

ExtreLife MFK02

ExtreLife Keychain User Manual

Model: MFK02 | Brand: ExtreLife

INTRODUCTION

The ExtreLife Keychain is a versatile and durable key finder designed to help you keep track of your valuable items. Compatible with Apple's Find My network, it offers precise location tracking, sound alerts, and left-behind notifications. Its robust metal construction, IP67 waterproof rating, and rechargeable battery ensure long-lasting performance. Additionally, it features a convenient built-in bottle opener and a carabiner design for easy attachment to various items.

KEY FEATURES

- **Works with Apple Find My:** Seamlessly integrates with the Apple Find My network for precise location tracking of your items. *(Note: Compatible with iPhone 8 series or later running iOS 14.5 or later)*
- **Loud Speaker:** Play a sound from the keychain to easily locate misplaced items within Bluetooth range (up to 50m/160ft).
- **Left-Behind Remind:** Receive instant notifications on your iPhone when the keychain goes out of Bluetooth range, preventing accidental loss.
- **Durable Construction:** Crafted from rugged stainless steel and metal cases, offering excellent protection against drops and scratches.
- **Rechargeable Battery:** Equipped with a long-lasting rechargeable battery that provides up to 4 months of usage on a single charge. Includes a Type-C charging cable.
- **Multi-functional Design:** Features a built-in bottle opener and a carabiner for easy attachment to keys, luggage, backpacks, pet collars, and more.
- **IP67 Waterproof:** Certified IP67 rating ensures complete protection against dust and immersion in water up to 3 feet for 30 minutes.

SETUP GUIDE

1. Initial Charge

Before first use, fully charge your ExtreLife Keychain using the provided Type-C cable. The charging port is located on the side of the device. A full charge can last up to 4 months.

Sustainable Rechargeable Battery

Without the hassle of frequent battery

1.5Hrs
Charged

120Days
Usage

The keychain features a convenient Type-C charging port, eliminating the need for disposable batteries.

2. Power On

Short press the power button once to turn on the keychain. A beep sound will indicate it is powered on.

3. Pairing with Apple Find My

1. Ensure your iPhone is set up for Find My (iOS 14.5 or later) and Two-Factor Authentication is turned on for your Apple ID.
2. Open the **Find My** app on your iPhone.
3. In the **Items** tab, tap **Add New Item**.
4. Tap **Other Supported Item**. Your iPhone will search for your key.
5. Once your key is detected, tap **Connect**.
6. Follow the onscreen steps to name your item and register it to your Apple ID.
7. Ensure your key appears in the **Items** tab. If not, perform a factory reset on the key (press the power button 5 times in a row) and try again.

This video provides a step-by-step guide on how to pair your ExtreLife Key Finder with your Apple device using the Find My app.

