Problem	Solution
Earbuds not pairing	Ensure earbuds are charged. Turn off and on Bluetooth on your device. Forget "AWEI T62" from your device's Bluetooth list and re-pair.
Only one earbud working	Place both earbuds back into the charging case, close the lid, then open it again. Ensure both earbuds are charged.
No sound	Check device volume and earbud volume. Ensure earbuds are connected to the correct device.
Charging case not charging	Verify the USB Type-C cable and power adapter are working correctly. Ensure the cable is securely connected.
