4. SETUP INSTRUCTIONS

4.1. Connecting Your Keyboard

The GS75 keyboard supports three connection modes:

- USB-C Wired Mode:** Connect the provided USB-C cable from the keyboard to your computer. The keyboard is plug-and-play in this mode.
- 2.4GHz Wireless Mode:** Insert the 2.4G USB receiver into your computer's USB port. Switch the keyboard to 2.4G mode using the switch on the side (often labeled '2.4G' or 'R'). Press and hold **FN + R** to activate.
- Bluetooth 5.0 Mode:** The keyboard can connect to up to 3 Bluetooth devices. Switch the keyboard to Bluetooth mode (often labeled 'BT'). Press and hold **FN + Q**, **FN + W**, or **FN + E** to select a Bluetooth channel (BT1, BT2, BT3) and initiate pairing. Search for 'GS75' on your device's Bluetooth settings and connect.

Image 4.1: Illustration of the keyboard's tri-mode connection options.

4.2. Operating System Compatibility

The keyboard supports both Windows and Mac operating systems. Use the side switch (labeled 'WIN' and 'MAC') to adjust the keyboard's layout and functionality for your specific OS.

4.3. Adjusting Keyboard Angle

The keyboard features adjustable kickstands on the underside. Extend these to achieve a more ergonomic typing angle if desired.

5. OPERATING INSTRUCTIONS

5.1. Multimedia Knob Functionality

The metal knob located on the top right of the keyboard provides quick audio control:

- Turn clockwise to increase volume.

- Turn counter-clockwise to decrease volume.
- Long-press to mute/unmute audio.

5.2. RGB Backlight Control

The keyboard features dynamic RGB lighting with 16.8 million colors and various effects. You can control the lighting directly on the keyboard or through the dedicated software.

- Press **FN + X** to turn the backlight on/off.
- Press **FN + /** to switch between different lighting effects.
- Press **FN + Enter** to switch colors within certain effects.
- Press **FN + ESC (hold for 3 seconds)** to restore factory lighting settings.

Image 5.2: On-board RGB control functions.

5.3. Programmable Software

For advanced customization of lighting, key assignments, and macros, download the official EWEADN GS75 software. This software allows you to:

- Customize individual key functions.
- Create and assign macros.
- Fine-tune RGB lighting effects and colors.
- Set music rhythm synchronization for lighting.

5.4. Battery Management

The GS75 keyboard is equipped with a 5000mAh battery. To maximize battery life:

- Turn off RGB lighting when not needed (up to 160 hours of use).
- The keyboard supports charging while in use.
- It features energy-saving technology and a sleep mode to conserve power during inactivity.

6. MAINTENANCE

6.1. Keycap and Switch Care

The GS75 uses durable PBT double-shot keycaps. To clean, gently remove keycaps using the provided keycap puller and wipe with a soft, damp cloth. Avoid harsh chemicals.

The keyboard features a hot-swappable PCB, allowing for easy replacement of 3-pin or 5-pin mechanical switches without soldering. Use the provided switch puller to carefully remove and insert switches.

6.2. Gasket Structure and Sound

The keyboard's gasket-mounted design incorporates a 6-layer padding system (including PET sound pads, PORON foam, IXPE switch pads, EPDM switch seat foam, and silicone bottom pads) to reduce noise and enhance typing acoustics, delivering a 'creamy' sound profile.

7. TROUBLESHOOTING

- **Connectivity Issues:** Ensure the keyboard is switched to the correct mode (BT, 2.4G, or Wired). For Bluetooth, ensure your device's Bluetooth is on and the keyboard is in pairing mode. For 2.4G, ensure the USB receiver is properly inserted.
- **RGB Lighting Not Working:** Check battery level. If using software, ensure settings are applied correctly. Try resetting

to factory settings (**FN + ESC** for 3 seconds).

- **Keys Not Responding:** Check if the keyboard is connected. If hot-swappable switches were recently changed, ensure they are seated correctly.
- **Software Not Detecting Keyboard:** Ensure the keyboard is connected via USB-C when first setting up the software.

8. SPECIFICATIONS

Feature	Detail
Product Dimensions	5.71 x 0.75 x 13.07 inches
