PawGiant PGC-03

PawGiant Catio Outdoor Cat Enclosure

Model: PGC-03

Product Overview

The PawGiant Catio Outdoor Cat Enclosure is designed to provide a safe, spacious, and stimulating outdoor environment for multiple cats. Its robust construction and thoughtful design ensure durability and comfort for your feline companions. The enclosure features multiple levels and platforms to satisfy natural climbing and lounging instincts, while the weather-resistant roof offers protection from the elements.

Image: The complete PawGiant Catio Outdoor Cat Enclosure, showcasing its spacious design and integrated platforms.

This catio measures 5.9' x 2.9' x 5.6', offering ample space for exploration and play. It includes six platforms to accommodate multiple cats and their natural behaviors. The removable roof cover is water-resistant, allowing for year-round outdoor use. Safety is prioritized with a reinforced base for stability and 360° breathable metal mesh to prevent chewing and ensure security. The non-toxic fir wood construction guarantees a safe and pleasant habitat.

Parts List

Before beginning assembly, ensure all parts are present and undamaged. Refer to the assembly video for visual identification of components.

- Wooden Panels (various sizes for walls, doors, and roof)
- Metal Mesh Panels
- Wooden Platforms (6 units)

- Platform Brackets
- Waterproof Roof Cover
- Screws (various types: A, B, C, D, E)
- Door Latches (F)
- Assembly Tools (e.g., screwdriver, drill - not included)

Assembly Instructions

Assembly is designed to be straightforward with pre-drilled holes and labeled parts. It is recommended to wear gloves for safety during assembly. For a detailed visual guide, please watch the official assembly video below.

Video: Official 'How to Assemble' guide for the PawGiant Catio. This video provides step-by-step visual instructions for the entire assembly process.

Step-by-Step Guide:

1. **Prepare Panels:** Lay out all numbered panels and identify the corresponding screws (A, B, C, D, E) and hardware (F).
2. **Assemble Base Sections:** Connect the base mesh panels (e.g., panels 12, 13, 14, 16) using screws (Type A) as indicated in the video. Ensure all connections are secure.
3. **Attach Side Panels:** Secure the side mesh panels (e.g., panels 5, 6, 7, 8, 9, 10, 11) to the base and to each other using appropriate screws (Type A and B). Pay attention to the orientation of panels with angled supports.
4. **Install Platforms:** Attach the platform brackets (18) to the designated wall panels using screws (Type C). Then, place the platforms (17) onto the brackets and secure them with screws (Type D). Repeat this process for all six platforms, ensuring they are level and firmly attached.
5. **Assemble Roof Panels:** Attach the support bars (20, 21, 22, 23, 24) to the roof panels (1, 2, 3) using screws (Type E).
6. **Secure Roof:** Carefully place the assembled roof panels onto the top of the enclosure frame. Secure them in place using screws (Type D).
7. **Install Door Latches:** Attach the door latches (F) to the designated door panels using screws (Type E). Ensure the latches align properly for secure closure.
8. **Attach Waterproof Cover:** Drape the waterproof roof cover (26) over the assembled roof. Secure it by tying the attached straps to the frame, ensuring a snug fit to protect against weather.

Operating Instructions

The PawGiant Catio is designed for ease of use and provides a versatile space for your pets. The large access door allows for convenient entry and exit for both pets and owners. The multiple platforms encourage climbing, jumping, and lounging, catering to your cat's natural instincts.

Image: The catio interior showing the six platforms, designed to encourage climbing and play.

Ensure the door latches are securely fastened when pets are inside to prevent escape. The spacious interior is ideal for placing cat beds, litter boxes, food and water bowls, and toys to create a comfortable and engaging environment for your cats.

Maintenance

Regular maintenance will extend the lifespan of your PawGiant Catio and ensure a safe environment for your pets.

- **Cleaning:** Periodically clean the wooden surfaces and metal mesh with a mild, pet-safe cleaner and water. Avoid harsh chemicals that could be harmful to your pets or damage the wood finish.
- **Roof Cover:** The waterproof roof cover can be easily removed for cleaning or during periods of clear weather. Ensure it is securely reattached to provide adequate protection.
- **Inspection:** Regularly inspect all screws and connections to ensure they remain tight. Tighten any loose screws to maintain structural integrity and safety.
- **Wood Care:** While the fir wood is treated with a non-toxic finish, prolonged exposure to extreme weather conditions may eventually require re-sealing or re-painting to maintain its appearance and protective qualities.

Troubleshooting

If you encounter any issues with your PawGiant Catio, consider the following common solutions:

- **Instability:** If the enclosure feels wobbly, check all screw connections. Ensure the reinforced base bars are properly installed and tightened. Uneven ground can also cause instability; consider placing the catio on a level surface.
- **Parts Missing/Damaged:** If you find any parts missing or damaged upon arrival, please contact customer support immediately for assistance.
- **Difficulty with Assembly:** Review the assembly video and instructions carefully. Ensure you are using the correct screws for each step. If issues persist, contact customer support.
- **Door Not Latching:** Check the alignment of the door and the latch mechanism. Ensure all screws securing the latch are tight. Adjust if necessary.

Specifications

Feature	Detail
Brand	PawGiant
Model Name	PGC-03
