## SETUP & ASSEMBLY INSTRUCTIONS

The VECELO Upholstered Bed Frame is designed for straightforward assembly. All necessary parts and tools are included. Assembly typically takes approximately 30 minutes.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Verify all parts against the package contents list.
2. **Attach Headboard Legs:** Secure the support legs to the upholstered headboard using the provided bolts and the Allen key.
3. **Assemble Side Rails:** Connect the side rails to the headboard and footboard. Ensure all connections are firm.
4. **Install Center Support:** Place the metal center support beams and legs into position and secure them.
5. **Lay Wooden Slats:** The wooden slats feature Velcro attachments for quick and efficient installation. Simply unroll and press them firmly onto the side rails to secure them.
6. **Final Tightening:** Double-check all bolts and screws to ensure they are fully tightened.

## PRODUCT FEATURES & OPERATION

Your VECELO Upholstered Twin Size Bed Frame offers several key features designed for comfort and durability:

- **Adjustable Headboard:** The headboard can be adjusted to four different heights (41/43/45/47 inches) to accommodate mattresses ranging from 6 to 12 inches thick. This allows for a customized fit and aesthetic.
- **Upholstered Velvet Material:** The headboard and frame are covered in high-quality velvet fabric with built-in high-rebound memory foam, providing a soft, comfortable, and luxurious feel.
- **Sturdy Structure:** Constructed with a durable metal frame, evenly-spaced solid wood slats, and extra center support legs, this bed frame provides strong and firm support, capable of holding up to 550 lbs.
- **No Box Spring Needed:** The robust wooden slat support system eliminates the need for a box spring, allowing your mattress to be placed directly on the frame.
- **Noise-Free Design:** The Velcro-fixed slats ensure quick installation and help eliminate noise, contributing to a quiet night's sleep.
- **Under-Bed Clearance:** With 7.87 inches of ground clearance, there is ample space for under-bed storage, suitable for various storage containers.

### MAINTENANCE

To ensure the longevity and appearance of your VECLEO Upholstered Twin Size Bed Frame, follow these maintenance guidelines:

- **Cleaning:** Wipe the frame and headboard with a dry cloth to remove dust. For spills or stains on the velvet fabric, gently blot with a clean, damp cloth and mild soap, then dry thoroughly. Avoid harsh chemicals.
- **Fastener Check:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain structural integrity.
- **Avoid Excessive Weight:** Do not place excessive weight on the bed frame beyond its specified capacity to prevent damage.
- **Protect from Direct Sunlight:** Prolonged exposure to direct sunlight may cause the fabric color to fade.

### TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common troubleshooting tips:

- **Squeaking Noises:** Ensure all bolts and screws are securely tightened. The Velcro-fixed slats are designed to minimize noise, but loose connections can cause squeaks.
- **Instability/Wobbling:** Check that all frame components are correctly assembled and all fasteners are tight. Verify that the center support legs are properly positioned and making contact with the floor.
- **Slats Shifting:** Ensure the Velcro on the wooden slats is firmly attached to the corresponding strips on the bed frame. Re-adjust if necessary.
- **Headboard Height Adjustment:** If the headboard is not at the desired height, refer to the assembly instructions for adjusting the bolt placement on the headboard legs.
