Hot Wheels JGB06

Hot Wheels Monster Trucks Sharks vs. Dinos Dragon Destruction Playset Instruction Manual

Model: JGB06

INTRODUCTION

Welcome to the Hot Wheels Monster Trucks Sharks vs. Dinos Dragon Destruction Playset. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure a safe and enjoyable experience. This playset features a thrilling race between Monster Trucks Great Bite and Rageasaur to defeat a cyborg dragon.

WHAT'S INCLUDED

Please verify that all components are present before beginning assembly.

- 1 Hot Wheels Monster Trucks Sharks vs. Dinos Dragon Destruction Playset
- 1:64 scale Great Bite Monster Truck
- 1:64 scale Rageasaur Monster Truck

(Additional 1:64 scale Hot Wheels vehicles are sold separately and are compatible with this playset.)

SETUP INSTRUCTIONS

Follow these steps to assemble your Dragon Destruction Playset:

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Assemble the Base:** Connect the main track sections to form the playset's foundation. Ensure all connections are secure.
3. **Attach the Dragon Structure:** Secure the dragon's head and body sections to the main track. The dragon's mouth will be positioned above the dual launcher.
4. **Install the Dual Slam Launcher:** Place the launcher at the starting point of the track, ensuring it aligns correctly with the two racing lanes.
5. **Position the Chainsaw Diverter:** The chainsaw diverter is located within the dragon's body. Ensure it is free to

move and can randomly direct trucks.

6. **Verify Connections:** Double-check all track connections to prevent dislodgement during play.

OPERATING INSTRUCTIONS

Engage in thrilling races with your Monster Trucks:

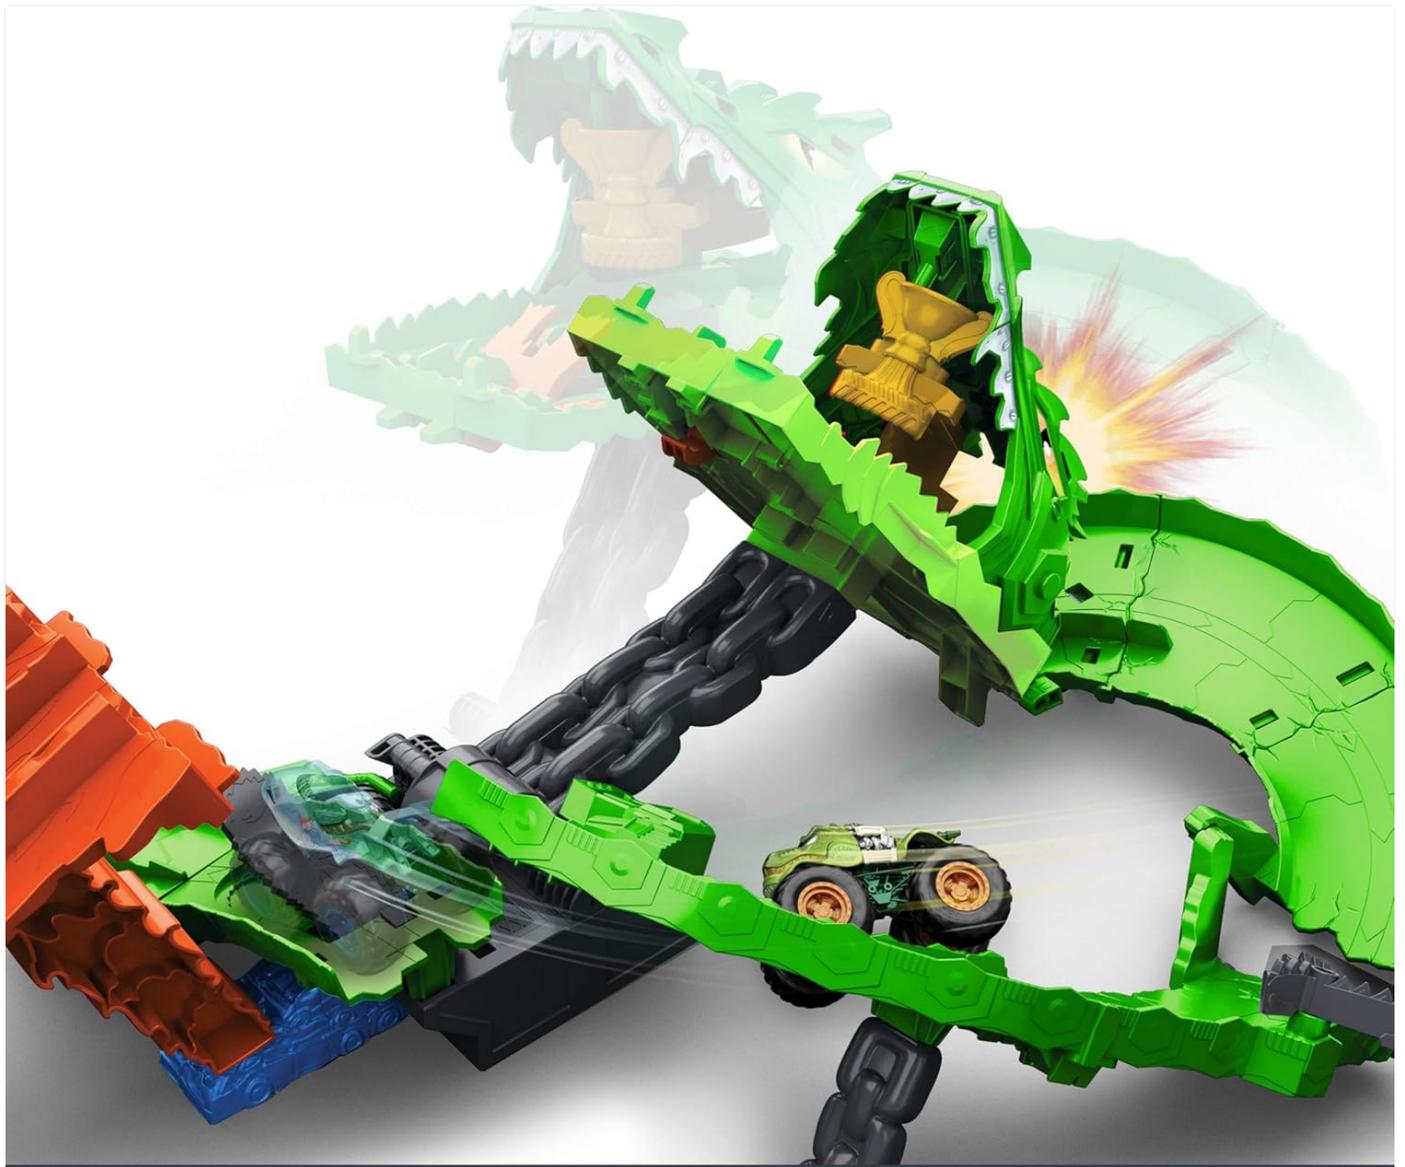

1. **Place Trucks:** Position one Great Bite Monster Truck and one Rageasaur Monster Truck side-by-side in the dual slam launcher.
2. **Launch:** Simultaneously press the launcher mechanism to send both trucks racing through the dragon's mouth.
3. **Navigate the Dragon:** The trucks will race through the dragon's internal track, encountering the chainsaw diverter. This diverter randomly determines if one truck is knocked off the track.
4. **Dragon Collapse:** The first truck to successfully navigate the dragon and reach the finish line will cause the dragon structure to collapse, trapping the other truck.

5. **Claim the Trophy:** Reload the victorious truck into the launcher and send it directly into the fallen dragon's mouth to claim the trophy.