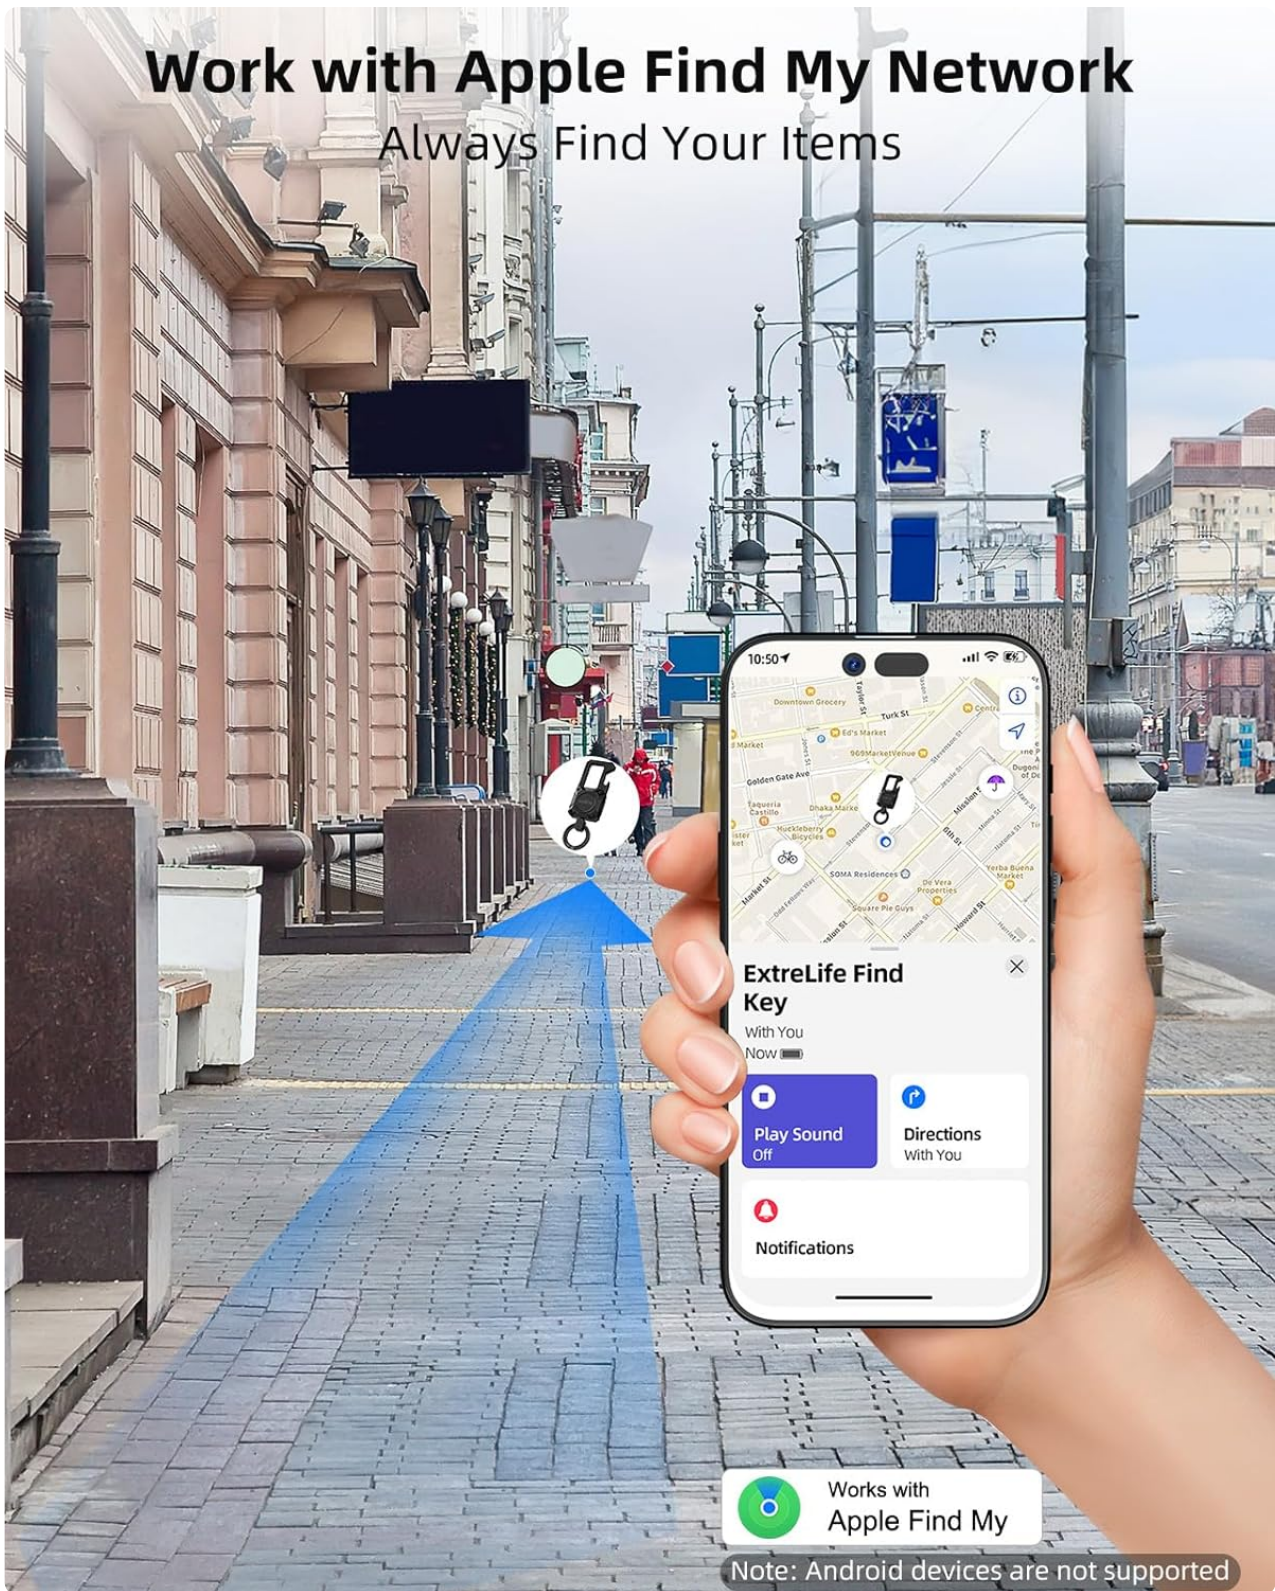

OPERATING INSTRUCTIONS

1. Locating Your Item

- Open the **Find My** app.
- Tap the **Items** tab.
- Tap your key on the map.
- To play a sound alert: Tap **Play Sound**. The keychain will emit a loud sound to help you locate it.
- To get directions: Tap **Directions** to open the Maps app and navigate to the last known location of your item.

Work with Apple Find My Network

Always Find Your Items

Utilize the Apple Find My network to track your keychain's location globally or locally.

2. Left-Behind Notifications
