Czlife HB-B150K

Czlife N7 Nut Milk Maker Instruction Manual

Model: HB-B150K

1. Introduction and Overview

The Czlife N7 Nut Milk Maker is an automatic, multi-functional appliance designed to simplify the process of creating fresh, nutritious plant-based milks and other beverages at home. With its 50oz (1.5L) large capacity, it is suitable for family use, allowing you to prepare a variety of healthy drinks with ease.

This versatile machine features 7-in-1 modes, including options for Nut Milk, Soy Milk, Oat/Grains, Juice, Milkshake, Baby Food, and a dedicated Cleaning function. Its innovative blade design ensures a silky-smooth texture for all your preparations. Additional features like a delay start timer and keep warm function enhance convenience, while premium food-grade 304 stainless steel construction and safety features ensure reliable and safe operation.

3. Safety Precautions

To ensure safe operation and prevent damage to the appliance, please read and adhere to the following safety guidelines:

- Always read the user manual thoroughly before first use.
- Ensure the appliance is connected to a 120 Volt power source.
- Do not immerse the main unit in water or other liquids.
- Keep hands and utensils away from the blades during operation. The blades are sharp.
- Ensure the lid is properly secured before starting any program to prevent spills and activate safety features.

- The machine features dry burn protection; however, always ensure sufficient liquid is added before operation.
- Be aware of hot steam when opening the lid after hot programs.
- If operating at high altitudes, adjust liquid levels carefully as boiling points differ, which may affect performance and safety.

4. Setup

1. **Initial Cleaning:** Before first use, wash the interior of the machine, the lid, and all accessories with warm, soapy water. Rinse thoroughly and dry.
2. **Placement:** Place the nut milk maker on a stable, flat, and dry surface.
3. **Power Connection:** Connect the power cord to the back of the unit and then plug it into a standard 120V electrical outlet. The control panel will illuminate.

Image: A step-by-step visual guide demonstrating how to use the nut milk maker: 1. Put prepared food into the machine. 2. Add water under the line. 3. Select mode to start running.

5. Operating Instructions

The Czlife N7 Nut Milk Maker offers 7 versatile modes for various preparations:

- **Nut Milk:** For making fresh nut milks like almond, cashew, or macadamia.
- **Soy Milk:** Specifically designed for smooth soy milk.
- **Oat/Grains:** Ideal for oat milk and other grain-based beverages.
- **Juice:** For blending fresh fruit and vegetable juices.
- **Milkshake:** Perfect for creamy milkshakes and smoothies.
- **Baby Food:** For preparing smooth purees for infants and toddlers.
- **Clean:** An automatic cleaning cycle for easy maintenance.

General Operation Steps:

1. Add your desired ingredients to the machine.
2. Fill with water up to the indicated MAX fill line for your chosen program (Hot Drink Max or Cold Drink Max).
3. Secure the lid firmly.
4. Press the 'Menu' button repeatedly to cycle through the available programs until your desired mode is selected.
5. Press 'Start/Stop' to begin the program.

Special Features:

- **Delay Start:** Prepare ingredients before bed and set the delay start function for up to 12 hours to wake up to fresh milk.
- **Keep Warm:** After a hot program, the machine can automatically keep your beverage warm for up to 6 hours.

6. Recipes

Your Czlife N7 Nut Milk Maker comes with a detailed recipe guide. Here are a few examples to get you started:

Almond Milk Recipe:

- 80-95 grams of almonds (approx. 2 cups)
- 3-4 pitted dates (optional, for sweetness)
- 3 tsp vanilla extract (optional)
- 1 tsp ground cinnamon (optional)
- 1-2 tsp sugar (optional)
- Water to MAX fill line

Image: Ingredients for Almond Milk (almonds, vanilla extract, dates, cinnamon, sugar) and a glass of finished almond milk.

Soy Milk Recipe:

- 80-95 grams of soybeans
- 3-4 pitted dates (optional)
- 3-4 tsp honey (optional)
- 3 tsp vanilla extract (optional)
- Water to MAX fill line

Image: Ingredients for Soy Milk (soybeans, dates, honey, vanilla extract) and a glass of finished soy milk.

