1. INTRODUCTION

Thank you for choosing the BORNOON Shoe Cabinet with 2 Flip Drawers. This manual provides essential information for the safe assembly, operation, and maintenance of your new shoe cabinet. Please read these instructions carefully before beginning assembly and retain them for future reference.

This shoe cabinet is designed to offer a space-saving and organized solution for your footwear, suitable for various rooms such as entryways, hallways, living rooms, and bedrooms.

2. PRODUCT OVERVIEW

The BORNOON Shoe Cabinet features a compact design with two flip drawers, providing ample storage while minimizing floor space. Key features include:

- **Two Large Flip Drawers:** Each drawer contains adjustable compartments to accommodate various shoe sizes and types.
- **Adjustable & Removable Shelves:** Allows customization of storage space within the flip drawers.
- **Top Open Shelf:** Ideal for daily essentials, keys, or decorative items.
- **Bottom Space:** Provides additional storage for slippers or a robotic vacuum.
- **Durable Metal Side Hooks:** Convenient for hanging coats, scarves, or hats.
- **Anti-Tip Device:** Enhances stability and safety by securing the cabinet to the wall.
- **Quality Construction:** Crafted from high-quality MDF wood with robust metal legs.

3. SAFETY INFORMATION

Please observe the following safety precautions during assembly and use:

- **Anti-Tip Device:** Always install the included anti-tip device to securely anchor the cabinet to a wall. This prevents accidental tipping, especially in households with children or pets.
- **Weight Limit:** Do not overload the shelves or the top surface. Distribute weight evenly.
- **Assembly:** Follow all assembly instructions carefully. Do not skip steps or use unauthorized parts.
- **Placement:** Place the cabinet on a flat, stable surface. Avoid placing it in high-traffic areas where it could be easily bumped.
- **Children:** Keep small parts and packaging materials away from children during assembly.

| H | Adjustable Shelf Pins | 8 |

4.2. Tools Required (Not Included)

- Phillips Head Screwdriver
- Hammer (for dowels)
- Drill (for anti-tip device installation)
- Level

5. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. It is recommended to have two people for certain steps. Lay out all parts on a soft, clean surface to prevent scratches.

5.1. Step-by-Step Guide

1. **Prepare the Base:** Attach the metal legs (C) to the bottom panel of the main cabinet using the provided screws. Ensure they are securely fastened.
2. **Construct the Main Frame:** Connect the side panels to the bottom and top panels using dowels and cam locks. Follow the pre-drilled holes for correct alignment.
3. **Install Side Hooks:** Secure the metal side hooks (E) to the designated holes on the side panel.
4. **Assemble Flip Drawers:** For each flip drawer, assemble the front panel (B) with its internal shoe rack components. Ensure the mechanism allows for smooth flipping.
5. **Insert Flip Drawers:** Carefully slide the assembled flip drawers into their respective slots within the main cabinet frame.
6. **Attach Handles:** Secure the handles (D) to the front of each flip drawer.
7. **Install Adjustable Shelves:** Place the adjustable shelf pins (H) into the desired holes inside the flip drawers, then rest the shelves on them.
8. **Attach Back Panel:** Secure the back panel to the cabinet using small nails or screws.
9. **Install Anti-Tip Device:** Position the cabinet in its desired location. Attach the anti-tip bracket (F) to the top rear of the cabinet and then to the wall using appropriate wall anchors and screws. This step is critical for safety.

6. OPERATING INSTRUCTIONS

6.1. Storing Shoes

- Gently pull the handle of a flip drawer to open it.
- Place shoes onto the internal racks. For optimal space utilization, place shoes with the toe pointing inwards or outwards, depending on their size and style.
- To close, push the drawer back until it is flush with the cabinet front.

6.2. Adjusting Shelves

- The internal shelves within each flip drawer can be adjusted or removed to accommodate taller footwear like boots or high heels.
- To adjust, carefully lift the shelf and reposition the shelf pins into different pre-drilled holes.
- To remove, simply lift the shelf off the pins.

7. MAINTENANCE

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Dusting:** Regularly dust the cabinet to maintain its appearance.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.
- **Avoid Moisture:** Keep the cabinet away from excessive moisture or direct sunlight to prevent warping or fading.

8. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|--------------------------------|---|---|
| Drawers do not close properly. | Misaligned panels during assembly or obstruction. | Review assembly steps for panel alignment. Check for any shoes or objects blocking the drawer mechanism. |
| Cabinet feels wobbly. | Loose fasteners or uneven floor. | Ensure all screws are tightened. Use a level to check the floor and add shims if necessary. Verify anti-tip device is securely installed. |
| Shoes do not fit in drawers. | Internal shelves are not adjusted or removed. | Adjust or remove the internal shelves to create more vertical space for taller shoes. |
