Jocoevol Queen Upholstered LED Bed Frame Instruction Manual

Model: FZZH24102101

1. PRODUCT OVERVIEW

The Jocoevol Queen Upholstered LED Bed Frame is designed to provide both comfort and functionality for your bedroom. This bed frame features a chic double wavy headboard upholstered in soft velvet, integrated RGB LED lighting with music sync capabilities, a convenient charging station with USB and Type-C ports, and two large storage drawers at the footboard. Its robust construction with thickened wooden slats and a heavy-duty metal structure ensures durability and silent support, eliminating the need for a box spring.

5. ASSEMBLY INSTRUCTIONS

This bed frame is designed for straightforward assembly. All necessary tools and labeled parts are included. It is recommended to assemble with two people.

Preparation:

- Clear a spacious area for assembly.

- Unpack all components and lay them out, matching them with the parts list in the included Installation Manual.
- Keep the included Allen wrench and any other tools handy.

Assembly Steps (General Overview - Refer to detailed manual for specifics):

1. **Attach Side Rails to Headboard:** Securely fasten the side rails to the headboard using the provided hardware. Ensure all bolts are tightened.
2. **Attach Side Rails to Footboard:** Connect the other end of the side rails to the footboard. Double-check all connections for stability.
3. **Install Support Legs:** Attach the three adjustable support legs to the central beam or designated points on the frame. Adjust them to ensure stability on uneven floors.

7. MAINTENANCE

Proper maintenance will extend the life and appearance of your bed frame.

- **Cleaning the Upholstery:** For general cleaning, gently vacuum the velvet fabric with a soft brush attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, consult a professional upholstery cleaner or use a mild fabric cleaner designed for velvet, testing on an inconspicuous area first.
- **Frame Cleaning:** Wipe down metal and wood components with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically (every 3-6 months) check all bolts, screws, and connections to ensure they are tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **LED Lights:** The LED lights are designed for long-term use. If issues arise, refer to the troubleshooting section. Do not attempt to replace individual LED components.
- **Storage Drawers:** Keep the drawer tracks clean and free of obstructions to ensure smooth operation.

8. TROUBLESHOOTING

If you encounter any issues with your Jocoevol bed frame, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Bed frame is squeaking.	Loose bolts or connections; uneven floor.	Ensure all assembly bolts are securely tightened. Adjust the adjustable feet to level the bed frame on uneven surfaces. The silent strips on the slats are designed to minimize noise.
LED lights are not working.	Power cord not connected; remote control battery low/dead; app connection issue.	Check if the power cord for the LED lights is securely plugged into a working wall outlet. Replace the remote control battery. Ensure your mobile device is properly paired with the LED system via the app.

Problem	Possible Cause	Solution
Charging ports (USB/Type-C) are not working.	Power cord not connected; device incompatibility; faulty port.	Verify the main power cord for the headboard is securely plugged in. Test with a different device and cable to rule out device incompatibility. If the issue persists, contact customer support.
Storage drawers are difficult to open/close.	Obstruction in tracks; misaligned drawers; overloaded drawers.	Check for any debris or objects obstructing the drawer tracks. Ensure the drawers are properly aligned on their wheels. Do not overload the drawers beyond their capacity.
Headboard is wobbly.	Loose connections to side rails; height adjustment not secured.	Re-tighten all bolts connecting the headboard to the side rails. Ensure the adjustable headboard mechanism is securely locked at the desired height.

If the problem persists after attempting these solutions, please contact Jocoevol customer support for further assistance.
