mopio Lauren 77.4" Tall Arched Cabinet Instruction Manual

Model: PB-BLK2008

PRODUCT OVERVIEW

The mopio Lauren 77.4" Tall Arched Cabinet is a versatile storage solution designed for various living spaces. It features a unique arched design, adjustable shelves, and a blend of open and closed storage options.

- **Dimensions:** 36 (W) x 16 (D) x 77.4 (H) Inches.
- **Versatile Functionality:** Suitable for kitchen, living room, or dining room use.
- **Sturdy Construction:** Each shelf supports up to 44 lbs. Features a 4.3" height clearance for easy cleaning. An anti-tipping kit is included for safety.
- **Unique Design:** Boasts an arched design, farmhouse paneled frame, soft-closing doors, and contrasting handles. Crafted from particle board with a high-quality laminate for durability and an inviting wood grain pattern.
- **Ample Storage:** Provides both closed and open storage spaces to organize and display items.

SAFETY INFORMATION

WARNING: An anti-tipping kit is provided for your safety. Ensure proper installation and adherence to load limits to prevent tipping and potential injuries. Always secure the cabinet to a wall using the provided anti-tipping hardware. Do not exceed the maximum weight limit of 44 lbs per shelf. Distribute weight evenly across shelves.

OPERATING INSTRUCTIONS

Adjustable Shelves:

The cabinet features adjustable shelves in both the open and closed sections. To adjust a shelf:

1. Remove all items from the shelf.
2. Carefully lift the shelf to disengage it from the support pegs.
3. Relocate the support pegs to the desired height. Ensure all four pegs are at the same level for stability.
4. Place the shelf back onto the pegs, ensuring it is securely seated.

Soft-Closing Doors:

The lower cabinet doors are equipped with soft-closing hinges. To close the doors, gently push them shut. The hinges will slowly pull the doors into a closed position, preventing slamming.

MAINTENANCE AND CARE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the laminate finish.
- **Dusting:** Regularly dust with a dry, soft cloth to prevent buildup.
- **Spills:** Immediately wipe up any spills to prevent moisture damage.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the wood grain finish.
- **Heat and Moisture:** Do not place hot items directly on the surface. Use coasters or protective pads. Avoid placing the cabinet in areas with high humidity.

TROUBLESHOOTING

Wobbly Cabinet:

If the cabinet feels wobbly after assembly, ensure all screws and fasteners are tightened securely. Check that the cabinet is placed on a level surface. If your floor is uneven, adjust the feet if applicable, or place shims underneath the base to stabilize it.

Misaligned Doors:

If the cabinet doors are misaligned, adjust the hinges. Most hinges allow for minor adjustments (up/down, left/right, in/out) using a screwdriver. Refer to the hinge manufacturer's instructions or a general guide for hinge adjustment if needed.

Missing or Damaged Parts:

If you find any missing or damaged parts during assembly, please contact mopio customer support for assistance. Do not attempt to assemble the unit with missing or damaged components.
