

KOFIRE UG-06

KOFIRE UG-06 Wireless Gaming Headset Instruction Manual

Model: **UG-06** | Brand: **KOFIRE**

INTRODUCTION

Thank you for choosing the KOFIRE UG-06 Wireless Gaming Headset. This manual provides detailed instructions for setup, operation, and maintenance to ensure you get the best experience from your new headset. The UG-06 is designed to deliver superior audio performance and comfort for gaming, work, and entertainment across multiple platforms.

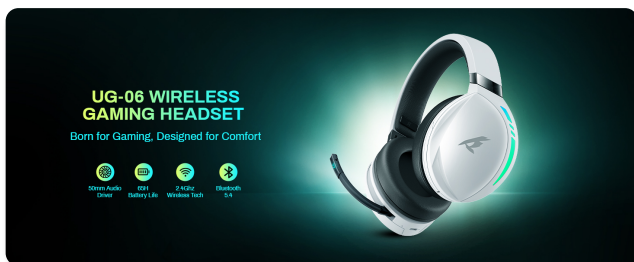

WHAT'S IN THE BOX

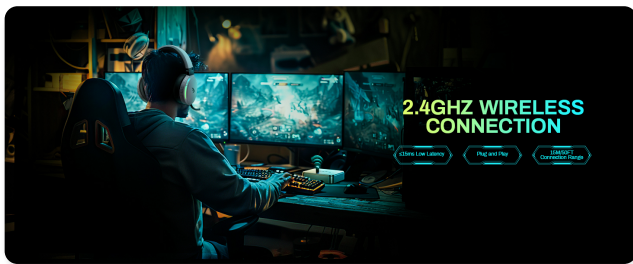

The KOFIRE UG-06 Wireless Gaming Headset in white and black, shown with its USB dongle.

- 1 x KOFIRE UG-06 Wireless Gaming Headset
- 1 x USB Dongle (2.4GHz Wireless Receiver)
- 1 x 0.8m TYPE-C Charging Cable
- 1 x Foam Mic Cover
- 1 x 3.5mm Audio Cable
- 1 x User Manual (this document)

PRODUCT OVERVIEW AND KEY FEATURES

A user wearing the headset, illustrating the immersive 3D spatial audio experience.

A close-up view of the retractable, hidden noise-canceling microphone.

- **50MM Driver & 3D Stereo Sound:** Equipped with powerful 50mm drivers for excellent 3D stereo effects and high-fidelity sound, ensuring you hear every detail for an immersive gaming experience.
- **2.4Ghz Wireless Connection & Bluetooth 5.4:** Advanced 2.4Ghz wireless technology and Bluetooth 5.4 provide a seamless and stable connection with ultra-low latency (15ms). Easily switch between Bluetooth and 2.4G dongle mode by triple-clicking the power button.
- **Unmatched Comfort & Telescopic Noise Cancelling Mic:** Ergonomic design with oversized, soft protein leather earmuffs for pressure reduction and effective noise isolation. The adjustable headband ensures a personalized fit. The noise-canceling microphone with a sponge cap blocks 80% of background noise, and its retractable design offers convenience.
- **Extended Playtime & Cool RGB Design:** Enjoy up to 65 hours of continuous play in music/video modes (lights off) or 40 hours with 2.4Ghz gaming. Dynamic breathing RGB lights enhance the gaming atmosphere. Note: RGB lighting doubles power consumption.
- **Versatile Compatibility:** Supports three connection modes: lossless 2.4GHz USB dongle, Bluetooth 5.4, and 3.5mm wired connection. Compatible with PS4, PS5, PC, Switch, Mac, Phone, and tablet.

The headset demonstrating its compatibility with multiple gaming platforms and devices.

SETUP INSTRUCTIONS

1. Initial Charging

Before first use, fully charge your headset using the provided USB Type-C charging cable. Connect the Type-C end to the headset's charging port and the USB-A end to a compatible power source (e.g., computer USB port, USB wall adapter). The charging indicator light will show charging status.

2. Connecting via 2.4GHz USB Dongle (Recommended for Gaming)

1. Insert the 2.4GHz USB dongle into an available USB port on your device (PS4, PS5, PC, Mac, Switch).

2. Power on the headset by pressing and holding the Power button until you hear a confirmation tone or see the indicator light.
3. The headset should automatically pair with the dongle. A solid indicator light on both the headset and dongle typically signifies a successful connection.
4. Ensure the headset is selected as the audio output and input device in your system's sound settings.

3. Connecting via Bluetooth 5.4

1. With the headset powered on, triple-click the Power button to switch to Bluetooth mode. The indicator light will flash, indicating pairing mode.
2. On your device (phone, tablet, PC), go to Bluetooth settings and search for "KOFIRE UG-06" (or similar).
3. Select the headset to pair. Once connected, the indicator light will become solid.

4. Connecting via 3.5mm Wired Connection

1. Connect one end of the 3.5mm audio cable to the headset's 3.5mm port.
2. Connect the other end to the 3.5mm audio jack on your device.
3. The headset will operate in passive mode, drawing no power from its internal battery.

OPERATING INSTRUCTIONS

Headset Controls

Detailed view of the control buttons and volume wheel on the headset's earcup.

The headset showcasing its dynamic breathing RGB lighting feature.

- **Power On/Off:** Press and hold the Power button for 3 seconds.
- **Volume Control:** Use the scroll wheel on the earcup to adjust the volume up or down.
- **Microphone Mute/Unmute:** Press the dedicated Mute button on the earcup to toggle the microphone on or off.
- **Mode Switching:** Triple-click the Power button to switch between 2.4GHz wireless and Bluetooth modes.
- **RGB Lighting:** Press the RGB button to cycle through lighting effects or turn them off. Note that turning off RGB lights extends battery life.
- **Microphone Usage:** Pull the telescopic microphone down when speaking. Ensure the foam mic cover is in place to reduce plosives and background noise. Push the microphone back into the earcup when not in use.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headset. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the headset frequently. Charge it regularly, even if not in constant use.
- **Microphone Care:** Handle the retractable microphone gently to prevent damage.

TROUBLESHOOTING

Issue	Solution
No sound/microphone not working (2.4GHz)	<ul style="list-style-type: none">◦ Ensure the USB dongle is securely plugged in.◦ Check if the headset is powered on and in 2.4GHz mode (triple-click power button).◦ Verify that the headset is selected as the default audio device in your computer/console settings.◦ Ensure the microphone is not muted on the headset.
Bluetooth pairing issues	<ul style="list-style-type: none">◦ Ensure the headset is in Bluetooth pairing mode (indicator light flashing).◦ Disable and re-enable Bluetooth on your device.◦ Forget the device from your Bluetooth list and try pairing again.
Short battery life	<ul style="list-style-type: none">◦ Ensure the headset is fully charged before use.◦ Turn off RGB lighting when not needed, as it consumes more power.◦ Reduce volume levels.
Sound quality issues (wired mode)	<ul style="list-style-type: none">◦ Ensure the 3.5mm audio cable is fully inserted into both the headset and the device.◦ Try a different 3.5mm audio cable to rule out cable issues.
