## 2. SAFETY INFORMATION

- Keep out of reach of children and pets.
- Do not ingest the gel. In case of ingestion, seek immediate medical attention.
- Avoid direct contact with skin and eyes. If contact occurs, rinse thoroughly with water.
- Place the product on a stable, flat surface to prevent spillage.
- Do not expose to extreme heat or open flames.
- The product is made with a safe, non-toxic formula and has undergone rigorous quality testing.

## 3. PRODUCT FEATURES

- **100% Natural Fragrance:** Features top notes of Lemongrass, Energizing Lemon, and Energizing Lime; middle notes of Basil, Water Lily, Green Tea, and Mint Leaves; and base notes of Sandalwood and Vanilla. Made with high-quality French MANE's flavor.

- **Long-Lasting Scent:** Utilizes CARORI's unique patented knot cold gel for stable and prolonged fragrance release, lasting up to 60 days or more.
- **Quality and Safety:** Formulated without harmful ingredients. Tested for reliability and temperature stability (80°C and -20°C) to ensure the balm does not melt or freeze.
- **Aesthetic Design:** Inspired by nature, the lemon-shaped aromatherapy cream serves as both a functional air freshener and a decorative item for home or car.

## 5. OPERATING INSTRUCTIONS

The CARORI Lemon Odor-Fighting Room Gel Air Freshener works by slowly releasing its fragrance

into the surrounding environment. Once set up, no further action is required for continuous odor elimination and scent diffusion.

- **Scent Intensity:** The perceived strength of the fragrance can vary based on several factors, including the size of the space, ambient temperature, and air circulation. Users' individual sensitivities to scent may also affect perception.
- **Optimal Placement:** For best results, place the air freshener in areas where odors are most prevalent or where a consistent fresh scent is desired.

## **6. MAINTENANCE**

The CARORI Lemon Odor-Fighting Room Gel Air Freshener requires minimal maintenance.

- **Replacement:** The fragrance typically lasts for 60 days or more. Replace the unit when the scent diminishes significantly or the gel has fully evaporated.
- **Cleaning:** The exterior of the product can be wiped clean with a damp cloth if needed. Ensure no water enters the gel compartment.

## 7. TROUBLESHOOTING

- **Weak Scent:**
  - Ensure the aluminum foil seal has been completely removed from the gel.
  - Consider placing the unit in a smaller area or closer to the desired scent zone.
  - If the unit has been in use for an extended period (over 60 days), the gel may have evaporated, and a replacement unit is needed.
- **No Scent:**
  - Verify that the top cover is correctly placed and not obstructing the scent release vents.
  - Confirm the aluminum foil seal has been fully removed.
- **Gel Spillage:**
  - Ensure the product is placed on a flat, stable surface.
  - If spillage occurs, clean the affected area immediately with a damp cloth.