Juice Recipe:

- 350g peeled pineapple, diced
- 250g peeled apples, diced
- 30g peeled lemon
- 30g honey
- Water to MAX fill line

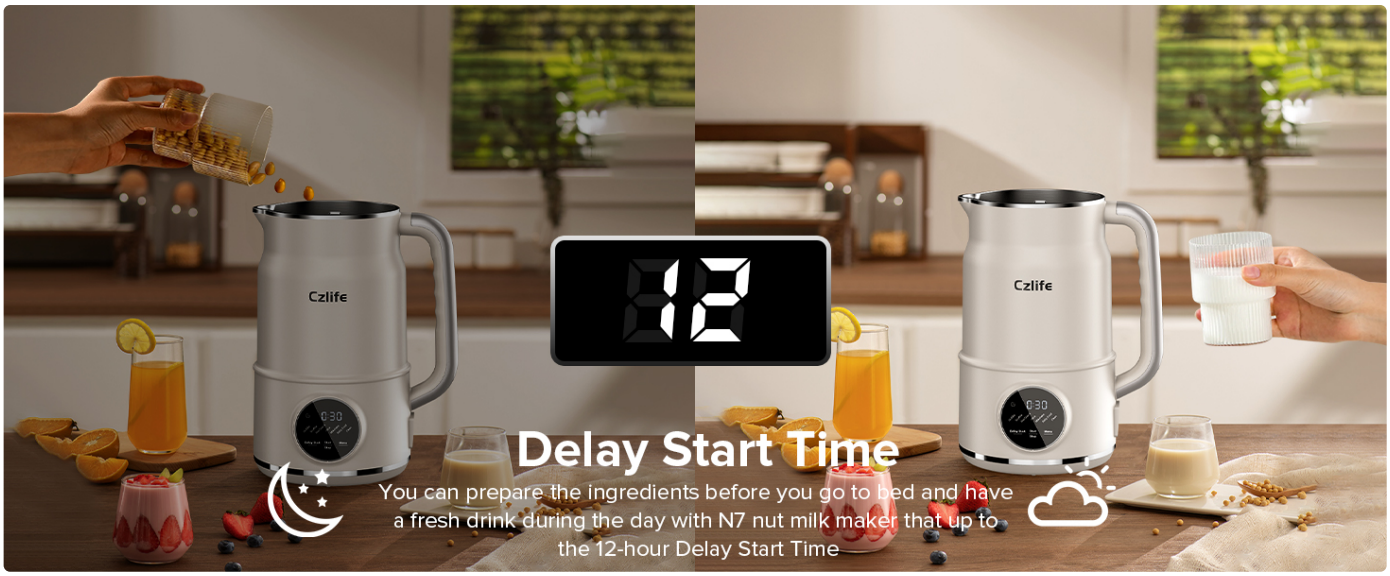

Image: Ingredients for Juice (pineapple, apples, lemon, honey) and glasses of finished fruit juice.

7. Maintenance

Cleaning:

The Czlife N7 Nut Milk Maker features an automatic 'Clean' mode for hassle-free maintenance. Simply add water and a small amount of dish soap, select the 'Clean' program, and let the machine do the work. For stubborn residue, use the provided cleaning brush to gently scrub the stainless steel interior and blades. Always unplug the unit before cleaning and avoid immersing the main unit in water.

8. Troubleshooting

- **Machine Not Starting:** Ensure the power cord is securely plugged in and the lid is properly aligned and closed. The machine has a safety lock that prevents operation if the lid is not correctly placed.
- **E2 Error Code:** This error typically indicates that the lid is not properly secured. Re-align the lid with the handle and ensure it clicks into place.
- **Overheating/Dry Burn Protection:** If the machine detects insufficient liquid or overheating, it will automatically shut off and display an error. Allow the unit to cool down before attempting to operate again, and always ensure liquid

levels are between the MIN and MAX lines.

- **Inconsistent Texture:** For smoother results, ensure ingredients are properly soaked (if required by recipe) and use the mesh strainer provided after blending.
- **High Altitude Operation:** At higher altitudes, water boils at a lower temperature, which can affect the machine's performance, especially for hot programs. Adjust liquid levels and monitor the process closely to prevent issues like overflow.

9. Specifications

Feature	Detail
Brand	Czlife
Model Number	HB-B150K
Capacity	50oz (1.5L) / 3.1 Pounds
Color	Creamy White
Material	Food-grade 304 Stainless Steel (Container)
