

LUXOAK BMB020

LUXOAK Queen Size Floating Platform Bed Frame with LED Light and Headboard Instruction Manual

Model: BMB020

Brand: LUXOAK

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions and safety warnings before assembly and use of this product. Failure to follow these instructions may result in injury or damage to the product.

- Do not load more than 1000 pounds onto the bed frame.
- Exercise caution around sharp edges and the floating bed frame during assembly and use to prevent injury.
- Always follow the instructions for the LED light feature to prevent electrical hazards. Ensure all electrical connections are secure and properly insulated.
- Keep small parts and packaging materials away from children during assembly.
- Ensure all bolts and screws are tightened securely before use. Periodically check and re-tighten fasteners as needed.

PRODUCT OVERVIEW

The LUXOAK Queen Size Floating Platform Bed Frame with LED Light and Headboard offers a unique design and modern features for your bedroom. This bed frame is designed to provide a visual experience of levitation with its hidden bed foot design, enhancing the aesthetic of your space while also facilitating easy cleaning.

It features a 95-degree design headboard for comfortable leaning, reading, and resting, with rounded corners to prevent bumps. The integrated RGBW LED light strips on three sides of the bed frame and headboard offer multiple modes, adjustable colors, and can be controlled via remote or a mobile application, creating a customizable ambiance.

Constructed with a sturdy metal and engineered wood frame, it supports up to 1000 lbs and does not require a box spring. EVA foam is included to ensure a noise-free and quality sleep environment.

OPERATING INSTRUCTIONS (LED LIGHTS)

The bed frame and headboard are equipped with RGBW LED light strips offering a wide range of colors and lighting modes. These lights can be controlled using the included remote control or a dedicated mobile application.

Remote Control Operation:

