## SETUP

## System Requirements

- **4K Ultra HD Blu-ray Player:** Required for 4K resolution playback. Standard Blu-ray players will only play the included Blu-ray discs, not the 4K UHD discs.
- **4K Ultra HD TV with HDR:** For optimal visual experience, including High Dynamic Range (HDR).
- **HDMI 2.0 or higher cable:** To connect your 4K Blu-ray player to your 4K TV.
- **Audio System:** Compatible with Dolby Atmos or Dolby Audio for immersive sound (optional).

## Initial Setup

1. **Unpack:** Carefully remove the steelbook and discs from the packaging.
2. **Inspect Discs:** Check both 4K Ultra HD Blu-ray discs for any visible scratches or damage.
3. **Insert Disc:** Place the desired disc into your 4K Ultra HD Blu-ray player. Ensure the disc is clean and free of fingerprints.
4. **Power On:** Turn on your 4K Blu-ray player and 4K TV.
5. **Select Input:** Select the correct HDMI input on your TV corresponding to your Blu-ray player.

## OPERATING INSTRUCTIONS

---

### Playback

- Once the disc is inserted and recognized by the player, the main menu should appear.
- Use your player's remote control to navigate the menu.
- Select "Play" to start the main feature or choose specific episodes.
- Access "Bonus Extras" from the main menu to view additional content.

### Audio and Subtitle Options

- During playback, press the "Audio" or "Subtitle" button on your remote to cycle through available language tracks and subtitle options (e.g., English, French, Spanish).

### Episode List

#### Hawkeye Season 1 Episodes

Disc One	Disc Two
Never Meet Your Heroes	Partners, Am I Right?
Hide and Seek	So This is Christmas?
Echoes	

*Note: Episode titles and distribution across discs are as per the product packaging.*

## MAINTENANCE AND CARE

---

- **Disc Handling:** Always hold discs by their edges to avoid fingerprints on the playback surface.
- **Cleaning:** If a disc becomes dirty, gently wipe it with a soft, lint-free cloth from the center outwards. Do not use abrasive cleaners or solvents.
- **Storage:** Store discs in their steelbook case when not in use to protect them from dust, scratches, and direct sunlight.
- **Temperature:** Avoid exposing discs to extreme temperatures or high humidity.

## TROUBLESHOOTING

### Common Issues and Solutions

Problem	Solution
Disc not playing / "No Disc" error	Ensure the disc is inserted correctly. Clean the disc surface. Verify your player is a 4K Ultra HD Blu-ray player for 4K discs. Try another disc to confirm player functionality.
Poor picture quality (not 4K)	Confirm your TV and player are 4K compatible and connected via an HDMI 2.0 (or higher) cable. Check your player's video output settings. Ensure you are playing the 4K UHD disc, not the standard Blu-ray disc if both are included.
No audio or distorted audio	Check audio connections between player and TV/audio receiver. Verify audio settings on your player and TV. Ensure the correct audio track is selected on the disc menu.
Disc freezes or skips	Clean the disc thoroughly. Restart your Blu-ray player. Ensure your player's firmware is up to date.
