UGREEN Zapix 200W 8-Port USB C Charger Station User Manual

Model: 55324

INTRODUCTION

This UGREEN Zapix 200W 8-Port USB C Charger Station (Model 55324) is designed to provide efficient and safe charging for multiple devices simultaneously. Featuring advanced GaN technology, it offers high power output, improved thermal management, and a compact design. It includes 6 USB-C ports and 2 USB-A ports, supporting various fast charging protocols such as Power Delivery 3.0, Quick Charge 4.0/3.0, and Galaxy PPS 45W (on C1/C2 ports).

PRODUCT OVERVIEW

The UGREEN Zapix 200W charger station features a total of 8 ports for versatile charging needs.

8 Ports Chargeur Station

100W Max

UGREEN Zapix 200W 8-Port Charger Station with detailed power distribution per port type. USB-C1/C2/C3 ports support up to 100W max, USB-C4/C5 ports support up to 30W max, and USB-C6/A1/A2 ports support up to 15W max.

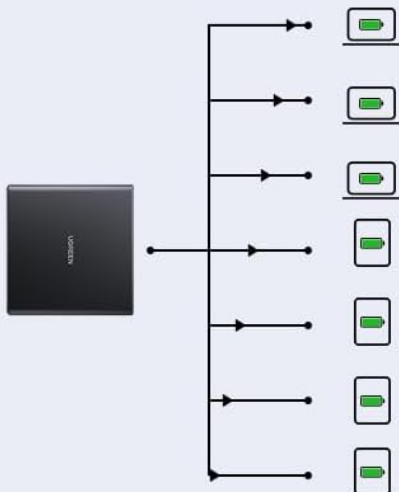

Connecting to Power

1. Ensure the charger is placed on a stable, flat surface with adequate ventilation.
2. Connect the included 2-meter power cable to the charger's power input port.
3. Plug the other end of the power cable into a standard wall outlet (230V).

The UGREEN Zapix charger includes a 2-meter power cable for convenient placement.

Connecting Devices

1. Use appropriate USB-C or USB-A cables (not included) to connect your devices to the corresponding ports on the charger.

2. The charger features intelligent power distribution, automatically adjusting output based on connected devices and their power requirements.
3. For optimal fast charging, connect high-power devices like laptops to USB-C1, C2, or C3 ports.

OPERATING INSTRUCTIONS

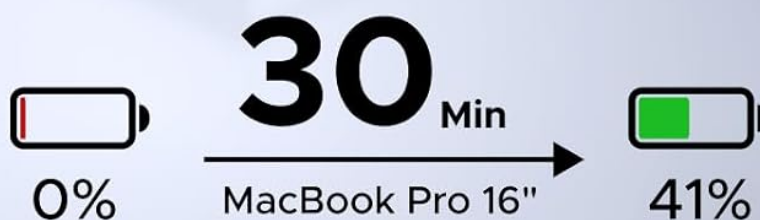

Power Distribution

The UGREEN Zapix charger intelligently distributes its total 200W power output across all connected devices. The maximum power for a single port is 100W. When multiple devices are connected, the power is dynamically allocated to ensure efficient charging.

Charge Rapide 100W

Port USB-C1/C2/C3 Individuel

100W

Achieve 100W fast charging for compatible devices, such as charging a MacBook Pro 16-inch from 0% to 41% in 30 minutes.

Puissance pour 4 Macs

The charger can power up to four laptops simultaneously, with power distribution adjusted per device.

Detailed Power Output per Port Configuration

The following diagrams illustrate various power distribution scenarios:

Power distribution when charging 8 devices: C1 (65W), C2 (45W), C3 (45W), C4 (15W), C5 (15W), C6/A1/A2 (total 15W).

Power distribution when charging 2 laptops: C1 (100W), C2 (85W), or C1 (100W), C3 (85W), etc.

Power distribution when charging 4 laptops: C1 (65W), C2 (45W), C3 (45W), C4 (30W).

