UGREEN W702

UGREEN MagFlow Qi2 Magnetic Foldable Charging Station User Manual

Model: W702

Introduction

The UGREEN MagFlow Qi2 Magnetic Foldable Charging Station is a versatile 2-in-1 wireless charger designed for efficient power delivery to compatible devices. This Genshin Impact Edition features a unique Kinich-themed design, combining functionality with aesthetic appeal. It supports fast wireless charging for iPhones and AirPods, and includes an additional USB-C port for other devices like smartwatches.

Key Features

- **Authentic Collaboration & Unique Design:** Officially licensed Genshin Impact x Kinich-themed wireless charger, featuring intricate details and a collectible design. This MagSafe charger stand brings a stylish touch to every adventurer's gear.
- **15W Qi2-Certified Fast Charging:** Equipped with the latest Qi2 wireless charging technology, delivering up to 15W high-speed charging. Never worry about battery drain during your adventures.
- **Triple Device Charging:** The magnetic wireless charging station powers iPhones and Bluetooth Headphones, and the extra USB-C port is perfect for Watches (Apple Watch charger not included). Stay connected and powered up effortlessly.
- **Compact & Travel-Friendly:** Designed for ultimate portability, weighing just 7.5oz with a foldable form factor measuring only 2.4x2.4x1.5 inches. Slip it into your pocket or backpack with ease—perfect for daily commutes or long adventures.
- **Advanced Safety Protection:** Built-in MCU and power management chip provide real-time current and voltage monitoring, preventing overcurrent, overvoltage, overheating and short circuit, so you can charge worry-free.

What's in the Box

- 1* 2-in-1 Magnetic Wireless Charging Station
- 1* 3 FT USB-C Cable
- User Manual

Setup

1. **Unpack:** Carefully remove all components from the packaging.
2. **Connect Power:** Connect the provided 3 FT USB-C cable to the charging station's USB-C input port. For optimal performance, connect the other end of the USB-C cable to a 30W or higher wall charger (not included).
3. **Unfold (Optional):** If using the stand feature, gently unfold the magnetic charging pad upwards until it locks into place, forming a stable stand.
4. **Placement:** Place the charging station on a stable, flat surface.

Operating Instructions

Charging an iPhone

1. Ensure the charging station is properly connected to a power source.
2. Align your MagSafe-compatible iPhone (iPhone 12-16 series) with the magnetic charging pad. The magnets will securely attach the iPhone to the charger.
3. The iPhone will begin charging automatically. A charging animation will appear on your iPhone screen.
4. The charging pad supports 360° phone rotation and a 75° adjustable angle for optimal viewing while charging.

Charging AirPods / Bluetooth Headphones

1. Place your AirPods (2nd Gen, 3rd Gen, Pro, Pro 2nd Gen) or other Qi-enabled Bluetooth headphones on the base of the charging station.
2. Ensure the charging case is properly aligned with the charging area on the base.
3. The indicator light on the charging station or your device will confirm charging has begun.

Charging an Apple Watch (via USB-C port)

1. Connect your Apple Watch charging cable (not included) to the USB-C output port on the side of the charging station.
2. Place your Apple Watch on its charging puck.
3. Ensure the Apple Watch is properly positioned to initiate charging.

Maintenance

- **Cleaning:** Disconnect the charger from power before cleaning. Use a soft, dry cloth to wipe the surface. Avoid using

abrasive cleaners or solvents.

- **Storage:** When not in use, fold the charger into its compact form and store it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the device or subjecting it to strong impacts. Do not attempt to disassemble or modify the charger.

Troubleshooting

Device not charging:

- Check if the charging station is properly connected to a power source. Ensure the wall adapter provides sufficient wattage (30W or higher recommended).
- Verify that your device is correctly aligned on the magnetic charging pad or the base. For iPhones, ensure it is MagSafe compatible. For AirPods, ensure they are Qi-enabled.
- Remove any thick phone cases that might interfere with wireless charging.
- Ensure there are no foreign objects (e.g., metal, credit cards) between the charger and your device.

Slow charging:

- Confirm your wall adapter is 30W or higher. Lower wattage adapters may result in slower charging speeds, especially when charging multiple devices.
- Ensure your iPhone's iOS version is 17.2+ (for iPhone 13-16) or 17.4+ (for iPhone 12) to support 15W wireless charging.

Overheating:

- Charging may generate some heat, which is normal. If the device becomes excessively hot, disconnect it immediately and allow it to cool down. Ensure proper ventilation around the charger.
- Avoid charging in direct sunlight or hot environments.

Specifications

Feature	Detail
Model Number	W702
Product Dimensions	2.36 x 1.5 x 2.36 inches (folded)
Item Weight	10.6 ounces
Connectivity Technology	Wireless
Connector Type	USB Type C
Compatible Devices	Headphones, Smartphones (iPhone 12-16 series, AirPods 2/3/Pro/Pro 2nd Gen, other Qi-enabled headphones)
Input Voltage	12 Volts (AC)
Wireless Charging Output	Up to 15W (Qi2 Certified)
USB-C Output	5W (for Apple Watch, charger not included)

Safety Protection	Overvoltage, Overcurrent, Overheat, Short Circuit Protection
