

# ETOE Seal Pro A1363 1080P Google TV Projector User Manual

Model: A1363

## 1. PRODUCT OVERVIEW

---

The ETOE Seal Pro A1363 is a 1080P Google TV projector designed for home entertainment. It features a built-in Google TV system, native 1080P resolution with 4K UHD decoding, auto-focus, auto-keystone correction, dual 10W speakers, and dual-band Wi-Fi connectivity. Its fully-sealed optical engine ensures a long, maintenance-free lifespan.

**Figure 1.1:** ETOE Seal Pro A1363 Projector. This image shows the front and side view of the projector, highlighting its compact design and lens.

## Key Features:

- **Built-in Google TV System:** Access streaming services like Netflix, YouTube, Prime Video, Disney+, and HBO directly.
- **Native 1080P & 4K UHD Decoding:** Delivers sharp visuals with 1920x1080 resolution and HDR enhancement.
- **Auto-Focus and Keystone Correction:** Ensures perfectly square and stable images from various angles.
- **Immersive Sound:** Equipped with powerful 2x10W dual speakers and multiple audio modes.
- **Dual-Band Wi-Fi:** Supports 2.4G & 5G for stable wireless projection from Android, iOS, and PC devices.
- **Durable Design:** Features a dust-proof, fully-sealed optical engine for extended lifespan.

capabilities, including its Google TV integration, auto-focus, and sound system.

## 2. WHAT'S IN THE BOX

---

Please check the contents of your package upon unboxing:

- ETOE Seal Pro A1363 Projector
- Power Adaptor
- Power Cord
- Remote Control
- User Manual (this document)

## 3. SETUP GUIDE

---

### 3.1 Initial Placement

Place the projector on a stable, flat surface. Ensure there is adequate ventilation around the device. For optimal viewing, position the projector directly in front of the screen or wall.

### 3.2 Connecting Power

1. Connect the power adaptor to the DC IN port on the projector.
2. Plug the power cord into the power adaptor.
3. Insert the power cord into a wall outlet.

### 3.3 Connecting External Devices

**Figure 3.1:** Rear view of the ETOE Seal Pro A1363 Projector, showing the DC IN, USB, HDMI, and AUX ports.

The projector offers various connectivity options:

- **HDMI:** Connect Blu-ray players, gaming consoles, laptops, or other HDMI-enabled devices.
- **USB:** Connect USB drives for media playback.
- **AUX:** Connect external audio devices or headphones.
- **Bluetooth:** Pair with Bluetooth speakers or headphones for wireless audio.
- **Wi-Fi:** Connect to your home network for online streaming and wireless projection.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Power On/Off

1. Press the Power button on the projector or the remote control to turn the device on.
2. To turn off, press the Power button again and confirm the shutdown prompt on the screen.

### 4.2 Controls Overview

**Figure 4.1:** Top view of the ETOE Seal Pro A1363 Projector, showing the power button, navigation controls, and back button.

The projector can be controlled using the buttons on the top panel or the included remote control.

- **Power Button:** Turns the projector on or off.
- **Navigation Buttons (Up/Down/Left/Right):** Used to navigate menus and select options.
- **OK Button:** Confirms selections.
- **Back Button:** Returns to the previous screen or menu.

### 4.3 Google TV Interface

Upon powering on, the projector will display the Google TV home screen. You will need to log in with your Google account to access personalized content and streaming services.

1. Follow the on-screen prompts to connect to your Wi-Fi network.
2. Sign in with your Google account.
3. Install or access your preferred streaming applications (Netflix, YouTube, Prime Video, etc.).
4. Use the remote control's navigation buttons and OK button to browse content.
5. Utilize Google Assistant for voice commands by pressing the dedicated button on the remote.

### 4.4 Image Adjustment (Auto-Focus & Keystone)

The ETOE Seal Pro A1363 features automatic focus and keystone correction for a clear and properly shaped

image.

- **Auto-Focus:** The projector automatically adjusts the image focus when powered on or moved.
- **Auto-Keystone Correction:** The projector automatically corrects distorted images to a rectangular shape, even if placed at an angle.
- **Digital Zoom:** If further adjustments are needed, navigate to the image settings in the Google TV menu to use the digital zoom feature (50% to 100%) to fine-tune screen size.

## 5. MAINTENANCE

---

Proper maintenance ensures the longevity and optimal performance of your projector.

### 5.1 Cleaning the Projector

- Ensure the projector is powered off and unplugged before cleaning.
- Use a soft, dry cloth to wipe the exterior of the projector.
- For the lens, use a lens cleaning cloth and specialized lens cleaning solution. Avoid abrasive materials.
- Do not spray cleaning liquids directly onto the projector.

### 5.2 Dust-Free Optical Engine

**Figure 5.1:** Internal view of the ETOE Seal Pro A1363 Projector, highlighting the fully-sealed optical engine designed to

prevent dust accumulation.

The ETOE Seal Pro A1363 features a fully-sealed optical engine, which significantly reduces dust accumulation and minimizes the need for internal cleaning. This design contributes to a maintenance-free lifespan of over 30,000 hours.

## 6. TROUBLESHOOTING

---

If you encounter issues with your projector, refer to the following common problems and solutions:

- **No Power:**
  - Ensure the power cord is securely connected to the projector and the wall outlet.
  - Verify the wall outlet is functional.
  - Check if the power adaptor is correctly connected.
- **No Image:**
  - Check the input source selection. Ensure it matches the connected device (e.g., HDMI).
  - Verify the external device is powered on and sending a signal.
  - Ensure the lens cap is removed.
- **Blurry Image:**
  - The projector has auto-focus. If the image is blurry, try moving the projector slightly or restarting it to trigger auto-focus.
  - Ensure the projection surface is flat and smooth.
- **Distorted Image (Not Rectangular):**
  - The projector has auto-keystone correction. If distortion persists, try repositioning the projector or restarting it.
  - Check for any manual keystone settings in the menu that might override auto-correction.
- **No Sound:**
  - Increase the volume on the projector and the connected source device.
  - Check audio output settings on the source device.
  - If using external speakers, ensure they are properly connected and powered on.
- **Wi-Fi Connectivity Issues:**
  - Ensure the projector is within range of your Wi-Fi router.
  - Verify the Wi-Fi password is entered correctly.
  - Restart your router and the projector.

## 7. SPECIFICATIONS

---

Feature	Specification
Brand	etoe
Model	A1363

Feature	Specification
Native Resolution	1920 x 1080 (1080P)
Decoding Resolution	Up to 4K UHD
