Tastyle 310IC

Tastyle Mini Hot and Iced Coffee Maker Single Serve

MODEL 310IC

Your versatile companion for hot and iced coffee.

Introduction

The Tastyle Mini Hot and Iced Coffee Maker (Model 310IC) is designed for convenience and versatility, allowing you to brew both steaming hot coffee and refreshing iced coffee. Its compact size makes it ideal for various settings, including homes, offices, dorms, RVs, and travel. This single-serve machine is compatible with both K-Cups and your favorite ground coffee, offering brew sizes from 6 to 14 ounces. Enjoy a perfectly brewed cup tailored to your preference with ease.

Important Safety Instructions

- **Do Not Open When Brewing:** Never open the brew head while the machine is actively brewing to prevent hot water or coffee from splashing.
- **Water Level Alerts:** The machine features smart water level alerts. Ensure the reservoir is filled to

the desired level before brewing.

- **Dry Boil Protection:** Equipped with dry boil protection, the machine will automatically shut off if it detects insufficient water during operation.
- **Automatic Shutoff:** The coffee maker automatically shuts off after brewing is complete, enhancing safety and energy efficiency.
- **Proper Placement:** Place the coffee maker on a stable, flat surface away from the edge of the countertop.
- **Electrical Safety:** Do not immerse the appliance, cord, or plug in water or other liquids. Unplug when not in use and before cleaning.

What's in the Box

- Tastyle Mini Hot and Iced Coffee Maker
- K-Cup Holder
- Reusable Ground Coffee Filter
- Recipe Book
- Quick Start Guide

Setup

1. Initial Cleaning

Before first use, run two brewing cycles with water only to clean the internal components. Do not add coffee during this process.

2. Filling the Water Reservoir

Open the lid of the water reservoir. Fill with fresh water according to your desired brew size, from 6 to 14 ounces, using the markings on the side of the reservoir. Close the lid securely.

Smart Functions for Durability

Descaling Reminder

Self Cleaning

◆ Regular descaling extends the machine's lifespan

Image showing the water reservoir with markings for 6oz, 8oz, 10oz, 12oz, and 14oz, and water being poured in.

3. Inserting Coffee

Lift the brew head. For K-Cups, place a K-Cup into the K-Cup holder. For ground coffee, fill the reusable filter with your desired amount of ground coffee. Insert the filled holder into the machine and close the brew head firmly.

Operating Instructions

1. Brewing Hot Coffee

1. Ensure the water reservoir is filled and coffee is inserted.
2. Place your mug on the drip tray.
3. Press the **HOT BREW** button. The indicator light will illuminate.
4. The machine will begin brewing and automatically stop when complete.

2. Brewing Iced Coffee

1. Fill the water reservoir with the recommended amount of water for iced coffee (typically 6-8 oz for a stronger brew over ice).
2. Insert your K-Cup or ground coffee.
3. Fill your mug or glass with ice and place it on the drip tray.
4. Press the **OVER ICE** button. The indicator light will illuminate.
5. The machine will brew a concentrated coffee over the ice, then automatically stop.

3. Brew Sizes

The machine supports brew sizes from 6 to 14 ounces. The amount of water you add to the reservoir will determine the final volume of your coffee. For optimal flavor, always add fresh water for each brew.

4. Compact Design

The mini and slim design of the Tastyle coffee maker allows it to fit in small spaces, making it perfect for travel, RVs, offices, and dorms. Note that taller travel mugs may not fit directly under the dispenser; you may need to brew into a standard mug and transfer.

This video demonstrates the process of brewing both hot and iced coffee using K-cups and ground coffee with the Tastyle Mini Coffee Maker.

Maintenance

1. Cleaning

- The K-Cup holder and reusable ground coffee filter are detachable and dishwasher-safe for easy cleaning.
- Wipe the exterior of the machine with a damp cloth. Do not use abrasive cleaners.

2. Descaling

The machine features a descaling reminder. When the descaling indicator light illuminates, it's time to descale your coffee maker. Regular descaling helps maintain optimal performance and extends the machine's lifespan. Refer to the Quick Start Guide for detailed descaling instructions, typically involving a descaling solution and running a cleaning cycle.

Deep Extraction Tech

Use a K-pod:

 Iced Coffee: 6~8oz water
(water: ice=1:1)

 Hot Coffee: 10~12oz water

Brew Coffee grounds:

Less grounds, richer coffee

Accessories are dishwasher-safe

Troubleshooting

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No water dispensed / Machine not brewing	Water reservoir is empty or below minimum level.	Fill the water reservoir to the desired brew size.
Coffee not hot enough	Incorrect brew setting selected or machine needs descaling.	Ensure 'Hot Brew' is selected. Perform a descaling cycle if the reminder light is on.
Unusual odor during or after brewing	Residue buildup or initial use odor.	Run several water-only cleaning cycles. If odor persists, descale the machine.
Travel mug does not fit	Mug is too tall for the drip tray clearance.	Use a shorter mug or brew into a standard cup and transfer to your travel mug.

Specifications

- **Brand:** Tastyle
- **Model Name:** 310IC
- **Product Dimensions:** 8.2"D x 4.2"W x 10.3"H
