Audizio Genua

Audizio Genua DAB Radio User Manual

Model: Genua | Brand: Audizio

1. INTRODUCTION

Thank you for purchasing the Audizio Genua DAB Radio. This manual provides essential information for the safe and efficient operation of your device. Please read it thoroughly before use and retain it for future reference. The Audizio Genua is a versatile DAB+/FM stereo radio featuring Bluetooth connectivity, USB playback, and an alarm function, designed for both home and portable use.

2. SAFETY INFORMATION

- **Power Source:** Only use the provided power adapter. Ensure the voltage matches the requirements of your region.
- **Water and Moisture:** Do not expose the unit to rain, moisture, or dripping/splashing liquids. Do not place objects filled with liquids, such as vases, on the apparatus.
- **Ventilation:** Ensure adequate ventilation. Do not block ventilation openings.
- **Heat:** Keep the unit away from heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- **Cleaning:** Clean only with a dry cloth.
- **Servicing:** Do not attempt to service this product yourself. Refer all servicing to qualified service personnel.
- **Antenna:** Do not bend or force the antenna.

3. PACKAGE CONTENTS

Please check that all items are present and in good condition upon unpacking:

- Audizio Genua DAB Radio
- Remote Control
- Power Adapter
- Quick Start Guide (language not guaranteed)

4. PRODUCT OVERVIEW

4.1 Front Panel Controls and Display

Figure 4.1: Front view of the Audizio Genua DAB Radio.

The front panel features a clear color TFT display, two speaker grilles, and an array of control buttons and a central rotary knob. The display shows station information, track details, time, and menu options. Buttons include Menu, Preset, Scan, Dimmer, Alarm, and playback controls (Play/Pause, Skip). The central knob is used for volume adjustment, tuning, and selection.

The included remote control provides full functionality, allowing you to power on/off, adjust volume, change modes, navigate menus, set alarms, and control playback from a distance.

5. SETUP

5.1 Power Connection

1. Connect the power adapter to the DC 12V input on the rear of the radio.
2. Plug the power adapter into a suitable wall outlet.
3. Flip the main power switch on the rear panel to the 'ON' position.

5.2 Antenna Adjustment

Extend the telescopic antenna fully for optimal DAB+ and FM radio reception. Adjust its position for the best signal quality.

5.3 Initial Setup and Auto Scan

1. Upon first power-on, the radio may prompt you to perform an auto-scan for DAB+ stations. Select 'Yes' or press the 'Scan' button.
2. The radio will scan for available DAB+ stations and store them. This process may take a few minutes.
3. Once the scan is complete, the radio will tune to the first available station.

6. OPERATING INSTRUCTIONS

6.1 Mode Selection

Press the 'Mode' button on the remote control or the 'Menu' button on the unit to cycle through available modes: DAB+, FM, Bluetooth, USB, and AUX In.

6.2 DAB+ Radio Operation

1. Select DAB+ mode.
2. If no stations are found or you wish to rescan, press the 'Scan' button to perform a full scan.
3. Use the 'Tune/Select' knob or the navigation buttons on the remote to browse through the list of available stations.
4. Press the 'OK' button (on remote) or push the 'Tune/Select' knob to select a station.
5. **Storing Presets:** To store a favorite station, press and hold the 'Preset' button until the preset menu appears. Use the knob/navigation to select a preset number (1-30) and press 'OK' to confirm.
6. **Recalling Presets:** Briefly press the 'Preset' button, then use the knob/navigation to select the desired preset and press 'OK'.

6.3 FM Radio Operation

1. Select FM mode.
2. **Auto Scan:** Press the 'Scan' button to automatically scan for and store available FM stations.
3. **Manual Tuning:** Use the 'Tune/Select' knob to manually tune to a specific frequency.
4. **Storing Presets:** Similar to DAB+ mode, press and hold 'Preset', select a number, and confirm.
5. **Recalling Presets:** Briefly press 'Preset', select the desired preset, and confirm.

6.4 Bluetooth Connectivity

1. Select Bluetooth mode. The display will show "Pairing" or "Waiting for connection".
2. On your smartphone or other Bluetooth-enabled device, enable Bluetooth and search for available devices.
3. Select "Audizio Genua" from the list of devices.
4. Once paired, the radio will confirm the connection, and you can start playing audio from your device.

6.5 USB Playback

1. Insert a USB flash drive containing MP3 files into the USB port on the rear panel.
2. Select USB mode. The radio will automatically detect the USB drive and begin playing the first compatible audio file.
3. Use the playback control buttons (Play/Pause, Skip Forward/Backward) on the unit or remote to manage your music.

6.6 AUX Input

1. Connect an external audio device (e.g., MP3 player, smartphone) to the 3.5mm AUX IN port on the rear panel using an audio cable (not included).
2. Select AUX mode.
3. Control playback and volume from your external device.

6.7 Alarm and Sleep Timer

1. **Setting Alarm:** Press the 'Alarm' button on the unit or remote. Follow the on-screen prompts to set Alarm 1 and Alarm 2, including time, source (DAB/FM/Buzzer), and volume.
2. **Snooze Function:** When the alarm sounds, press any button (except Power) to activate snooze. The alarm will sound again after a set interval.
3. **Sleep Timer:** Press the 'Sleep' button on the remote to set a sleep timer (e.g., 15, 30, 60 minutes). The radio will automatically turn off after the selected time.

6.8 Display Dimmer

Press the 'Dimmer' button on the unit or remote to adjust the brightness of the display. This is useful for different lighting conditions or for use in a bedroom.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the radio. Do not use abrasive cleaners, waxes, or solvents.
- **Antenna:** Handle the telescopic antenna with care to prevent damage.
- **Storage:** If storing the radio for an extended period, disconnect it from the power supply.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Power adapter not connected; Main power switch off	Ensure power adapter is securely connected and plugged in; Turn main power switch to 'ON'
Poor radio reception (DAB+/FM)	Antenna not extended; Weak signal area; Interference	Fully extend and adjust the telescopic antenna; Try repositioning the radio; Move away from other electronic devices
Bluetooth not pairing	Radio not in Bluetooth mode; Device not discoverable; Already paired with another device	Select Bluetooth mode on the radio; Ensure Bluetooth is enabled on your device and it's in pairing mode; Disconnect from other Bluetooth devices
USB playback not working	USB drive not inserted correctly; Incompatible file format; USB drive corrupted	Ensure USB drive is fully inserted; Check if files are in MP3 format; Try a different USB drive
No sound	Volume too low; Mute activated; Incorrect source selected	Increase volume; Check if mute is active; Ensure correct input source (DAB/FM/BT/USB/AUX) is selected
