MAINTENANCE AND CARE

To ensure the longevity and appearance of your ELLE Wayfarer bag, follow these care instructions:

- **Cleaning:** The bag is made of vegan leather (PU) and polyester lining. For cleaning, **spot clean only**. Use a soft, damp cloth with mild soap if necessary. Gently wipe the affected area and then wipe with a clean, damp cloth to remove any soap residue. Allow to air dry completely.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the material.
- **Storage:** When not in use, store the bag in a cool, dry place away from direct sunlight to prevent material degradation.
- **Water Resistance:** The bag is water resistant, meaning it can withstand light splashes. Avoid submerging the bag in water or exposing it to heavy rain for extended periods.

TROUBLESHOOTING

If you encounter any issues with your ELLE Wayfarer bag, consider the following:

- **Stuck Zipper:** If a zipper becomes stiff or stuck, gently rub a small amount of graphite (from a pencil) or a zipper lubricant along the teeth. Avoid forcing the zipper, as this may cause damage.
- **Strap Adjustment Difficulty:** Ensure the strap is not twisted and the buckle mechanism is clear of debris. Apply gentle, even pressure when adjusting.

- **Minor Scratches/Marks:** For minor surface marks on the vegan leather, sometimes a soft, dry cloth can gently buff them out. For deeper marks, consult a professional for vegan leather care.
