MEIEST Mini City Shop Street View Building Blocks Model Set (Taiyaki) Instruction Manual

1. INTRODUCTION

This instruction manual provides detailed guidance for assembling and maintaining your MEIEST Mini City Shop Street View Building Blocks Model Set, Taiyaki variant (Model 1382). This set allows you to construct a miniature, detailed model of a Taiyaki shop, featuring a unique foldable design for display versatility.

2. SAFETY INFORMATION

Warning: This product contains small parts. Adult supervision is required during assembly and play, especially for younger children, to prevent choking hazards.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present:

- Approximately 1000 pieces of building blocks (ABS plastic)
- One (1) Instruction Manual

4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step diagrams provided in the included instruction manual. The building blocks are designed for easy assembly and disassembly without the need for scissors or glue.

4.1. Detailed Design and Construction

The model features an exquisite design based on a real Taiyaki shop. Each element is represented in miniature building block form. Pay close attention to the layering as you build, as the upper and lower sections reveal intricate details.

4.3. Enhancing Cognitive Skills

The assembly process is designed to develop logical thinking, strategic planning, visual observation, and spatial perception. Take your time and exercise patience to successfully complete the model.

4.4. Modular Display

This Taiyaki shop model is part of a larger 'Street Mini' collection. It can be displayed individually or combined with other compatible sets to create a larger street scene.

5. OPERATING INSTRUCTIONS

Once assembled, the model can be displayed in either its open or folded configuration. To change between configurations, carefully manipulate the designated folding points as shown in the assembly diagrams. Avoid excessive force to prevent damage to the interlocking pieces.

6. MAINTENANCE

To maintain the appearance of your building block model, follow these guidelines:

- **Cleaning:** Use a soft, dry cloth or a small brush to gently remove dust. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying.
- **Storage:** Store the model away from direct sunlight and extreme temperatures to prevent material degradation or color fading.
- **Handling:** Handle the model with care to avoid accidental disassembly or damage to delicate parts.

7. TROUBLESHOOTING

If you encounter issues during assembly or use, consider the following:

- **Missing Pieces:** Carefully check all packaging materials. If pieces are genuinely missing, please contact customer support with details of the missing components.
- **Difficulty Assembling:** Refer back to the instruction manual. Some colors in the diagrams may appear similar; ensure you are using the correct pieces. Double-check the orientation of each block.
- **Loose Connections:** Ensure blocks are firmly pressed together. If a connection remains loose, verify that the correct block type is being used for that step.
