1. SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference. Failure to follow these safety instructions may result in serious injury.

- **Age Recommendation:** This ride-on horse is suitable for children aged 18 to 36 months.
- **Weight Limit:** Do not exceed the maximum weight capacity of 55 lbs (25 kg).
- **Adult Supervision:** Always ensure direct adult supervision when the product is in use. Never leave a child unattended.
- **Safe Environment:** Use the ride-on toy on flat, level surfaces. Avoid slopes, stairs, public roads, or areas near water.
- **Protective Gear:** Children should wear appropriate protective gear, such as a helmet, when riding.
- **Battery Safety:** Only use the charger provided. Do not attempt to modify the electrical system. Keep the battery away from heat and moisture.
- **Assembly:** Adult assembly is required. Ensure all parts are securely fastened before use.

2. PRODUCT OVERVIEW

The Qaba 6V Electric Ride-on Horse provides a fun and interactive riding experience for toddlers. Designed with safety and comfort in mind, it features a soft plush exterior and easy-to-use controls.

Key Features:

- **Soft Touch Design:** Covered in soft fabric with PP cotton filling for a comfortable and safe ride,

protecting children from hard parts.

- **Easy Operation:** A single, large foot pedal controls forward movement and music.
- **Music Function:** Includes five built-in melodies for added entertainment.
- **Durable Wheels:** Equipped with four wear-resistant, silent PU wheels suitable for various indoor and outdoor surfaces.
- **Rechargeable Battery:** Powered by a 6V rechargeable battery, offering up to 40 minutes of continuous play.
- **Gentle Speed:** Moves at a safe speed of 1.2 mph (2 km/h).

3. SETUP

Adult assembly is required. Please follow these steps to prepare the ride-on horse for use.

Assembly Instructions:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the parts list (not provided in this document, refer to product packaging) are present and undamaged.
2. **Attach Handles:** Securely attach the handlebars to the head of the horse. Ensure they are firmly in place and do not wobble.
3. **Connect Battery:** Locate the battery compartment, typically under the seat or near the foot pedal. Connect the battery terminals as instructed.
4. **Initial Charge:** Before first use, fully charge the battery for 8-12 hours. Do not overcharge.
5. **Final Checks:** Ensure all screws, bolts, and connections are tight. Check that the wheels spin freely and the foot pedal operates correctly.

Image 3.2: The foot pedal and power/mode switch located at the base of the ride-on horse.

4. OPERATING INSTRUCTIONS

Operating the Qaba 6V Electric Ride-on Horse is simple and intuitive for young children.

Starting the Ride-on Horse:

1. **Power On:** Locate the power switch on the foot pedal unit. Turn the switch to the 'On' position (usually indicated by 'I' or 'II').
2. **Select Mode:** The switch typically has three positions:
 - **Mode 1 (I):** Forward movement only.
 - **Mode 2 (O):** Off status.
 - **Mode 3 (II):** Forward movement with music.

Choose the desired mode.

3. **Start Movement:** Once the child is seated comfortably and holding the handles, instruct them to press down on the large foot pedal to initiate forward movement. Releasing the pedal will stop the horse.

4. **Steering:** The child can gently steer the horse by turning the handlebars. Note that steering may be less effective on soft surfaces like carpet.

Image 4.1: The foot pedal control panel, illustrating the three operational modes: Forward, Off, and Forward with Music.

Important Notes:

- Always ensure the child's feet are on the foot pedal when operating.
- The ride-on horse is designed for gentle speeds suitable for toddlers.
- For optimal performance and maneuverability, use on hard, flat surfaces.

SUITABLE FOR VARIOUS ROADS

5. MAINTENANCE

Regular maintenance will help ensure the longevity and safe operation of your Qaba 6V Electric Ride-on Horse.

Cleaning:

- **Exterior:** Wipe the plush exterior with a damp cloth and mild soap. Do not immerse the product in water.
- **Wheels:** Periodically check the wheels for debris and clean as necessary to ensure smooth operation.

Battery Care:

- **Charging:** Recharge the battery after each use. Do not allow the battery to fully discharge.

- **Storage:** If storing the ride-on horse for an extended period, fully charge the battery before storage and recharge it every 3 months to maintain battery health.
- **Disposal:** Dispose of batteries responsibly according to local regulations.

General Care:

- Regularly inspect the product for any loose parts, damage, or wear. Tighten any loose screws.
- Store the ride-on horse in a dry, cool place away from direct sunlight and moisture.

6. TROUBLESHOOTING

If you encounter any issues with your Qaba 6V Electric Ride-on Horse, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Horse does not move.	Battery is low or not charged.	Charge the battery fully (8-12 hours).
	Power switch is off or in the wrong mode.	Ensure the power switch is in Mode 1 (Forward) or Mode 3 (Forward & Music).
	Foot pedal is not fully pressed.	Ensure the child is pressing the foot pedal completely.
Music does not play.	Power switch is in Mode 1 (Forward only).	Switch to Mode 3 (Forward & Music).
Horse moves slowly.	Low battery.	Recharge the battery.
	Overweight load.	Ensure the child's weight does not exceed 55 lbs (25 kg).
	Using on soft surfaces (e.g., thick carpet).	Move to a hard, flat surface for better performance.

If the problem persists after trying these solutions, please contact customer support.

7. SPECIFICATIONS
