Aheaplus 96-inch Walk-in Closet System Instruction Manual

Model: CSG-02
Brand: Aheaplus

1. INTRODUCTION

Thank you for choosing the Aheaplus 96-inch Walk-in Closet System. This versatile and heavy-duty storage solution is designed to help you organize your garments, accessories, and other belongings efficiently. Featuring durable metal frames, wooden drawers, and adjustable shelving, this system offers ample storage and can be customized to fit various spaces. Please read this manual carefully before assembly and use to ensure proper installation and long-term satisfaction.

2. SAFETY INFORMATION

- **Two-Person Assembly:** It is highly recommended that two people assemble this closet system to ensure safety and ease of installation.
- **Wall Mounting:** This system features a wall-mounted design for added stability. Ensure it is securely anchored to a sturdy wall to prevent accidental tipping. Use appropriate wall anchors for your wall type.
- **Weight Capacity:** Do not exceed the stated weight capacities. The overall system can support over 1200 lbs, with individual hanging rods supporting up to 100 lbs. Distribute weight evenly.
- **Component Check:** Before assembly, verify all parts are present and undamaged. Do not proceed with assembly if any parts are missing or damaged. Contact customer service immediately.
- **Tool Use:** Use only the recommended tools and hardware provided. Do not overtighten screws.
- **Children and Pets:** Keep children and pets away from the assembly area. Do not allow children to climb on or play with the assembled unit.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all components listed below are present and in good condition. Refer to the included parts list in your package for detailed identification.

- Metal Frame Components
- Wooden Boards for Shelves and Drawers
- 3 Wooden Drawers with hardware
- 5 Expandable Hanging Rods
- All necessary hardware (screws, bolts, wall anchors, etc.)
- Assembly Manual
- Install Kits (tools)

4. SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. Each part is clearly labeled for a hassle-free setup. A second person is recommended for assistance.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Verify all parts against the included parts list.
2. **Assemble Base Frames:** Connect the base metal frames according to the diagrams in your specific assembly manual.
3. **Install Vertical Supports:** Attach the vertical metal supports to the base frames. Ensure they are securely fastened and aligned.
4. **Attach Shelves:** Secure the wooden shelves to the designated positions on the vertical supports. The shelves are detachable, allowing for flexible configuration.
5. **Assemble Drawers:** Follow the instructions to assemble the three wooden drawers. Insert the assembled drawers into their designated slots.
6. **Install Hanging Rods:** Attach the 5 expandable hanging rods. These rods have a telescopic range of 20-50 inches, allowing for adjustment.
7. **Wall Mounting:** Securely mount the entire closet system to the wall using the provided wall anchors and hardware. This step is crucial for stability and safety.
8. **Customization (Optional):** The system fits 5.4ft to 10.6 ft wide closet areas. If your space is less than 8ft, you can remove one top plate or shorten the side boards to perfectly fit your room.

