Thinkbee XR-ETU1A2C20

Thinkbee GaN 20W Type E/F European Travel Plug Adapter

Model: XR-ETU1A2C20

INTRODUCTION

The Thinkbee GaN 20W Type E/F European Travel Plug Adapter is designed to provide power and charging capabilities for your electronic devices when traveling from the US to countries utilizing Type E/F electrical outlets. This compact adapter features multiple ports to charge various devices simultaneously.

This adapter is compatible with most European countries including France, Germany, Spain, Iceland, Portugal, South Korea, Greece, Russia, Croatia, Romania, Norway, Belgium, and Poland. Please note, it is NOT compatible with Type G sockets (found in the UK, Ireland, Scotland) or Type L sockets (found in Italy).

US to EU Travel Adapter

Suitable for France, Germany, Spain,
Greece, Portugal, Finland,
Netherlands, Norway, Korea, etc
Type E/F plug

IMPORTANT SAFETY INFORMATION

WARNING: This product is a travel plug adapter, NOT a voltage converter. Ensure your electronic devices are compatible with 100V to 250V input voltage before use. Using devices that are not voltage compatible may cause damage to the device or the adapter.

- Do not exceed the maximum power rating of 3750W (at 250V).
- Keep the adapter away from water and high humidity.
- Do not attempt to disassemble or modify the adapter.
- This adapter is UL listed, CE, RoHS, and FCC certified, ensuring multiple safety protections including over-voltage, over-current, short-circuit, anti-surge, grounded protection, and fire-resistance.

Multi Safety Protections

Image: The adapter incorporates multiple safety features such as over-voltage, over-current, and anti-surge protection to ensure safe operation.

PRODUCT FEATURES

- **6-in-1 Versatility:** Equipped with 3 standard US AC outlets, 2 USB-C ports, and 1 USB-A port, allowing you to charge up to 6 devices simultaneously.
- **GaN Technology:** Utilizes advanced Gallium Nitride (GaN) technology for efficient power delivery, reduced heat generation, and a more compact design.
- **Fast Charging:** The dual USB-C ports support Power Delivery (PD 3.0) up to 20W each, capable of charging an iPhone 15 up to 50% in approximately 30 minutes. The USB-A port supports Quick Charge (QC 3.0) up to 18W.
- **Compact and Lightweight:** Measuring 3 x 2.2 x 2.7 inches and weighing approximately 3.95 oz (112g), this adapter is designed for portability and convenience during travel.

SETUP INSTRUCTIONS

1. **Verify Outlet Type:** Before plugging in, confirm that the wall outlet in your destination country is a Type E or Type F socket.
2. **Insert Adapter:** Firmly insert the Thinkbee travel adapter into the Type E/F wall outlet. Ensure it is securely seated.
3. **Connect Devices:** Plug your US-standard AC devices into the adapter's AC outlets. For USB-powered devices, connect your USB-C or USB-A cables to the corresponding ports on the adapter.

OPERATING INSTRUCTIONS

- **Using AC Outlets:** The three AC outlets are designed for US Type A/B plugs. Connect your laptops, camera chargers, or other small appliances that operate within the 100V-250V range.
- **Using USB-C Ports:** Connect your USB-C compatible smartphones, tablets, or other devices to the USB-C ports for fast charging. These ports deliver up to 20W each.
- **Using USB-A Port:** Use the USB-A port for devices requiring a standard USB-A connection, providing up to 18W of power.
- **Simultaneous Charging:** All six ports (3 AC, 2 USB-C, 1 USB-A) can be used concurrently to charge multiple devices efficiently.

Image: The adapter efficiently charging a laptop, tablet, and smartphone at the same time, showcasing its multi-device capability.

MAINTENANCE

- **Cleaning:** Disconnect the adapter from the power source before cleaning. Wipe the exterior with a soft, dry cloth. Do not use liquid or abrasive cleaners.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and moisture.
- **Handling:** Handle the adapter with care. Avoid dropping it or subjecting it to strong impacts, which could damage

internal components.

TROUBLESHOOTING

- **Device Not Charging:**
 - Ensure the adapter is securely plugged into the wall outlet.
 - Verify that your device's charging cable is properly connected to the adapter.
 - Confirm your device is functioning correctly and its voltage input is compatible (100V-250V).
- **Slow Charging:**
 - Ensure you are using a fast-charging compatible cable and device.
 - Verify your device supports PD3.0 or QC3.0 protocols for optimal charging speed.
 - Charging multiple devices simultaneously may slightly reduce the charging speed for individual ports.
- **Adapter Not Fitting in Outlet:**
 - Confirm the wall outlet is a Type E or Type F socket. This adapter is specifically designed for these types and will not fit Type G (UK) or Type L (Italy) sockets.

SPECIFICATIONS

Feature	Detail
Product Dimensions	3 x 2.2 x 2.7 inches
Item Weight	4.1 ounces (115 Grams)
Input Voltage	100V-250V AC
AC Outlets	3 (US Type A/B)
USB-C Output	2 x PD 20W (5V/3A, 9V/2.22A, 12V/1.67A)
USB-A Output	1 x QC 18W (5V/3A, 9V/2A, 12V/1.5A)
Max Power Rating	3750W (at 250V)
Certifications	UL, CE, RoHS, FCC

WARRANTY AND SUPPORT

Thinkbee offers a no-hassle 12-month warranty for this product from the date of purchase. For any questions, concerns, or technical assistance, please contact Thinkbee customer service. Friendly 24-hour customer support is available to assist you.
