6. Operating Instructions

6.1 Charging Your Devices

The INIU Mini Portable Charger P45 offers versatile charging options for your devices.

- **Using the Built-in USB-C Connector:** Extend the built-in USB-C connector and plug it directly into your USB-C compatible device. This provides 22.5W fast charging without needing an extra cable.
- **Using the USB-C Port:** Connect your device to the power bank's USB-C port using a compatible charging cable. This port also supports 22.5W fast charging.

- **Simultaneous Charging:** You can charge two devices simultaneously by using both the built-in USB-C connector and the USB-C port with an external cable.
- **Pass-Through Charging:** The power bank supports pass-through charging, allowing it to charge a connected device while the power bank itself is being recharged.
