# Karl home Small Vanity Desk Set User Manual

Model: KHVS5635

## INTRODUCTION

Thank you for purchasing the Karl home Small Vanity Desk Set. This compact and versatile vanity set is designed to optimize space in smaller rooms while providing ample storage and essential features for your daily routine. It includes a vanity desk, a large touch-control lighted mirror, and a hidden storage stool. Please read this manual thoroughly before assembly and use to ensure proper operation and longevity of your product.

## IMPORTANT SAFETY INFORMATION

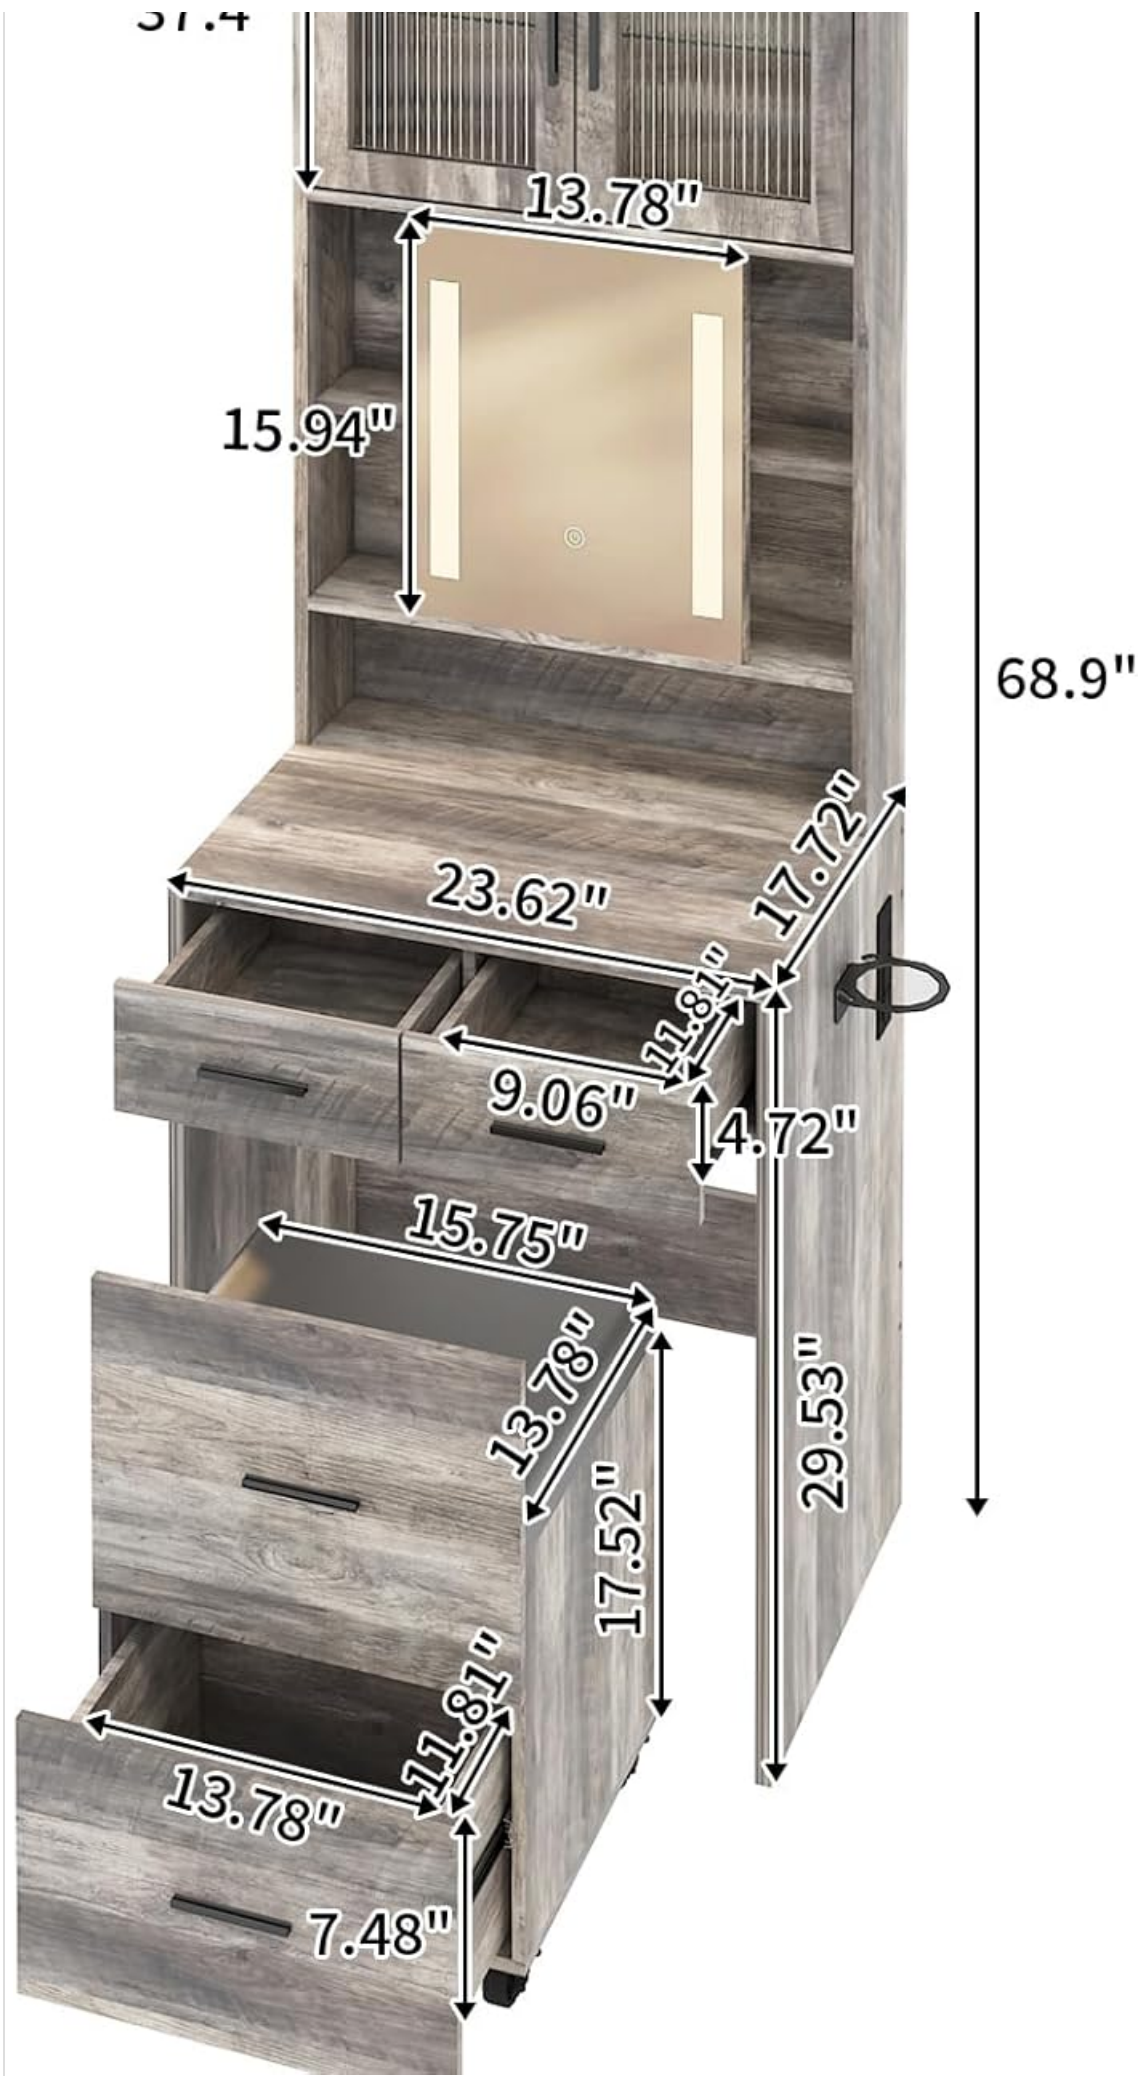

Please adhere to the following safety guidelines to prevent injury or damage to the product:

- Always assemble the product according to the provided instructions.
- Ensure all parts are securely fastened before use.
- Keep the product away from heat sources.
- Do not place heavy objects on the top shelf to prevent tip-over.
- Keep the product away from children and pets when not in use.
- Do not attempt to modify or repair the product yourself. Contact customer support for assistance.

## PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed in the packing list are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact Karl home customer support immediately.

## SETUP AND ASSEMBLY

---

Assembly of the Karl home vanity desk set is required. Please follow the step-by-step instructions provided in the separate assembly guide included with your package. It is recommended to have a second person assist with assembly for easier handling and stability.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify each part using the labels and the assembly diagram.
3. Follow the numerical sequence of steps in the assembly guide.
4. Ensure all screws and fasteners are tightened securely, but do not overtighten.
5. Once assembled, place the vanity on a flat, stable surface.

## OPERATING INSTRUCTIONS

### Lighted Mirror Operation

The integrated LED mirror offers three color lighting modes and adjustable brightness for optimal illumination.

- **Power On/Off:** Touch the power icon on the mirror surface to turn the light on or off.
- **Change Color Mode:** Briefly touch the power icon to cycle through Warm, Natural, and Cool light modes.
- **Adjust Brightness:** Press and hold the power icon to adjust the brightness level from 0% to 100%.

