SETUP AND ASSEMBLY

Assembly is required for this kitchen island. Each part is marked with a letter or number for easy identification. Follow the included step-by-step instructions carefully. An electric drill may expedite the process, but exercise caution to avoid damaging components.

Assembly Steps Overview:

1. Unpack all components and verify against the parts list.
2. Assemble the main frame of the kitchen island.
3. Install the two large drawers.
4. Attach the adjustable shelves within the cabinets.
5. Mount the spice rack, towel rack, and knife holder to the sides.
6. Install the five metal universal wheels, ensuring the four lockable wheels are correctly positioned.
7. Integrate the multipurpose power outlet into the designated slot on the countertop.
8. Adjust cabinet doors for proper alignment if necessary.

Key Assembly Tips:

- **Read Instructions First:** Familiarize yourself with all steps before starting.
- **Organize Parts:** Lay out all parts and hardware in an organized manner.
- **Use Proper Tools:** While basic tools are included, a power drill with appropriate bits can save time. Be careful not to overtighten screws.
- **Two-Person Assembly:** Some steps may be easier with two people due to the size and weight of components.

OPERATING INSTRUCTIONS

Storage Space Utilization:

The kitchen island features two large storage cabinets and two large drawers. These are designed to accommodate various kitchen items such as tableware, kitchenware, spices, towels, and small appliances. The flexible shelves within the cabinets can be adjusted to suit different item heights.

Mobility and Stability:

The island is equipped with five metal universal wheels, including one in the center for enhanced stability. Four of these wheels are lockable. To move the cart, ensure all four lockable wheels are in the unlocked position. To secure the cart in place, engage the brakes on the four lockable wheels.

Flexible & Convenient Movement

MAINTENANCE

Cleaning:

- Wipe surfaces with a soft, damp cloth.
- Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- For spills, clean immediately to prevent staining, especially on the countertop.

General Care:

- Regularly check all screws and fasteners to ensure they are tight. Retighten as needed.
- Avoid placing excessively hot items directly on the countertop without protection.
- Do not overload drawers or shelves beyond their weight capacity.

TROUBLESHOOTING

Common Issues and Solutions:

- Issue:** Island is wobbly or unstable.
Solution: Ensure all assembly screws are tightened. Check that the four lockable wheels are engaged when the island is stationary. Verify the center wheel is making proper contact with the floor.
- Issue:** Drawers do not slide smoothly.
Solution: Check drawer slides for any obstructions. Ensure drawers are correctly installed on their tracks. Lubricate slides with a silicone-based lubricant if necessary.
- Issue:** Cabinet doors are misaligned.
Solution: Adjust the hinges on the cabinet doors. Refer to the assembly instructions for specific hinge adjustment procedures.
- Issue:** Power outlet is not working.
Solution: Ensure the island is properly plugged into a functional wall outlet. Check if the circuit breaker for the outlet has tripped. Do not exceed the 1500W capacity.
- Issue:** Difficulty moving the island.
Solution: Ensure all four lockable wheels are in the unlocked position. Check for any debris obstructing the wheels.