When charging a single device, a port like C1 can deliver up to 100W, C4 up to 30W, and C6 up to 15W.

MAINTENANCE

Cleaning

- Before cleaning, ensure the charger is unplugged from the power outlet and all devices are disconnected.
- Use a soft, dry cloth to wipe the surface of the charger.
- Avoid using liquid cleaners, aerosols, or harsh chemicals, as these may damage the device.

Storage

- Store the charger in a cool, dry place away from direct sunlight and extreme temperatures.
- Keep it away from moisture and corrosive materials.

SAFETY INFORMATION

The UGREEN Zapix charger is equipped with ThermalGuard Tech and GaN technology to ensure safe and reliable operation.

GaN technology optimizes charging efficiency and thermal management. ThermalGuard Tech provides over 800 real-time detections to protect against overvoltage, overheating, overcurrent, and short circuits.

- Do not disassemble, modify, or repair the device yourself.
- Avoid dropping or subjecting the charger to strong impacts.
- Keep out of reach of children.
- Use only with compatible devices and cables.

TROUBLESHOOTING

Device Not Charging

- **Check Power Connection:** Ensure the charger is securely plugged into a working wall outlet.
- **Check Cable:** Verify that the charging cable is properly connected to both the charger and your device. Try a different cable to rule out a faulty cable.
- **Check Port:** Try connecting your device to a different port on the charger.
- **Device Compatibility:** Ensure your device is compatible with USB charging.

Slow Charging

- **Cable Quality:** Use high-quality, fast-charging compatible cables.
- **Port Selection:** For faster charging, use the USB-C1, C2, or C3 ports, which offer higher power output.
- **Total Load:** If many devices are connected, the total power (200W) is shared. Disconnecting some devices may increase charging speed for others. Refer to the 'Detailed Power Output per Port Configuration' section.
- **Device Requirements:** Ensure your device supports fast charging protocols (e.g., Power Delivery) and that the charger port provides sufficient power for your device's maximum charging speed.

SPECIFICATIONS

Feature	Specification
Brand	UGREEN
Model Number	55324
Color	Black
Total USB Ports	8 (6x USB-C, 2x USB-A)
Total Power Output	200W Max
Max Single Port Output	100W (USB-C1/C2/C3)
Input Voltage	230 Volts
Special Features	Fast Charging, Multi-device Charging, Short-circuit Protection, Overvoltage Protection, Overheating Protection, Overcurrent Protection, GaN Tech, ThermalGuard Tech
Compatible Devices	Mobile Phones, Laptops, Tablets, Gaming Consoles (e.g., iPhone 11-17 series, Galaxy S21-S25 series, MacBook Air/Pro M1-M4, iPad Pro/Air/mini, Thinkpad, Steam Deck)

Rechargeable Battery	No
Country of Origin	China

WARRANTY AND SUPPORT

Warranty

This UGREEN Zapix 200W 8-Port USB C Charger Station comes with a **2-year manufacturer's warranty** from the date of purchase. Please retain your proof of purchase for warranty claims.

Customer Support

For any technical assistance, troubleshooting, or warranty inquiries, please contact UGREEN customer support through their official website or the retailer where the product was purchased. Please have your model number (55324) and purchase details ready when contacting support.

UNIVERSAL COMPATIBILITY

The UGREEN Zapix charger is designed for broad compatibility with a wide range of electronic devices.

Compatibilité Universelle

Pour ordinateurs/tablettes/téléphones

Série MacBook
Pro/Air

Série ThinkPad

Série Chromebook

Série iPad Pro/Air/
mini

Série iPhone

Série Galaxy

Série AirPods

Série iWatch

Console/Manette

Compatible with MacBook Pro/Air series, ThinkPad series, Chromebook series, iPad Pro/Air/mini series, iPhone series, Galaxy series, AirPods, iWatch, and various gaming consoles.
