ZEEPORTE SECURITY CG6S

ZEEPORTE SECURITY 2K Battery Powered WiFi Cameras (Model CG6S) Instruction Manual

Brand: ZEEPORTE SECURITY | Model: CG6S

1. INTRODUCTION

This instruction manual provides essential information for the proper setup, operation, and maintenance of your ZEEPORTE SECURITY 2K Battery Powered WiFi Cameras. Please read this manual thoroughly before using the product to ensure optimal performance and safety.

2. PRODUCT OVERVIEW

Key Features:

- **2K FHD Clarity & Color Night Vision:** Captures 2304 x 1296 pixel video with full-color and infrared night vision up to 33ft.
- **100% Wire-Free & Rechargeable Battery:** Provides 1 to 5 months of use on a single charge, eliminating the need for power cords.
- **IP65 Waterproof:** Designed for outdoor use in various weather conditions.
- **Smart PIR Motion Detection with AI Recognition:** Advanced AI detects persons, vehicles, pets, and packages, sending instant notifications.
- **Two-Way Talk & Smart Siren Alarm:** Built-in microphone and speaker for real-time communication and a siren/spotlight for deterrence.
- **SD & Cloud Storage:** Supports Micro SD card (up to 128GB, not included) and offers 3-day rolling cloud storage (free for two years) with a 30-day trial for advanced features.
- **Multi-User Sharing:** Share live view with family members.

What's in the Box:

- 4 x ZEEPORTE SECURITY 2K Battery Powered WiFi Cameras

- 4 x Charging Cords
- 4 x Installation Sets (brackets, screws)

3. SAFETY INFORMATION

Please observe the following safety guidelines to prevent damage to the product or personal injury:

- Use only the provided charging cords.
- Ensure the camera is fully charged before initial use.
- Do not expose the camera to extreme temperatures or direct fire.
- Keep the camera and accessories out of reach of children.
- Ensure proper installation to prevent the camera from falling.
- The camera is IP65 waterproof, but avoid submerging it in water.

4. SETUP

4.1. Charging the Camera

Before first use, fully charge the camera using the provided USB charging cord. The charging port is located under a protective cover on the camera. A full charge typically takes approximately 8 hours.

4.2. Downloading the Mobile App

Download the **O-KAM Pro** app from the Google Play Store (for Android) or the Apple App Store (for iOS). Create an account and log in.

4.3. Powering On the Camera

Press and hold the power button (located under the protective cover) for 5 seconds. The blue indicator light on the camera will flash slowly, indicating it is ready for pairing.

4.4. Pairing the Camera with the App

1. Ensure your phone's Bluetooth is enabled and the app has location service permission. This helps the app automatically detect your Wi-Fi network.
2. Open the O-KAM Pro app and tap the '+' button to add a new device.
3. Wait for the app to automatically detect the camera via Bluetooth.
4. Tap 'Connect' when your camera's device ID appears.
5. Select your 2.4GHz Wi-Fi network (5GHz Wi-Fi is not supported) and enter the password.
6. Ensure your phone, router, and camera are within 1.5 feet during the connection process for a strong Wi-Fi signal.
7. Once connected, rename your camera and select its installation location (e.g., Garage, Front door).

Video: Step-by-step guide on how to connect the ZEEPORTE SECURITY camera to your Wi-Fi network via Bluetooth using the O-KAM Pro app.

4.5. Installation and Mounting

The camera comes with an installation set for wall mounting. Use the provided screws and anchors to securely attach the mounting bracket to your desired location. The camera can then be easily attached to the bracket. Ensure the camera is placed in an area with strong Wi-Fi signal.

5. OPERATING INSTRUCTIONS

5.1. Live View

Access the live video feed from your camera anytime, anywhere via the O-KAM Pro mobile app. You can view multiple cameras simultaneously if you have more than one device.

5.2. Motion Detection & Alerts

The camera features advanced Smart PIR Motion Detection with AI Recognition. It can differentiate between persons, vehicles, pets, and packages. When motion is detected, an instant notification will be pushed to your phone via the app. You can also activate the built-in spotlight and siren as deterrents.

5.3. Two-Way Audio

Utilize the built-in microphone and speaker for real-time two-way communication. This allows you to speak to visitors, warn intruders, or communicate with family members directly through the app.

Image: Scene depicting two-way audio communication via the camera, showing a parent speaking to a child and multiple users sharing the live feed on their mobile devices.

5.4. Night Vision

The camera offers two modes of night vision: full-color night vision and infrared night vision. Full-color night vision provides clear, wide video in color even at night, while infrared offers a black and white view.

2K FHD Resolution Captures Every Detail

5.5. Storage Options

The camera supports both Micro SD card storage (up to 128GB, not included) and cloud storage. A 3-day rolling cloud storage is provided free for two years, with a 30-day trial for advanced cloud features including AI recognition and upgraded memory. You can subscribe to advanced features after the trial.

Communicate in a Live Video

Image: A smartphone app screen detailing the dual storage options: Cloud Storage (with free 3-day cycle and 30-day trial) and Local SD Card storage (up to 128GB).

6. MAINTENANCE

6.1. Battery Charging

Recharge the camera when the battery level is low. A full charge can provide 1 to 5 months of operation depending on usage and settings. Use only the provided charging cords.

6.2. Cleaning

Wipe the camera lens and body with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials that could damage the device.

6.3. Firmware Updates

Periodically check the O-KAM Pro app for available firmware updates. Keeping your camera's firmware updated ensures optimal performance and access to new features.

7. TROUBLESHOOTING

- **Camera not connecting to Wi-Fi:** Ensure you are using a 2.4GHz Wi-Fi network (5GHz is not supported). Keep the camera close to the router during setup.
- **Poor image quality:** Check your Wi-Fi signal strength. Ensure the camera lens is clean.
- **Short battery life:** Reduce motion detection sensitivity or frequency of live view access. Ensure the camera is fully charged.
- **Notifications not received:** Check app notification settings on your phone and within the O-KAM Pro app. Ensure motion detection is enabled.

8. SPECIFICATIONS

Feature	Specification
Model Name	CG6S
Video Capture Resolution	2K (2304 x 1296 pixels)
Connectivity Technology	Wireless (2.4GHz Wi-Fi only)
Power Source	Battery Powered (1 A battery included)
Indoor/Outdoor Usage	Indoor, Outdoor
Waterproof Rating	IP65
Viewing Angle	130 Degrees
Night Vision Range	33 Feet
Item Dimensions (L x W x H)	5.3 x 2.6 x 3.8 inches
Item Weight	2.66 pounds
Included Components	4*cameras, charging cords, installation sets

9. WARRANTY & SUPPORT