**Figure 3:** The mirror's LED lighting system, demonstrating the three available color temperatures and the adjustable brightness feature for customized illumination.

### Sliding Mirror Functionality

The mirror is designed to slide horizontally, revealing additional storage shelves behind it.

- Gently push the mirror to the left or right to access the hidden storage compartments.
- Ensure the mirror slides smoothly along its track. Do not force it.

## MAINTENANCE AND CARE

To ensure the longevity and appearance of your vanity desk set, follow these care instructions:

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Dusting:** Regularly dust with a soft, dry cloth.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood.
- **Mirror Care:** Use a glass cleaner specifically designed for mirrors. Do not spray cleaner directly onto the mirror; apply it to a cloth first.
- **Fasteners:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.

## TROUBLESHOOTING

If you encounter any issues with your Karl home vanity desk set, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Mirror light not turning on or flickering.	Loose power connection, faulty wiring, or damaged LED component.	Ensure the vanity is properly plugged into a working power outlet. Check the power cord for any visible damage. If the issue persists, contact customer support for a replacement mirror or further assistance.
Difficulty during assembly.	Unclear instructions, misaligned parts, or incorrect orientation.	Carefully review the assembly guide diagrams and numerical steps. Ensure parts are oriented correctly before fastening. If a step is unclear, try to visualize the final structure or refer to product images.
Stool feels unstable or breaks.	Improper assembly, loose fasteners, or exceeding weight capacity.	Verify all stool components are assembled correctly and all fasteners are securely tightened. Avoid placing excessive weight on the stool. If a part is cracked or broken, contact customer support for a replacement.
Cabinet doors or drawers do not close properly.	Misaligned hinges/tracks, obstruction, or defective magnetic closure.	Check for any objects obstructing the closing path. Inspect hinges and drawer slides for proper alignment and tightness. Adjust if necessary. If magnetic closures are weak, ensure they are properly installed and aligned.
