SETUP AND ASSEMBLY

Assembly of your OPRISEN Modular Sectional Sofa is designed to be straightforward. We recommend two people for assembly. Please ensure all packages have arrived before beginning. The sofa typically ships in multiple boxes (e.g., 3 packages) which may arrive separately.

Assembly Steps:

1. **Unpack All Components:** Carefully remove all parts from their packaging. Verify that all components listed in the packing list are present.
2. **Attach Legs:** Attach the furniture legs to the bottom of each sofa module and ottoman using the provided screws and tool. Ensure they are securely tightened.
3. **Connect Arms to Base Frame:** Connect the left and right armrests to the main base frame of the sofa modules using bolts A and B. Ensure a firm connection.

4. **Attach Backrest:** Securely attach the backrest components to the frame of each module.
5. **Secure Cushions:** Place all seat and back cushions onto the sofa frame. The seat cushions are 11 inches thick with a double-layer design for enhanced comfort.
6. **Fluff Cushions:** All cushions are shipped in vacuum packaging. After unpacking, gently pat the cushions and allow them a period of time (up to 24-48 hours) to fully expand and fluff up to their intended shape and softness.

For optimal stability, ensure all connections are tight. If you have multiple modules, connect them using the integrated connectors at the bottom to prevent shifting.

CARE AND MAINTENANCE

Proper care will extend the life and appearance of your OPRISEN Modular Sectional Sofa. The sofa is upholstered in premium chenille fabric, known for its soft and plush texture.

- **Regular Cleaning:** Vacuum the sofa regularly using a soft brush attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Avoid rubbing, as this can spread the stain. For tougher stains, use a mild fabric cleaner specifically designed for chenille, testing on an inconspicuous area first.
- **Removable Covers:** The cushion covers are removable and washable. Follow the care instructions on the fabric label for best results, typically cold water wash and air dry to prevent shrinking or damage.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position your sofa away from direct sunlight or use curtains/blinds to protect it.
- **Fluff Cushions:** Regularly fluff and rotate seat and back cushions to maintain their shape and even out wear.

TROUBLESHOOTING

If you encounter any issues with your OPRISEN Modular Sectional Sofa, please refer to the following common solutions:

Problem	Possible Cause	Solution
Cushions appear flat or wrinkled	Vacuum packaging compression	Gently pat and knead the cushions. Allow 24-48 hours for them to fully expand after unpacking. Regular fluffing will also help maintain their shape.
Sofa modules shift apart	Connectors not engaged or loose	Ensure the modular connectors located underneath each section are properly interlocked. Push sections firmly together.
Back cushions stand too upright or don't align with velcro	Velcro placement or personal preference	The velcro strips are designed to secure the cushions. If you prefer a more relaxed lean, you may choose not to attach the velcro or adjust the cushion placement. Some users find removing the velcro protector strip unnecessary.
Missing parts or damaged components	Shipping error or manufacturing defect	Contact Oprisen customer support immediately with your order details and a description/photo of the issue. Refer to the 'Support' section for contact information.
