Sekey 300L Wide Wheels

Sekey 330lbs Collapsible Foldable Wagon User Manual

Model: 300L Wide Wheels

INTRODUCTION

Thank you for choosing the Sekey 330lbs Collapsible Foldable Wagon. This heavy-duty utility cart is engineered for durability and convenience, making it ideal for a wide range of outdoor activities, including gardening, camping, beach trips, and shopping. Its robust design and large capacity ensure efficient transport of your belongings.

The Sekey Collapsible Foldable Wagon in its extended state, ready for use. It is shown loaded with various items, demonstrating its large carrying capacity and integrated bottle holders.

SETUP

The Sekey wagon is designed for quick and easy setup, requiring no assembly. Follow these simple steps to prepare your wagon for use:

1. Remove the wagon from its carry bag.
2. Place the wagon on a flat, stable surface.
3. Grasp the handle and pull the sides of the wagon outwards until it fully extends and locks into place. Ensure all frame components are securely unfolded.
4. Press down on the center base of the wagon to flatten the bottom for maximum stability and capacity.

Easy to Fold & Store

This diagram illustrates the simple three-step process for folding and storing the Sekey wagon, highlighting its compact size when collapsed and how it fits into a car trunk.

To fold the wagon for storage, simply pull the strap located in the center of the wagon's base upwards. The wagon will collapse inward. Secure it with the included carry bag for compact storage.

OPERATING

Your Sekey wagon is built for ease of use and versatility across various terrains.

Capacity and Dimensions

The wagon features an extra-large and deep storage space, measuring approximately 32.28" L x 18.9" W x 12.6" H, and can safely carry up to 330 lbs (150 kg). This generous capacity is ideal for transporting a significant amount of gear.

Small size & Large capacity

This image visually compares the Sekey wagon's internal volume (4.8 cu.ft) to a smaller wagon (2.8 cu.ft), illustrating its significantly larger capacity. It also shows the wagon's compact folded dimensions, emphasizing its space-saving design.

All-Terrain Wheels

Equipped with 3-inch diameter all-terrain wheels, your wagon provides smooth movement over diverse surfaces, from paved paths to sandy beaches and garden soil. The wheels are designed for 360-degree rotation, offering excellent maneuverability, and are wear and slip-resistant.

A detailed view of the wagon's all-terrain wheels, emphasizing their robust construction and features such as quiet operation, stability, full 360-degree rotation, and resistance to wear and slipping.

Adjustable Handle

The wagon features an anti-drop handle that can be adjusted for height and angle to suit your needs, ensuring comfortable pulling and steering.

Anti-Drop Handle

Just To Fit Your Needs

This image demonstrates the versatility of the wagon's handle, which can be adjusted both vertically and at multiple angles to provide ergonomic comfort during use.

Brakes

Each wheel is equipped with a brake mechanism to secure the wagon in place when stationary. To engage the brake, press down on the red lever located near the wheel. To release, lift the lever.

Drink Holders

Two mesh cup holders are integrated into the design, providing convenient and secure storage for beverages.

MAINTENANCE

To ensure the longevity and optimal performance of your Sekey wagon, follow these maintenance guidelines:

- **Cleaning:** The wagon's fabric is made from durable 600D Oxford material, which is waterproof and resistant to tearing. For general cleaning, wipe down the fabric with a damp cloth and mild soap. Allow it to air dry completely before folding and storing.

- **Frame Care:** The heavy-duty metal frame is designed with an anti-rust coating. Periodically inspect the frame for any signs of wear or damage. Clean any dirt or debris from the frame and joints.
- **Wheel Maintenance:** Keep the wheels free of debris such as sand, mud, or small stones. Regularly check the wheel axles for smooth rotation. If necessary, clean and lubricate moving parts.
- **Storage:** When not in use, fold the wagon and store it in its provided carry bag in a dry, cool place to protect it from extreme weather conditions and prolong its lifespan.

TROUBLESHOOTING

If you encounter any issues with your Sekey wagon, please refer to the following common solutions:

- **Wagon not unfolding/folding smoothly:** Ensure that the central pull strap is fully engaged or disengaged. Check for any obstructions in the folding mechanism. Apply a small amount of silicone lubricant to moving joints if stiffness persists.
- **Wheels not rotating freely:** Inspect the wheels for trapped debris (sand, small rocks, tangled string). Clean the wheel axles and ensure the brakes are fully disengaged.
- **Reduced stability:** Verify that the wagon is fully extended and locked into place, and that the bottom panel is pressed down flat. Ensure the weight limit of 330 lbs is not exceeded.

For issues not covered here, please contact Sekey customer support.

SPECIFICATIONS

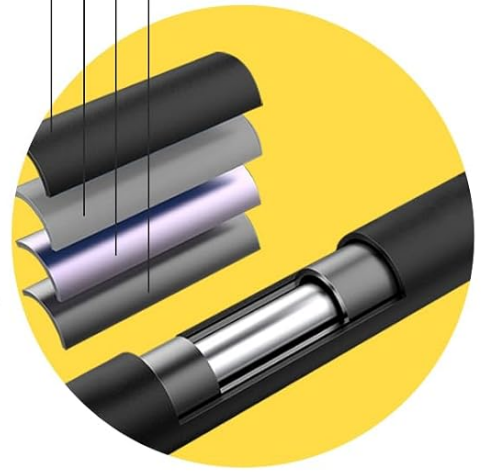

Feature	Specification
Product Dimensions (Extended)	33.86"D x 18.89"W x 38.19"H
Internal Storage Dimensions	32.28" L x 18.9" W x 12.6" H
Brand	Sekey
Material	Alloy Steel (Frame), 600D Oxford (Fabric)
Color	Black
