Model: HT001L

Introduction

Thank you for choosing the LINSY HOME 31.5" Round Coffee Table. This manual provides essential information for the assembly, operation, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

Safety Information

- Always use two people for assembly to prevent injury and ensure proper construction.
- Be cautious of potential heavy lifting during assembly.
- Avoid exposing the table to liquids to prevent damage to the wood finish.
- Ensure all fasteners are securely tightened before use. Periodically check and re-tighten as needed.

Product Features

The LINSY HOME Round Coffee Table is designed with both aesthetics and functionality in mind, offering a blend of modern style and practical storage solutions.

Fluted Tambour Sliding Door

The distinctive fluted tambour door features a curved shape and slides smoothly, providing convenient access to the internal storage compartments. This design element adds a touch of mid-century modern sophistication to your living space.

Assembly Instructions

This coffee table comes with a detailed assembly guide. Please follow the step-by-step instructions provided in the included guide for proper and safe assembly. Tools recommended for assembly include a screwdriver.
Important: Always ensure all parts are correctly aligned and securely fastened. Do not overtighten screws.

Operation

The LINSY HOME Round Coffee Table features a 360-degree sliding tambour door. To access the storage compartments, gently slide the door along its track. The door can be positioned to cover any two of the four storage sections at a time, leaving the other two open for display or easy access.

Maintenance

- **Cleaning:** Use a dry, soft cloth to wipe down the table surface. Avoid abrasive cleaners or harsh chemicals.
- **Liquid Exposure:** Promptly wipe up any spills to prevent water damage or staining. Avoid placing hot items directly on the surface without coasters.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight.

Troubleshooting

Problem	Possible Cause	Solution
Parts do not align during assembly.	Incorrect orientation of parts or misaligned pre-drilled holes.	Review the assembly guide carefully to ensure correct part orientation. If holes appear misaligned, contact customer support.
Sliding tambour door is stiff or difficult to move.	Debris in the track, improper assembly of the door mechanism, or environmental factors.	Check the track for any obstructions and clean if necessary. Ensure the door was installed correctly according to the assembly guide. Contact customer support if the issue persists.
