› WLIVE Wood Dresser with 5 Drawers (Model ASNG130BL) - Instruction Manual

## WLIVE ASNG130BL

# WLIVE Wood Dresser with 5 Drawers

Model: ASNG130BL

Instruction Manual

## 1. INTRODUCTION

Thank you for purchasing the WLIVE Wood Dresser with 5 Drawers. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

## 2. SAFETY INFORMATION

---

To prevent injury and damage to the product, please observe the following safety guidelines:

- Always assemble the dresser on a soft, clean surface to prevent scratches.
- Ensure all parts are securely fastened before use. Periodically check and tighten all connections.
- Do not allow children to climb on or play with the dresser.
- Distribute weight evenly across drawers. Do not overload drawers.
- **Always use the included anti-tip kit to secure the dresser to a wall.** This is crucial to prevent serious injury from tipping furniture.

Image 2.1: Illustration demonstrating the importance of the anti-tip lock mechanism and proper wall anchoring to prevent accidental tipping.

## 3. PACKAGE CONTENTS

---

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

The package includes all necessary hardware and tools for assembly. A detailed parts list will be provided in the separate assembly guide.

## 4. ASSEMBLY INSTRUCTIONS

Assembly typically requires two adults. Follow the step-by-step instructions provided in the separate assembly manual included with your product. Ensure you have ample space and a soft surface to work on.

### Key Assembly Considerations:

- **Identify all parts:** Lay out all components and hardware. Refer to the parts list to ensure everything is accounted for.
- **Drawer Slides:** Pay close attention to the orientation of the drawer slides. Incorrect installation can prevent drawers from opening or closing smoothly.
- **Secure Connections:** Tighten all screws and fasteners firmly, but do not overtighten to avoid damaging the engineered wood.
- **Anti-Tip Kit:** Install the anti-tip kit as the final step of assembly to secure the dresser to a wall.

Image 4.1: Detailed diagram illustrating the overall dimensions of the dresser (15.7"D x 31.4"W x 45.3"H) and the internal dimensions of the drawers.

## STURDY AND DURABLE MATERIALS

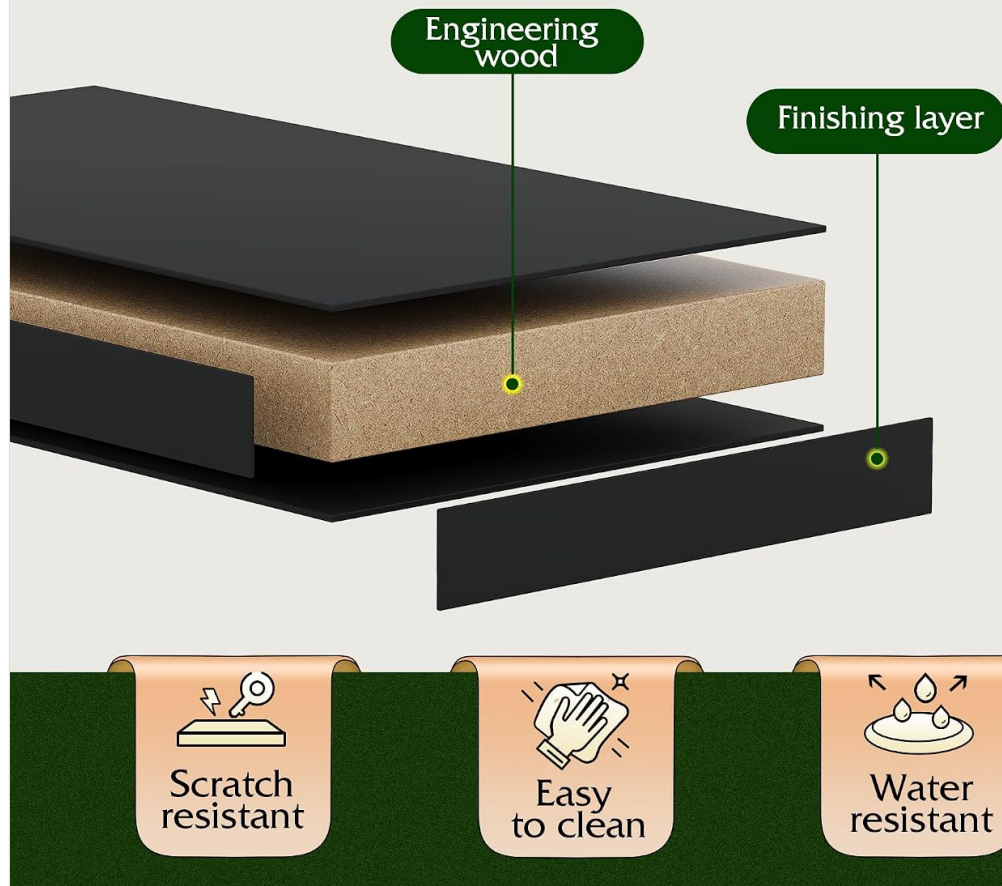

Image 4.2: Focus on key construction details: the antique-style drawer knobs, the smooth metal drawer slides for quiet operation, and the stable support base of the dresser.

## **SUPPORT PLATES**

### **STRONGER LOAD CAPACITY**

Image 4.3: Illustration of the sturdy and durable materials used, specifically engineered wood with a protective finishing layer, highlighting scratch resistance, easy cleaning, and water resistance.

# ANTI-TIP LOCK DETAILS

Image 4.4: Visual representation of internal support plates designed to provide stronger load capacity for the dresser's structure.

## 5. OPERATING INSTRUCTIONS

The WLIVE dresser is designed for organized storage in various rooms. To ensure optimal performance and longevity:

- **Drawer Use:** Gently pull and push drawers using the knobs. Avoid forcing drawers open or closed.
- **Weight Distribution:** Distribute items evenly within each drawer. Avoid placing excessively heavy items in a single drawer or on the top surface. The top surface can hold small TVs or decorative items.
- **Capacity:** The 5 drawers offer ample storage. Refer to the specifications for individual drawer weight limits.

## FOCUS ON DETAILS

Image 5.1: Visual guide demonstrating the ample storage capacity of the dresser drawers for organizing various household items such as toys, snacks, clothes, stationery, diapers, and socks.

## 6. MAINTENANCE

Proper care will extend the life and appearance of your dresser:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean spills immediately to prevent staining or damage to the engineered wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary.
- **Environment:** Avoid placing the dresser in direct sunlight or near heat sources, which can cause fading or warping.

## 7. TROUBLESHOOTING

Refer to the table below for common issues and their solutions:

| Problem                        | Possible Cause                                                               | Solution                                                                                                                                                |
|--------------------------------|------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Drawers do not slide smoothly. | Incorrect drawer slide installation; debris in slides; overtightened screws. | Check drawer slide orientation and ensure they are flush. Clean slides. Loosen screws slightly if overtightened.                                        |
| Dresser wobbles.               | Uneven floor; loose connections.                                             | Ensure dresser is on a flat surface. Check and tighten all assembly screws. Use shims if necessary for uneven floors. Ensure anti-tip kit is installed. |
| Parts missing or damaged.      | Shipping damage; packaging error.                                            | Do not proceed with assembly. Contact WLIVE customer support with your purchase details.                                                                |

## 8. SPECIFICATIONS

| Feature                        | Detail                                                          |
