HOOOWOOO High Back-Cloudy Seat Charcoal Gray

HOOOWOOO Ergonomic Mid Century Modern Office Chair Instruction Manual

Model: High Back-Cloudy Seat Charcoal Gray (cf6d1347-82cb-49b1-a1a7-8ff1e1c7bae5)

Brand: HOOOWOOO

1. INTRODUCTION

Welcome to the HOOOWOOO Ergonomic Mid Century Modern Office Chair instruction manual. This guide provides detailed information on the assembly, operation, maintenance, and troubleshooting of your new office chair.

Designed for comfort and support, this executive chair features an extra-wide tufted cloudy seat, lumbar support, and a high reclining back, upholstered in premium suede leather.

Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your chair.

2. IMPORTANT SAFETY INFORMATION

- **Weight Capacity:** The maximum weight capacity for this chair is **300 LBS**. Do not exceed this limit to prevent damage or injury.
- **Back Tilt Adjustment:** Exercise caution when adjusting the back tilt to prevent injury. Ensure the chair is stable before reclining.
- **Assembly:** Assemble the chair strictly according to the instructions provided. Ensure all screws and bolts are securely tightened before use.
- **Placement:** Place the chair on a flat, stable surface. Avoid placing it on uneven ground or near heat sources.
- **Children:** Keep children away from the chair during assembly. Do not allow children to play on or around the chair unsupervised.

- **Cleaning:** Use only recommended cleaning methods. Avoid harsh chemicals that may damage the fabric or components.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact HOOOWOOO customer support.

Image: Detailed diagram showing all components included in the package for assembly.

List of Components

Part	Description	Quantity
A	Backrest	1

Part	Description	Quantity
B	Armrest	2
C	Mechanism	1
D	Gaslift	1
E	Base	1
F	Legs	5
G	Castor	5
H	Screw (M6*14mm)	5
I	Screw (M6*20mm)	10
J	Spacer	4
K	Spanner	1

4. SETUP AND ASSEMBLY

Follow these steps to assemble your HOOOWOOO office chair. Refer to the "Package Contents" section for part identification.

1. Assemble the Base:

Insert the five Legs (F) into the Base (E). Secure each leg with one Screw (H) using the Spanner (K). Ensure they are firmly attached.

Next, insert the five Castors (G) into the ends of the assembled legs. Push firmly until they click into place.

Finally, insert the Gaslift (D) into the center hole of the Base (E).

2. Attach the Mechanism to the Seat:

Align the Mechanism (C) with the pre-drilled holes on the underside of the chair seat (Part A, which is the main seat and backrest unit). Use four Screws (I) and four Spacers (J) to secure the mechanism. Ensure the lever of the mechanism faces the front of the seat.

Image: Attaching the central mechanism to the seat base.

3. Attach the Armrests:

Attach the two Armrests (B) to the sides of the chair seat using the remaining six Screws (I). Make sure they are securely fastened.

4. Connect Seat to Base:

Carefully place the assembled seat onto the Gaslift (D) that is already inserted into the Base (E). Press down

firmly to ensure a secure connection.

5. OPERATING INSTRUCTIONS

Your HOOOWOOO office chair is designed with several adjustable features to enhance your comfort and productivity.

5.1. Height Adjustment

To adjust the chair's height, locate the lever on the right side, beneath the seat.

- **To raise the seat:** Lift the lever while standing up slightly to allow the gaslift to extend.
- **To lower the seat:** Lift the lever while seated, applying pressure to the seat.

Product Dimensions

Manual Measurement, Please Allow + 0.4" - 0.8" Error.

Image: The chair's height adjustment mechanism and lever.

5.2. Back Tilt Adjustment

The chair offers versatile back tilt adjustment for various activities:

- **Free Rocking:** Pull out the lock lever (usually on the left side, beneath the seat) and loosen the tension knob (at the front of the mechanism) to allow the chair to rock freely.
- **Lock Tilt:** Push in the lock lever to fix the back tilt at your desired angle. The chair supports 3 different back tilt angles for comfortable working, cozy reading, or resting.

Hours of Comfy

Comfortable filling release the pressure of hip

5.3. Ergonomic Support

This chair is designed with ergonomic features to provide optimal support:

- **Lumbar Support:** The chair's design naturally supports the lower back, promoting a healthy posture.
- **Back and Shoulder Support:** The high backrest provides comprehensive support for your entire back and shoulders, reducing fatigue during long periods of sitting.
- **Extra Soft Cloudy Seat:** The seat is constructed with high-density foam, memory foam, and tufted cotton for hours of comfortable sitting, releasing hip pressure.

6. MAINTENANCE

Proper care will extend the life and maintain the appearance of your HOOOWOOO office chair.

- **Cleaning:** Wipe clean with a soft, damp cloth. For tougher spots, use a mild soap solution and wipe dry immediately. Avoid abrasive cleaners or solvents.
- **Suede Fabric Care:** The premium suede fabric is designed to be breathable and soft. For general cleaning, a soft brush can be used to remove dust and light debris. For spills, blot immediately with a clean, dry cloth. Do not rub.
- **Regular Checks:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary to maintain stability and safety.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the fabric to fade or crack. Position your chair away from direct sunlight when possible.

7. TROUBLESHOOTING

If you encounter any issues with your chair, refer to the common problems and solutions below. If the problem persists, please contact customer support.

Common Issues and Solutions

Problem	Possible Cause	Solution
Chair feels wobbly or unstable.	Loose screws or improper assembly.	Check all assembly screws and bolts (H, I) and tighten them securely using the Spanner (K). Ensure the gaslift is fully seated in the base.
Seat buttons are loose or coming off.	Wear and tear, or initial manufacturing variation.	While buttons are generally secured, if they become loose, gently try to re-seat them. If they detach, contact customer support for guidance. Avoid snagging them.
Chair height is too low even at maximum adjustment.	Gaslift not fully extended or user expectation.	Ensure the height adjustment lever is fully engaged when raising the chair. If the chair does not reach the expected height, verify the gaslift (D) is correctly installed. Note that individual height preferences may vary.
Chair does not recline or lock in position.	Locking lever or tension knob issues.	Ensure the tilt lock lever is fully engaged or disengaged as desired. Check the tension knob for proper adjustment. If the mechanism feels stuck, do not force it.

8. SPECIFICATIONS