5. OPERATING AND USAGE

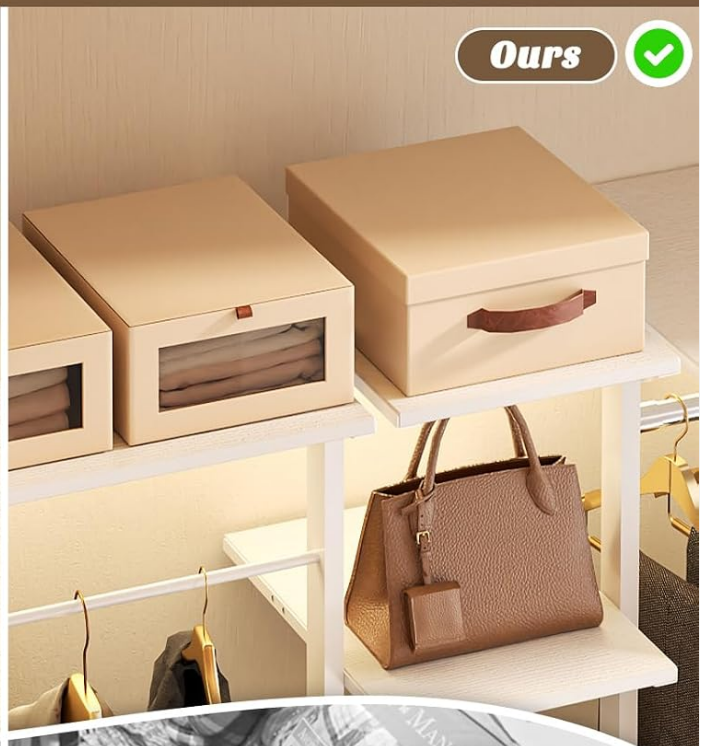

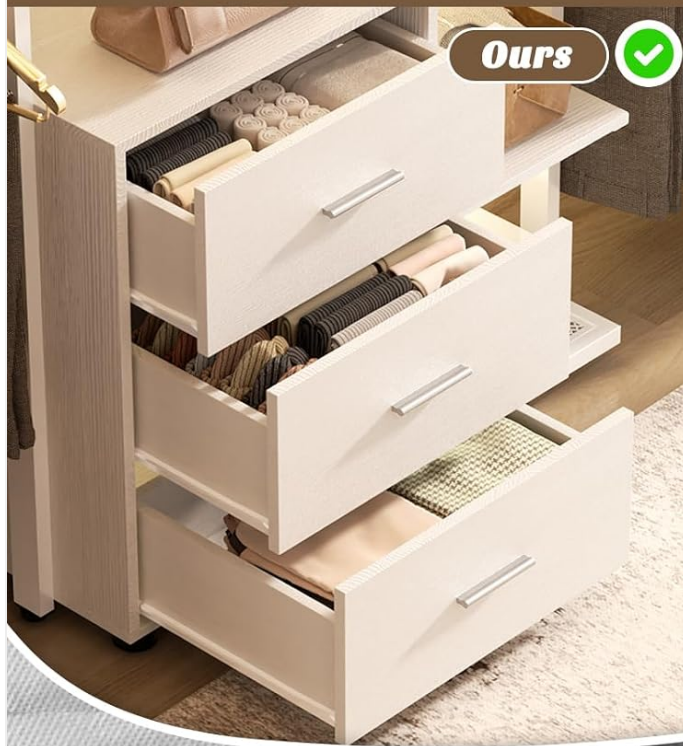

The Aheaplus Closet System is designed for versatile storage. Utilize the various sections to organize your wardrobe effectively.

- **Hanging Rods:** Use the 5 expandable hanging rods for dresses, shirts, pants, and jackets. Ensure clothes are evenly distributed to maintain balance.
- **Shelves:** The multiple shelves are ideal for folded clothes, storage boxes, bags, shoes, and other accessories.
- **Wooden Drawers:** The three wooden drawers provide enclosed storage for smaller items, undergarments, or delicate clothing. Unlike fabric alternatives, these wooden drawers offer enhanced durability and a refined appearance.
- **Top Storage:** The top surface of the unit can be used for additional storage of less frequently used items or decorative elements.

6. MAINTENANCE

- **Cleaning:** Wipe down the metal frame and wooden surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Load Management:** Avoid overloading shelves and hanging rods beyond their specified weight capacities to prevent damage and ensure longevity.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
System feels wobbly or unstable.	Loose connections; insufficient wall mounting.	Ensure all screws are tightened. Verify the unit is securely mounted to the wall using appropriate anchors.
Missing or damaged parts upon arrival.	Shipping damage or packing error.	Do not proceed with assembly. Contact Aheaplus customer service immediately for replacement parts.
Drawers do not slide smoothly.	Improper assembly of drawer slides or drawer box.	Review drawer assembly steps in the manual. Ensure slides are correctly aligned and installed.
Unit does not fit intended space.	Incorrect measurements or customization.	Refer to the customization section (Section 4) for options to adjust the unit width by removing top plates or shortening side boards.
