## Nemo Heliopolis

# NEMO Equipment Heliopolis Privacy Shelter & Shower Tent User Manual

Model: Heliopolis (2025)

Brand: Nemo

## INTRODUCTION

The NEMO Heliopolis Privacy Shelter & Shower Tent is a versatile and robust solution designed to enhance your outdoor experience by providing a private space for showering, changing, or as a portable restroom. Engineered to seamlessly integrate with NEMO's Helio and Helio LX portable showers, this shelter brings the comforts of home to any outdoor setting.

Image: The NEMO Heliopolis Privacy Shelter and Shower Tent, an orange freestanding structure, is shown set up outdoors, ready for use.

## KEY FEATURES

- **Seamless Shower Integration:** Designed to pair perfectly with Helio and Helio LX portable showers, featuring a hose passthrough and nozzle attachment for a hands-free, high-pressure shower.

- **Durable Construction:** Features lightweight aluminum poles that create a rugged, rust-free frame, ensuring stability and longevity in various conditions.
- **Smart Storage Solutions:** Includes an overhead towel rack and a built-in toilet paper dispenser with a dry bag to keep essentials dry and accessible.
- **Enhanced Privacy & Accessibility:** A door lock mechanism allows for secure closure from the inside, and a large convertible No-See-Um mesh window offers ventilation or privacy as needed.
- **Easy Setup:** Hubbed, pre-bent pole configuration and durable pole clips make assembly quick and straightforward.
- **Nighttime Visibility:** A glow-in-the-dark logo aids in easy wayfinding after dark.
- **Efficient Drainage:** Equipped with a durable floor featuring French drainage and mesh sidewalls to manage water effectively.

## KEY FEATURES

- 1 Overhead storage keeps belongings dry
- 2 Durable aluminum poles create a sturdy, rust-free structure
- 3 Mildew-resistant PE floor with mesh drainage panels
- 4 Door zips and can be secured from the inside
  - + Included clothesline
  - + Waterproof toilet paper dispenser
  - + Pairs perfectly with the NEMO Helio and Helio LX

Image: An annotated diagram highlighting the key features of the Heliopolis shelter, such as overhead storage, durable aluminum poles, mildew-resistant floor, and a secure zippered door.

### SETUP INSTRUCTIONS

1. **Unpack:** Remove the shelter and all components from the duffel storage bag. Lay out the fabric and poles on a clear, flat surface.

2. **Assemble Poles:** The aluminum poles are pre-bent and hubbed for intuitive assembly. Connect the pole sections by inserting them into the corresponding hubs.
3. **Attach Fabric:** Secure the shelter fabric to the assembled pole frame using the durable pole clips. Ensure all clips are firmly attached for stability.
4. **Secure Guy-Outs (Optional, Recommended for Wind):** For added stability in windy conditions, utilize the reinforced exterior webbing guy-outs. Stake them securely to the ground.
5. **Position:** Place the assembled shelter in your desired location. The freestanding design allows for flexible placement.

## OPERATING INSTRUCTIONS

---

### Using as a Shower Tent:

- **Integrate Shower System:** Place your NEMO Helio or Helio LX portable shower inside the shelter. Utilize the dedicated hose passthrough and nozzle attachment to position the shower sprayer at head height for hands-free operation.
- **Privacy:** Close the zippered door and engage the door lock mechanism from the inside for complete privacy.
- **Ventilation/Views:** Adjust the large convertible No-See-Um mesh window as desired for ventilation or to enjoy views while maintaining insect protection.
- **Drainage:** The durable floor with French drainage and mesh sidewalls is designed to efficiently manage water runoff during showering.

### Using as a Privacy Shelter/Changing Room:

- **Changing:** Use the spacious interior for changing clothes. The standing height roominess provides ample space.
- **Restroom:** The shelter can accommodate a portable toilet for use as a private restroom. The built-in toilet paper dispenser with a dry bag is conveniently located.
- **Storage:** Utilize the overhead towel pocket and external clothesline to keep towels, clothing, and other items off the ground and organized.
- **Nighttime Use:** The reflective logo and an internal battery-powered light with a carabiner (if included with your model) assist with visibility and comfort during nighttime use.

# SMART STORAGE TO KEEP THINGS DRY

Overhead towel rack and toilet paper holder  
are positioned away from the spray so they won't get wet.

Image: A user demonstrating the smart storage features, including the external clothesline for drying towels or clothes.

## MAINTENANCE

- **Cleaning:** Clean the shelter with mild soap and water. Avoid harsh chemicals or abrasive cleaners that could damage the fabric or coatings.
- **Drying:** Ensure the shelter is completely dry before packing away to prevent mildew and odors. Air dry in a shaded area if possible.
- **Storage:** Store the shelter in its duffel storage bag in a cool, dry place away from direct sunlight and extreme temperatures.
- **Pole Care:** Periodically inspect aluminum poles for any signs of damage or corrosion. While rust-free, proper care extends their lifespan.

## TROUBLESHOOTING

### Difficulty with Pole Assembly:

- Ensure all pole sections are fully seated into the hubs.
- Verify that the poles are correctly oriented according to the pre-bent design.

## Water Accumulation on Floor:

- Confirm that the shelter is set up on relatively level ground to allow for proper drainage through the mesh sidewalls.
- Ensure the French drainage system is not obstructed by debris.

## Lack of Privacy:

- Ensure the zippered door is fully closed and the internal door lock mechanism is engaged.
- If your model has a convertible mesh window, ensure the privacy panel is zipped up and secured.

## SPECIFICATIONS

<b>Brand</b>	Nemo
<b>Model Name</b>	Heliopolis
<b>Style</b>	2025