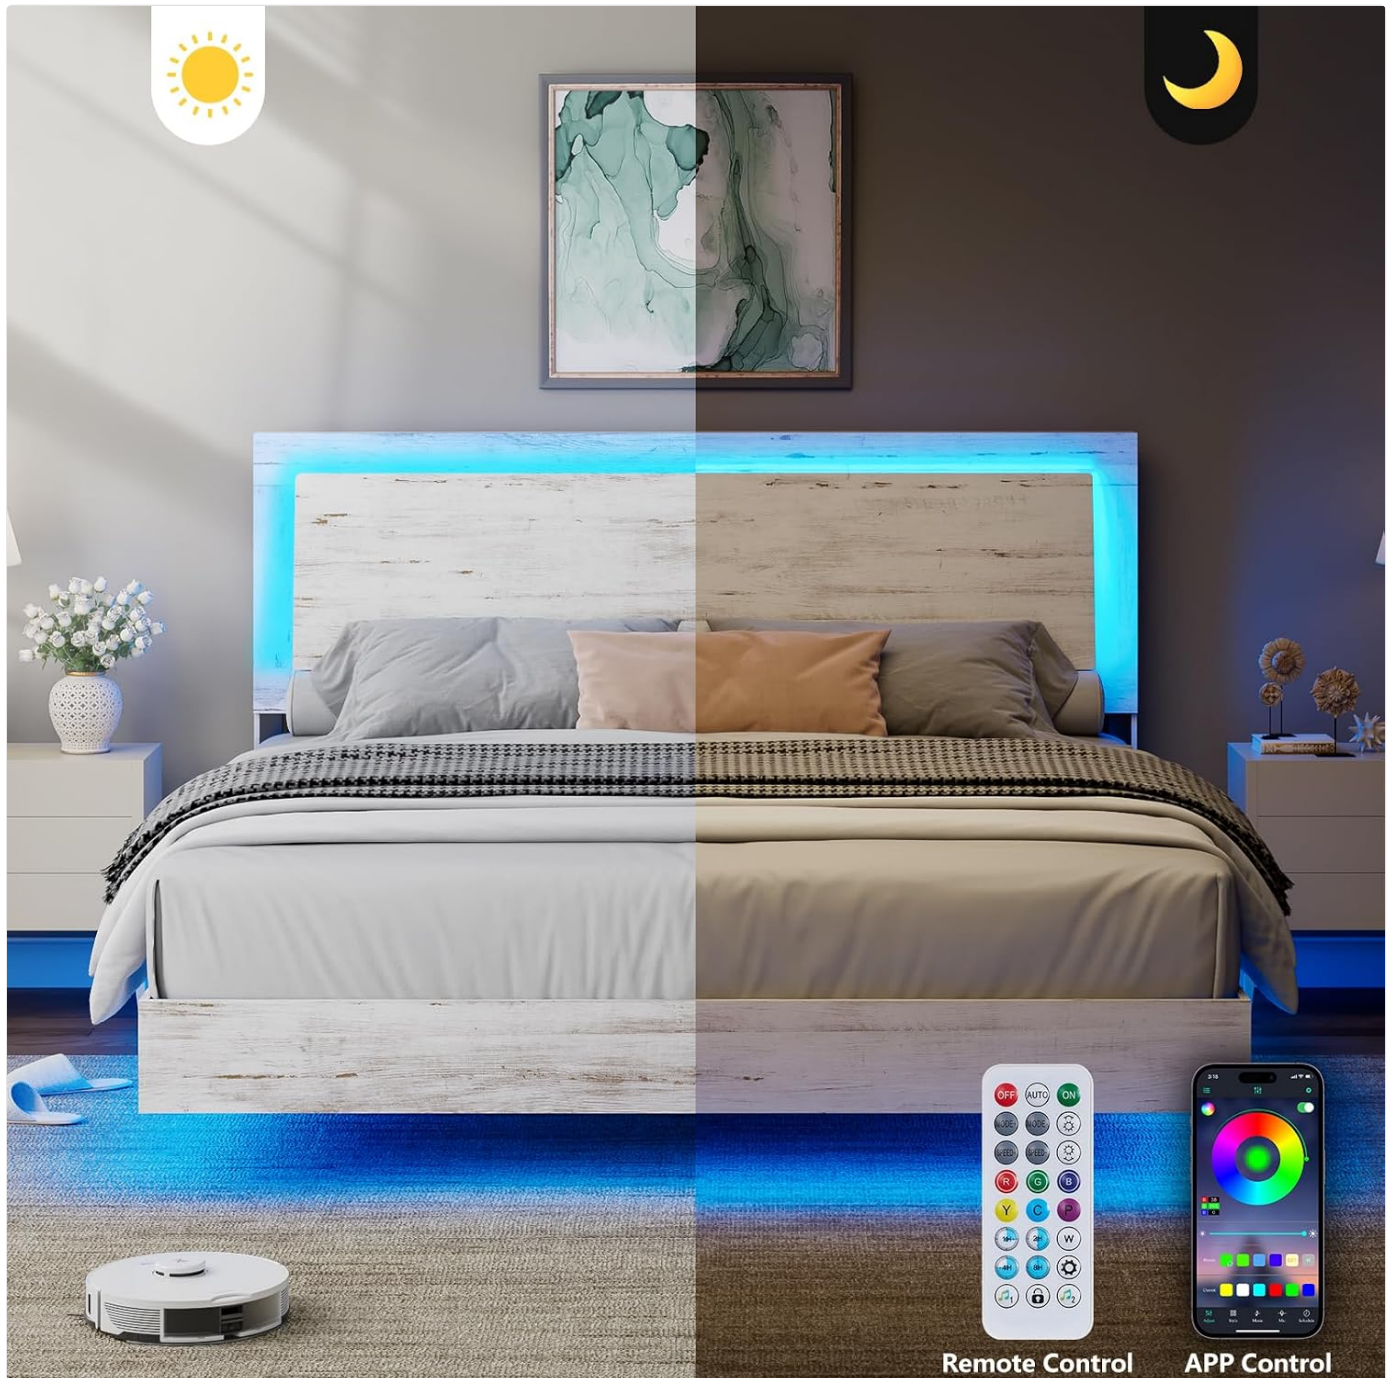

- **Power On/Off:** Press the power button to turn the LED lights on or off.
- **Color Selection:** Use the color buttons to select a static color.
- **Brightness Adjustment:** Use the brightness up/down buttons to adjust the intensity of the lights.
- **Mode Selection:** Cycle through various dynamic modes (e.g., flash, strobe, fade, smooth) using the mode buttons.

- **Speed Adjustment:** Adjust the speed of dynamic modes using the speed buttons.

Mobile Application Control:

Download the recommended mobile application (refer to the included manual for QR code or app name) to unlock advanced features:

- Access to over 60,000 adjustable colors.
- Customizable lighting modes and effects.
- Music synchronization mode.
- Timing function for scheduling light operation.
- Fine-tune brightness and dynamic effects.

MAINTENANCE

Regular maintenance will help prolong the life and appearance of your bed frame.

- **Cleaning:** Wipe down the bed frame surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Fasteners:** Periodically check all bolts, screws, and connections to ensure they are tight. Re-tighten if necessary to maintain stability and prevent noise.
- **LED Lights:** Ensure the LED light strips are free from dust and debris. If a light strip is damaged, contact customer service for replacement or repair guidance. Do not attempt to repair electrical components yourself.
- **Weight Capacity:** Adhere to the maximum weight capacity of 1000 lbs to prevent structural damage.

TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common troubleshooting steps:

- **LED Lights Not Working:**
 - Check if the power adapter is securely plugged into both the wall outlet and the LED controller.
 - Ensure the remote control has working batteries and is pointed directly at the LED receiver.
 - If using the app, ensure your device's Bluetooth is enabled and properly paired with the LED controller.
 - Inspect the LED strips for any visible damage or disconnections. If a section is torn or damaged, contact customer service.
- **Bed Frame is Noisy/Wobbly:**
 - Re-tighten all assembly bolts and screws.
 - Ensure the slats are properly seated and the EVA foam is correctly installed between the slats and the frame.
 - Verify the bed frame is on a level surface.
- **Difficulty Assembling:**
 - Review the included installation manual carefully, paying attention to diagrams and step-by-step instructions.
 - Ensure all parts are correctly oriented before tightening fasteners.
 - If a part seems to not fit, double-check the part number against the manual.

If these steps do not resolve the issue, please contact LUXOAK customer service for further assistance.
