

Gideon GS-9000

Gideon Foot Spa Massager and Heated Foot Bath Instruction Manual

Model: GS-9000

1. INTRODUCTION

Thank you for choosing the Gideon Foot Spa Massager and Heated Foot Bath. This device is designed to provide a relaxing foot spa experience with features such as temperature control, rolling massagers, and bubbling water jets. Please read this manual thoroughly before use to ensure proper operation and safety.

2. IMPORTANT SAFEGUARDS

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

- Read all instructions before using.
- Do not use while bathing or showering.
- Always unplug from the electrical outlet immediately after using and before cleaning.
- Do not reach for an appliance that has fallen into water. Unplug it immediately.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, or if it has been dropped or damaged.
- Keep the cord away from heated surfaces.
- Never drop or insert any object into any opening.
- Do not use outdoors.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- To disconnect, turn all controls to the 'OFF' position, then remove the plug from the outlet.
- This appliance is for household use only.

3. PRODUCT OVERVIEW

The Gideon Foot Spa Massager features a collapsible design for easy storage and includes various functions for foot relaxation.

A LUXURY FOOT BATH

With Perfect
Temperature
Settings

95°F – 118°F

Figure 1: Components of the Gideon Foot Spa Massager. This diagram illustrates the LED screen, touch control panel, heater support rod, integrated carry handle, bubble holes, red light emitter, massage rollers, and a dedicated medicine box for additives.

Key Features:

- **Smart Temperature Control:** Maintains water temperature between 95°F and 118°F.
- **Customizable Timer:** Set session duration from 10 to 60 minutes.
- **Digital Control Buttons:** Waterproof controls for adjusting duration, temperature, and activating massage functions.
- **Rolling Massagers:** Integrated rollers provide foot massage.
- **Bubbling Water Jets:** Continuous bubbles for a soothing effect.
- **Red Light Therapy:** Features red light for enhanced relaxation.
- **Spacious Design:** Accommodates up to Men's Size 16.
- **Collapsible Design:** Folds for convenient storage.
- **Built-In Handle and Drain:** For easy portability and water disposal.

4. SETUP

Follow these steps to prepare your foot spa for use:

1. Place the foot spa on a flat, stable surface.
2. Extend the collapsible sides of the foot spa until fully open.
3. Fill the foot spa with water up to the indicated maximum fill line. Do not overfill.
4. Ensure the drain plug is securely closed before filling with water.
5. Plug the power cord into a standard 110V electrical outlet.

Figure 2: Foot spa in use, demonstrating the water level and foot placement.

5. OPERATION

Operate the foot spa using the digital control buttons located on the top panel.

1. **Power On:** Press the power button to turn on the unit. The LED display will show the current water temperature.
2. **Adjust Temperature:** Use the temperature control buttons (up/down arrows) to set the desired water temperature between 95°F and 118°F. The unit will automatically heat and maintain this temperature.
3. **Set Timer:** Press the timer button to select a session duration from 10 to 60 minutes. The unit will automatically shut off after the set

time.

4. **Activate Bubbles:** Press the bubble button to turn on the bubbling water jets.
5. **Activate Red Light:** Press the red light button to activate the red light therapy feature.
6. **Use Massagers:** Gently move your feet over the rolling massagers located at the bottom of the spa for a massage.
7. **Foot Placement:** Place your feet comfortably in the spa. The design accommodates up to Men's Size 16.
8. **Power Off:** Press the power button again to turn off the unit when finished.

6. MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your foot spa.

1. **Draining Water:** After each use, unplug the unit. Use the built-in water drain to safely dispose of the water. The reinforced handle assists with portability during draining.
2. **Cleaning:** Clean the foot spa with a soft cloth and mild detergent. Do not use abrasive cleaners or harsh chemicals. Rinse thoroughly and wipe dry.
3. **Storage:** Once dry, collapse the foot spa for convenient storage in tight spaces. Ensure the unit is completely dry before folding and storing.

7. TROUBLESHOOTING

If you encounter issues with your Gideon Foot Spa, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Unit does not power on.	Not plugged in; power outlet malfunction; unit malfunction.	Ensure power cord is securely plugged into a working outlet. Check circuit breaker. If problem persists, contact customer support.
Water is not heating.	Temperature setting too low; heating element malfunction.	Verify temperature is set above current water temperature. Allow time for heating. If no heat, contact customer support.
Bubbles are not activating.	Bubble function not selected; air pump malfunction.	Ensure the bubble button is pressed. If still no bubbles, contact customer support.