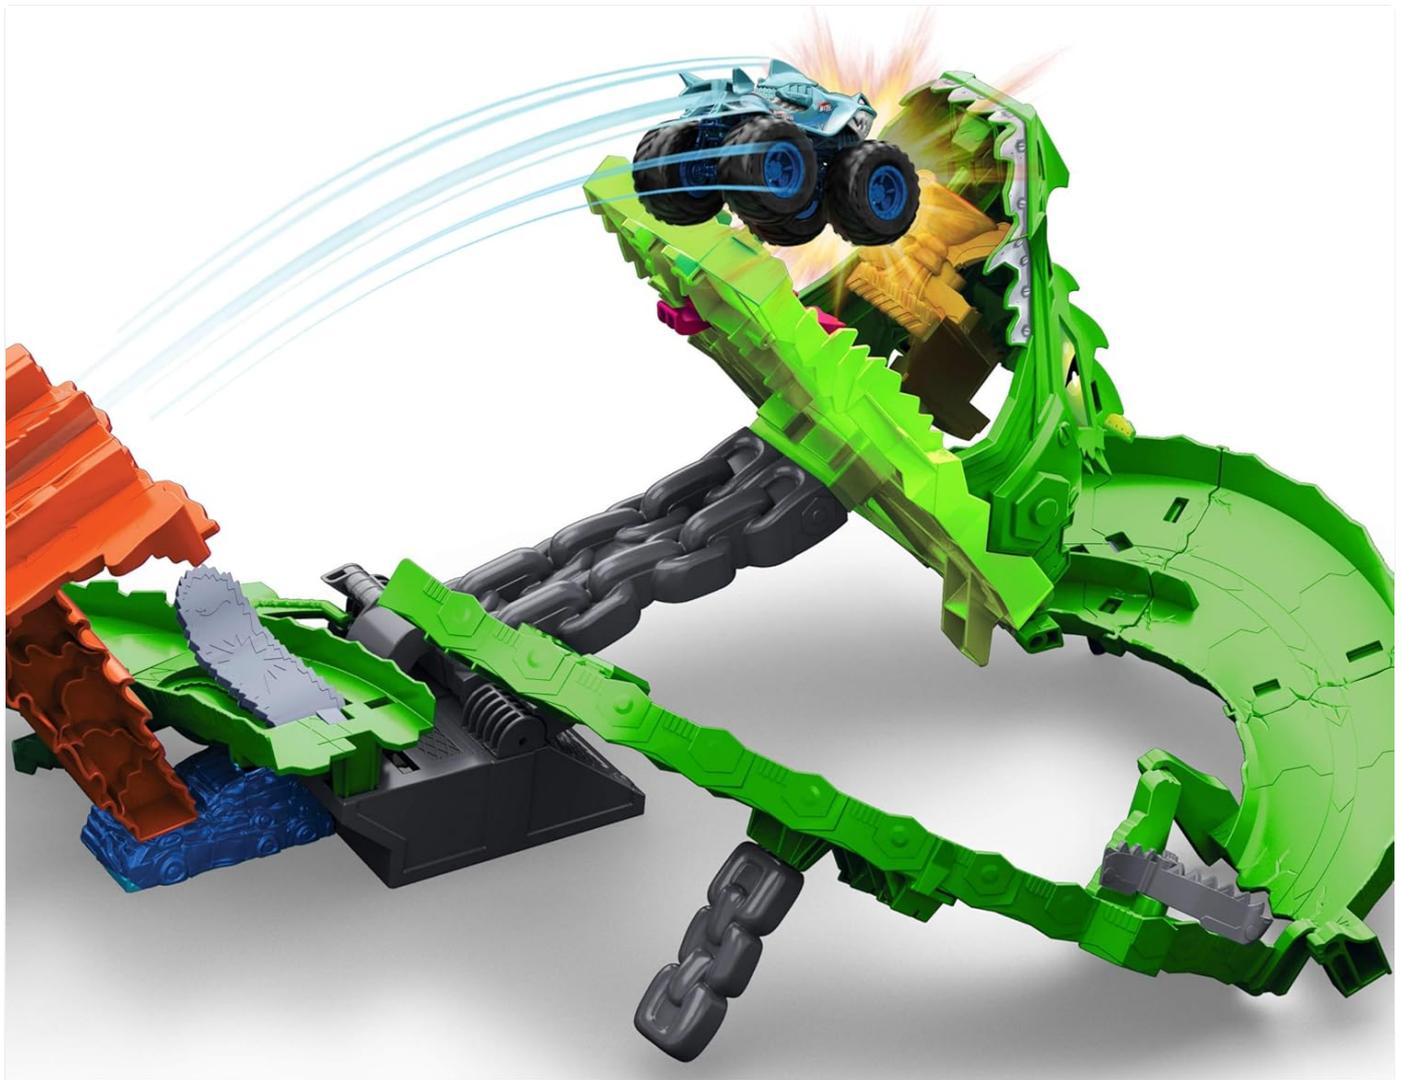

***GREAT BITE & RAGEASUR RACE
TO ESCAPE THE DRAGON!***

THE DRAGON COLLAPSES & THE RUNNER-UP FALLS

Image: The dragon structure collapses after a truck wins the race, demonstrating the playset's dynamic action.

RE-LAUNCH THE WINNING TRUCK TO CLAIM THE TROPHY

Image: A Monster Truck is launched into the collapsed dragon's mouth to retrieve the trophy, signifying victory.

MAINTENANCE

To ensure the longevity and optimal performance of your playset:

- **Cleaning:** Wipe down the track and components with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the playset in a cool, dry place away from direct sunlight to prevent material degradation.
- **Inspection:** Periodically check all connections and moving parts for wear or damage. Replace any broken components immediately.

TROUBLESHOOTING

Issue	Possible Cause	Solution
-------	----------------	----------

Issue	Possible Cause	Solution
Trucks do not launch properly.	Improper placement of trucks or launcher mechanism not fully engaged.	Ensure trucks are seated correctly in the launcher. Press the launcher firmly and completely.
Dragon does not collapse.	Truck did not reach the trigger point with sufficient speed or mechanism is jammed.	Ensure track sections are securely connected. Check for any obstructions in the dragon's collapse mechanism.
Track sections disconnect during play.	Loose connections or excessive force during play.	Re-connect all track sections firmly. Avoid lifting or moving the playset by individual track pieces during active play.

SPECIFICATIONS

- **Model Number:** JGB06
- **Product Dimensions:** 18.6 x 33 x 17 inches
- **Item Weight:** 3.99 pounds
