacity of 500 pounds. Exceeding this limit may cause damage or injury.
- **Supervision:** Children should be supervised when using the bed and its features, especially the LED lights and storage stools.
- **Electrical Safety:** For LED lights, ensure the power source is appropriate and connections are secure. Do not attempt to modify the electrical components.

SETUP AND ASSEMBLY

The SOFTSEA Full Size Upholstered Bed Frame requires assembly. Please ensure you have sufficient space and assistance if needed. All necessary tools are provided with the product.

## Before You Begin:

1. **Unpack:** Carefully unpack all components and hardware from the packaging. Place them on a clean, soft surface to prevent scratches.
2. **Verify Parts:** Compare the contents with the parts list provided in the separate assembly instructions. Contact customer support immediately if any parts are missing or damaged.
3. **Review Instructions:** Read the dedicated assembly instructions thoroughly before starting.

## Assembly Steps:

Follow the step-by-step guide provided in the separate assembly instruction manual included with your purchase. Ensure all bolts and screws are tightened securely at each step. Do not overtighten.

## OPERATING INSTRUCTIONS

---

### LED Headboard Lights:

The rabbit ear headboard features integrated LED lights. These lights provide functional illumination for activities such as reading or as a night light. The brightness of the LED lights can be adjusted to suit your preference.

- **Power On/Off:** Locate the power switch or touch sensor on the headboard to turn the LED lights on or off.
- **Adjust Brightness:** If applicable, use the designated control (e.g., touch sensor, remote) to cycle through brightness levels or dim the lights.

## Storage Stools:

Two storage stools are located at the foot of the bed. These stools offer convenient storage space for toys, books, or other items. The stools are designed to be movable and can be positioned as desired.

- **Access Storage:** Lift the top cushion of each stool to access the internal storage compartment.
- **Positioning:** The stools can be moved freely from the bed frame for flexible use.

## CARE AND MAINTENANCE

---

### General Care:

- **Cleaning Upholstery:** For general cleaning, gently vacuum the upholstered surfaces with a soft brush attachment. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild upholstery cleaner according to the product's instructions, testing on an inconspicuous area first.
- **Cleaning Wood Components:** Wipe wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Dusting:** Regularly dust all surfaces with a soft, dry cloth.

### Periodic Checks:

- **Fasteners:** Periodically check all bolts, screws, and other fasteners to ensure they remain tight. Re-tighten as necessary to maintain stability and safety. Do not overtighten.
- **Slats:** Inspect the wooden slats for any signs of damage or wear. Replace any damaged slats immediately to ensure proper mattress support.
- **LED Wiring:** Ensure all LED wiring is intact and not pinched or damaged.

## TROUBLESHOOTING GUIDE

---

This section addresses common issues you might encounter with your bed frame. For problems not listed here, please contact

customer support.

| Problem                                    | Possible Cause                                                   | Solution                                                                                                                                                                               |
|--------------------------------------------|------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Bed frame feels unstable or wobbly.        | Loose fasteners (bolts, screws).                                 | Check and re-tighten all assembly fasteners. Refer to the assembly instructions for proper tightening sequence.                                                                        |
| Squeaking noises.                          | Loose connections, friction between components, or uneven floor. | Ensure all fasteners are tight. Apply felt pads or lubricant (e.g., paraffin wax) to contact points between wood slats and frame if necessary. Check if the bed is on an even surface. |
| LED lights not working.                    | Power connection issue, faulty wiring, or switch malfunction.    | Verify the power adapter is securely plugged into an outlet and the bed frame. Check for any visible damage to the wiring. If the issue persists, contact customer support.            |
| Storage stool lid does not close properly. | Items inside are obstructing the lid, or the lid is misaligned.  | Ensure the storage compartment is not overfilled. Adjust the lid to ensure it is properly seated.                                                                                      |
