M62 Language Translator Earbuds User Manual

Model: Focketyczbo2htg73-12 | Brand: Fockety

Introduction

Thank you for choosing the Fockety M62 Language Translator Earbuds. This device is designed to facilitate real-time voice translation across 144 languages, making communication easier for travel, business, and learning. It also functions as a high-quality audio earbud for music and calls. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance of your device.

1. Setup

1.1 Package Contents

Before you begin, please ensure all items are present in the package:

- 1 Pair x M62 Language Translator Earbuds
- 1 x Charging Case
- 1 x Charging Cable
- 1 x User Manual (this document)

1.2 Initial Charging

For first-time use, fully charge the earbuds and the charging case.

1. Connect the provided charging cable to the charging port on the case.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The charging indicator on the case will illuminate to show charging status. A full charge is indicated when the display shows 100% or the light turns solid.
4. Place the earbuds into the charging case. Ensure they are correctly seated; the earbuds will begin charging automatically.

The charging case has a 300 mAh battery, and each earbud has a 90 mAh battery. A full charge provides approximately 7-8 hours of battery life for the earbuds.

1.3 Pairing with Your Device (Bluetooth)

The M62 earbuds use Bluetooth V5.46 for stable connectivity up to 10 meters.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your smartphone or other Bluetooth-enabled device, go to the Bluetooth settings.
3. Search for available devices and select "M62" (or similar name) from the list.
4. Once connected, you will hear a confirmation tone from the earbuds.

1.4 App Installation and Setup

To utilize the translation features, you need to install the dedicated application.

1. Scan the QR code provided in the quick start guide (if available) or search for "Earjoy Intelligence App" in your device's app store (Google Play Store for Android, Apple App Store for iOS).
2. Download and install the application.
3. Open the "Earjoy Intelligence App" and follow the on-screen instructions to connect your M62 earbuds within the app. This typically involves confirming the Bluetooth connection and granting necessary permissions.
4. Once connected in the app, you can select the source and target languages for translation.

2. Operating Instructions

2.1 Basic Earbud Controls

The M62 earbuds feature touch controls for various functions:

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud during an incoming call.
- **Reject Call:** Press and hold either earbud for 2 seconds during an incoming call.
- **Activate Voice Assistant:** Triple tap on either earbud (e.g., Siri, Google Assistant).

The earbuds can be used for listening to music and making/receiving calls, offering high-fidelity sound quality with professional acoustic tuning and a large dynamic ring shock sound system.

2.2 Using the Translation Function

The core functionality of the M62 earbuds is real-time language translation, powered by the "Earjoy Intelligence App".

1. **Open the App:** Ensure your earbuds are connected via Bluetooth and within the "Earjoy Intelligence App".
2. **Select Languages:** In the app interface, choose your native language as the "Source Language" and the language you wish to translate to as the "Target Language". The earbuds support 144 languages for online translation.
3. **Start Translation:**
    - **Simultaneous Interpretation Mode:** For continuous conversation, select this mode in the app. Speak naturally, and the earbuds will translate and play the audio in the target language.
    - **Two-Way Translation Mode:** For direct conversation, one person speaks, and the other listens to the translation. Then, the second person speaks, and the first listens to their translation. The app typically provides a button to press and hold while speaking.
4. **Directional Sound Technology:** The earbuds utilize pulse DT4.0 directional sound transmission to accurately deliver translated audio, minimizing sound leakage and ensuring privacy.
5. **Noise Cancellation:** Dual microphones with noise-canceling technology help ensure clear speech recognition even in noisy environments, improving translation accuracy.

3. Maintenance and Care

Proper care will extend the life and performance of your M62 earbuds.

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the earbuds and charging case. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Water:** The earbuds are not waterproof. Avoid exposure to water, rain, or excessive moisture.
- **Battery Care:** To preserve battery life, avoid fully discharging the earbuds and charging case frequently. Charge them regularly, even if not in constant use.

4. Troubleshooting

If you encounter issues with your M62 Language Translator Earbuds, please refer to the following common solutions:

4.1 Earbuds Not Pairing/Connecting

- **Check Battery:** Ensure both earbuds and the charging case have sufficient charge.
- **Restart Devices:** Turn off and on your phone's Bluetooth, or restart your phone.
- **Reset Earbuds:** Place earbuds back in the case, close the lid, wait a few seconds, then open again. Some models may have a reset button on the case (refer to quick start guide if available).
- **Forget Device:** On your phone's Bluetooth settings, "forget" or "unpair" the M62, then attempt to pair again.
- **Distance:** Ensure the earbuds are within 10 meters of your device.

4.2 Translation Function Not Working

- **App Connection:** Verify that the earbuds are successfully connected within the "Earjoy Intelligence App". The app often shows a connection status.
- **Internet Connection:** Online translation requires a stable internet connection (Wi-Fi or mobile data) on your paired device.
- **App Permissions:** Ensure the "Earjoy Intelligence App" has microphone and internet access permissions enabled in your phone's settings.
- **App Updates:** Check if there are any pending updates for the "Earjoy Intelligence App" in your app store. Outdated apps can cause functionality issues.
- **Microphone Obstruction:** Ensure the earbud microphones are not covered or obstructed.
- **Speak Clearly:** Speak clearly and at a moderate pace directly into the earbud's microphone for optimal speech recognition.
- **App Restart:** Close and reopen the "Earjoy Intelligence App".

4.3 Sound Quality Issues

- **Volume Levels:** Adjust volume on both your device and through the earbud controls.
- **Clean Earbuds:** Ensure there is no debris blocking the speaker grilles.
- **Interference:** Move away from other electronic devices that might cause wireless interference.
- **Re-pair:** Disconnect and reconnect the earbuds to your device.

5. Technical Specifications

Model Number	Focketyczbo2htg73-12

Bluetooth Version	V5.46
Wireless Distance	Up to 10m / 32.8ft
Earbud Battery Capacity	90 mAh (Li Battery, Built-in)
Charging Case Battery Capacity	300 mAh (Li Battery, Built-in)
Battery Life (Earbuds)	Approx. 7-8 Hours
